MAY RESUME HOSTILITIES

A crisis is nearing in the Russo-German peace negotiations and indications are that a definite break is not far off. The Russian government has demanded that the conference which was to have convened on January 4, be transferred to Stockholm and has protested against the German attitude regarding occupied territory. A resumption of hostilities is not improbable should the Germans decline to meet the Russian demands.

JONES-DRYMAN

Married at the home of the bride's sister, Mrs. Ira Gibson, Miss Minnie Dryman and Mr. John Jones, the

ceremony being performed by Rev. J. J. Gray. The groom holds a position with the Sylva Tanning Co. and the bride has made her home with her sister for the past year.

WEST-MCKEE

A quiet but pretty wedding occurred at the home of the bride's parents, Mr. and Mrs. Henry McKee, Monday afternoon Dec. 24th when their oldest daughter, Miss Grace, was married to Mr. Frank West, head book keeper for the Ritter Lumber Company at Proctor. The wedding was attended by only the family and close friends of the contracting parties and the ceremony was performed by Rev. J. A. Cook, pastor of the Methodist church here. The bride wore a beautiful suit of gray with accessories to match.

WE MUST LEARN TO SAVE

Something is happening in America. It is happening surely and splendidly, and when it is finished, it will stay with us forever. We are becoming savers instead of spenders. The dollars which were once carelessly spent are now being put to wise use, and every day brings our people to a clearer understanding of the fact that unless we save more and more of our earnings, and use our savings wisely, we will have a heavy price to pay in the future.

Every one knows that America has been called the money-mad nation among the great powers. Just as the Germans used to call England a nation of shop-keepers, so they called us a nation of dollar-chasers.

And they were right. It is a fact that a great part of America's brain and energy has been given to the making of money. Not until recent years has America turned its wealth into paths which have been followed by European countries for generations past, such as government aid in improving farm lands and farming methods, conservation of forests, development of water power for the direct benefit of the people, and the betterment of rural conditions of living and travel. Many of these plans have been so recently developed that the country has not yet realized the full benefit therefrom. A vast amount of national wealth has been created, but only a small part of it has gone to those ends which make life a condition finer and better.

Extravagance has come hand in hand with money making. Quickly

spent for non-essentials as for the necessary things of life. This is particularly true of the cities, but it holds good for rural communities as well. During the year now closing the farming people, as a class, have made and spent more money than in any recent years. What have they done with it? They know best whether it has gone for essentials, whether it has been wisely invested, whether it has been used for the benefit of the country at large.

The new thing which is happening in America is this: the country as a whole is awakening to the fact that no man can use his property for himself alone. The possession of money creates an obligation, on the part of its possessor, to aid his fellow man and his country through its proper use.

This obligation takes two forms, which seem contradictory yet are the same in effect:

- One: To keep money in circulation;
- Two: To save money wisely.

Keeping money in circulation is the opposite of hoarding and hiding your profits. Saving wisely means putting your profits to work in the most productive way.

What better way is there to use your money than to lend it to your country at interest? Today America offers its people a splendid opportunity to help the nation, help the soldiers, to help themselves and to help to lessen the suffering of bleeding Europe. Each man, woman and child in America should turn every dollar and quarter into War Saving Stamps. It is a good investment, and at the same time the biggest-hearted thing you can do for humanity.

Do you believe in the brotherhood of man? Do you want to see suffering and bloodshed come to an end? Do you want to hasten the splendid day when all the people will stand shoulder to shoulder, equal, happy, peaceful and free? If you do, lend your money to the world, your own. Help America to

bring final and lasting peace to the world.

Your county chairman for the National War Savings Committee is Mr. C. C. Buchanan. Give him all the aid you can. Believe yourself in this new thing that is happening, the birth of true thrift, and tell the good news to your neighbor.

Save your money and buy War Savings Stamps,—a hundred dollars worth at a time, ten dollars worth, five dollars, and twenty-five cents.

On January 1, 1923 each \$4.12 can be redeemed for \$5.00, which is good interest on your money, paid you by the strongest government on earth.

IMPORTANT TO REGISTRANTS.

The Local Board will practically complete the mailing of questionnaires this week. Every registrant has the right to appear before the Board and object to the deferred classification asked by any other registrant, and if a classification is given which is prejudicial to some other registrant any registrant has the right to carry the case by appeal to the District Board.

The Local Board desires to do entire justice in all cases, but to do so must know fully the facts surrounding the particular case. You have a right now to inform the Board.

