Bicket, left Sylva last week for a fishing trip in the mountain waters of Jackson County near Glenville. most of the fishing was done in Robison's Creek, under a complimen tary permit from the wolf mountain Gun and Rod club. It is reported that the party had a very enjoyable time and a large catch of fish. Governor and Mrs. Bickett were

very successful in their catch and proved themselves real sports. .They were particularly enthusi-

They expect to return to Jackson county for another fishing trip in certain trout streams, extending through the season of 1918. The Governor and Mrs. Bickett while in Grenville were the guests of Mr. and Mrs. W. M Fowler.

It is not a question of whether the loan will be fully subscribed, but whether I have done my part The fight on the Western front is still in progress with growing in tensity, and we must all admit that it has been going teo much in favor of the Germans. It only means that we have to take another notch in our belts, grit our teeth and renew our efforts. Every day the burden of the war will fall more heavily upon America, America, the land to which the world looks for the COMMENCEMENT SYLVA salvation of civilization, of democracy, of Christianity itself.

The boys are hurrying eastward to the western front as fast as trains and ships can carry them, and soon, we know not how soon, the boys who paraded the streets of Sylva that day last July will be numbered among those somewhere in France.

France and England must hold the Hun until until America gets into action, America must drive him back across the Rhine and rid the world for all time of Autocracy which would rule mankind with the rule of might.

The boys will turn the trick provided you will do your part. We are asked to meet the Hun on the field of battle. You are to lend your money to the government with interest at 4 1-2 per cent.