If you remain silent and allow the Board to be imposed upon in making the classification, forever hereafter hold your peace, because you will have failed to do your duty in informing the Board, and you will be estopped to complain.

FARMERS' UNION ORGANIZED.

Mr. J. M. Cunningham, of Glenville, was here Wednesday and was telling us that he farmers of Hamburg township have organized a Farmers' Union with a membership of some thirty members. J. M. Cunningham was elected Pres., T. F. Moss Sec. and Treas.

Mr. Cunningham also tells us that they are circulating a petition through their township to present to the County Commissioners putting them under the Sylva-Dillsboro-Callowhee road law. He says that they will soon have the required number of signers, but they want to get as many as possible.

MRS. SARAH SHERRILL DEAD.

Mrs. Sarah Sherrill, who has been in bad health for the past several years, died Wednesday evening Dec. 26 at the home of her daughter Mrs. P. W. Kincaid, at Dillsboro. She was seventy-eight years old and is survived by four daughters, Mrs. Mashburn of Blue Ridge, Ga., Mrs. Chas Snyder, of Old Fort, Mrs. P. W. Kincaid and Miss Bonnie Sherrill, of Dillsboro and four sons, Messrs. Ed, Jack, William and M. A. Sherrill, besides a large circle of other relatives and friends.

The funeral was held Friday at Webster Methodist church, of which she had long been a member, and interment was in the Webster cemetery.

HON. T. D. BRYSON FOR JUDGE.

The many friends of Hon. T. D. Bryson throughout this section will be glad to learn that his name will be presented to the people at the next Democratic Primary as a candidate for the Judgeship of this District.

This announcement does not come as a surprise to the people of the District as it has been freely predicted for several years that Mr. Bryson was in line for this position and his many friends in every part of the district are confident of the triumphant issue of his candidacy. They urge that he has every qualification for the position he seeks. That since entering upon the practice of law he has been an untiring student of his chosen profession, and has enjoyed an extensive practice covering the entire field of legal controversy in this section.

Mr. Bryson served the people of the District as Solicitor for eight years, during which time it was often said of him that although firm in the discharge of the duties of his office, he was withal kind and courteous to all and never too busy to listen to those who wished to consult with him. And his friends point with pride to the fact that during his term of office he always endeavored, and his record shows that he did, save the Counties comprising the District as much expense as was possible in the discharge of his duty.

Mr. Bryson is now a man of middle age, having just entered upon his 44th year, vigorous in body and mind, and his friends claim that he would, if nominated and elected, bring to the office of Judge, not only the experience gained as Solicitor and active practitioner of over twenty years, but also the vigor and ability to dispatch business of a strong body and active, well trained mind accustomed to consider and decide promptly such questions as are constantly presenting themselves to a judge for solution and thus save the county and tax payers much expense.

Every day that Courts are unnecessarily prolonged means an additional burden of costs, aside from the necessary attendance of jurors, litigants and witnesses, farmers are taken from their farms, business men from their business often times at the busiest season, when the loss of a single day means much to them. Mr. Bryson's friends and supporters urge that these matters should and will be considered by the voters of the District from a business standpoint. That his age, experience and ability to rapidly dispatch business as well as his record in saving the County of expenses made as Solicitor all commend his candidacy to the favorable consideration of the people of the District.

In temperament Mr. Bryson is firm, yet courteous and agreeable; by character an honorable, christian gentleman.

Born and reared among the people of this District and having a feeling of pride in the place of his birth, he is one of the people and can and does rejoice with them in their joys, and feel for and with them in their afflictions—traits of character which his friends urge render him peculiarly fitted to hold the office of Judge of this District.

Mr. Bryson has always been a true Democrat, among the leaders of his party in this section, and has always cheerfully given of his time and ability to the cause that he believed right.

His friends claim that his age, experience, legal attainments and character eminently fit him for Judge and confidently predict his nomination at the hands of his party.

HAD THE GRIP THREE WEEKS

With January comes lagrippe. Lingering colds seem to settle in the system, causing one to ache all over, feel feverish and chilly, tired, heavy and drooping, Mrs. Lizzie Tyles, Henderson, Ky., writes: "My daughter had lagrippe for three weeks. I gave her Foley's Honey and Tar and now she is all right."

GETS GOOD RESULTS QUICKLY

These few lines from J. E. Haynes, McAlester, Okla., deserve careful reading by every one who values good health: "I find no medicine which acts so mildly and quickly with good results as Foley's Cathartic Tablets. They empty the stomach and bowels, giving all of the digestive organs a healthy action."
