## BULGARIA WITH-DRAWS FROM WAR ON TERMS OF ALLIES

Bulgaria is definitely out of the war and Turkey, virtually cut off from communication with her allies and her armies in Palestine almost annihilated, likely soon will be forced to sue for a cessation of hostilities against her.

Meanwhile the entente allied forces from Belgium to Verdun on six battle fronts are registering victory after victory over the Teutonic arms and the enemy front almost everywhere is crumbling, notwithstanding the desperate resistance that is being offered on various sectors.

Seeing eventual defeat staring her in the face through the swift progress of the Serbian, Italian, British, Greek and French troops in the reclaiming of Serbia and the invasion of Bulgarian territory, the Bulgars begged for an armistice, reserving to themselves no conditions. All the territory now held by King Ferdinand's men is to be evacuated; The Bulgarian army is to be immediately demobilized and all means of transport inside the kingdom, even along the Danube, is to be given over into allied hands.

Thus, in addition to the isolation of Turkey, the back door to a direct invasion of Austria-Hungary is flung wide open to the allies and doubtless the time is not far distant when advantage to the full will be taken of the new avenue through which the enemy can be reached. With the debacle in Serbia and Bulgaria complete, the Austro-Hungarians in Albania soon will be put to the test and when their evacuation to the town borders is completed, the allies will have welded an iron semicircle about the central powers from the Black sea to the North sea.

### OBITUARY.

Sister Mary Clayton, daughter of Coleman and Rebecca Ensley and wife of Ed Clayton, was born June 19, 1893. She professed faith in Christ and joined the Scotts Creek Baptist Church about 12 years ago. She was married to Ed Clayton Feb. 2, 1913. She was always very cheerful and friendly with all whom she met, and tried to make all very pleasant who visited her home. She was a good and kind neighbor and very sympathetic toward the sick and suffering and would do all she could for their relief and comfort. She always seemed to be interested in the salvation of the lost and the upbuilding of the cause of the Master.

Her parents and relatives will miss her in their homes and the people will miss her at church and Sunday School; but worse than all will her husband and little motherless girl miss her. May the blessing of heaven rest upon them. She has exchanged grief, sorrow and suffering for rest, peace and joy.

Her sickness lasted only a short time, as her disease was such that it soon took her away to a better home.

Just before her death, she called her father and husband to her bed, kissed them good-bye and asked them to meet her in heaven and said that she wanted to go.

We believe that she is today in the presence of her Saviour and with the loved ones gone on before her. She departed this life Aug. 16, 1918, leaving a husband and one child and many friends and relatives to mourn her loss; but their loss is heaven's gain. Her age was 25 years, one month and 27 days.

## SUBSCRIPTIONS MUST BE PAID UP

The War Industries Board has recently ruled that all weekly news papers must require that their subscribers pay up their subscriptions before the first of November, or the publisher must cut them off the mailing list.

We have recently mailed out statements to all who were in arrears and a large number of them have renewed their subscriptions, and we believe the majority of them will call in at once and pay in advance.

## LIBERTY LOAN WORKERS

We should have seen every person in the county by this time, but reports from townships are coming in slowly.

Please endeavor to see every person in your territory and get his or her subscription.

As we expect to get practically a bond in every home, will possibly not publish names of subscribers, and as it has been suggested, it might be well to publish the name of each man in the county who does not subscribe, as it will take up less space in the paper, and we can then tell who has neglected his duty.

If this plan is taken up we will not publish the names of the women of the county, as it is known absolutely that every woman in the county will buy a bond if she can raise the money. So that there may be no injustice done will ask workers to take a note of names of people who are in distressing circumstances on account of sickness or disability, as we do not wish to publish their names.

We can secure our allotment if every one will take an interest and work.

Yours for the "Fighting Loan",  
E. L. MCKEE,  
Chm. Jackson Co. Lib. Loan Com.

## 40,000 FOE MEN TAKEN BY FOCH IN 3 DAYS

Paris, Sept. 29.—French, British American and Belgian troops in the last three days have captured 40,000 prisoners and 300 guns, according to an estimate given out by the Havas Agency.

Since July 18 the Allies have captured 200,000 prisoners, 3,000 guns, 20,000 machine guns and enormous quantities of material.

This does not take into account the operations in Macedonia and Palestine.

## STOPPED HER BABY'S COUGH.

No remedy is better known than Foley's Honey and Tar for giving quick relief from coughs, colds and croup. Mrs. W. M. Stevins, Vivian, W. Va., writes: "My baby had a terrible cough, and nothing did him any good. I read about Foley's Honey and Tar, the first dose helped him and in two days the cough stopped." For sale by Sylva Pharmacy.

## RED CROSS WANTS CLOTHES FOR BELGIUM

The Jackson County Chapter Red Cross is asking for clothing for Belgians. Wednesday a box containing 444 articles of clothing and 15 bundles of outing was shipped. Another box will be shipped next Wednesday and every kind of garment, for both sexes and all ages, will be gladly accepted. Garments need not be in perfect condition for the reason that a hundred thousand destitute women in the occupied regions are glad to earn the small livelihood derived from repairing and making over garments adapted to needs with which they are familiar. Do not bring garments of flimsy material and be sure that they are clean and perfectly dry.

### OBITUARY

On Sunday September 1st, 1918, the gates of life swung outward to let pass into the mysterious glory of eternity the spirit of a good and much loved woman, Mrs. Mary A. Hooper.

She died at her home after a short illness of seven days. She was 53 years 7 months and 22 days old when she died. She is survived by her husband, Mr. John A. Hooper, of Tuckasee and two noble sons, Mr. V. V. Hooper, of Beta, and Dr. Lyman Hooper of Tuckasee; three gentle loving daughters, Mrs. Ora Brown, of Cowarts, Mrs. Edith Wood of Balsam Grove, Miss Brittle Lee Hooper of Tuckasee, and a host of relatives and friends are left to mourn her departure. She was a devoted wife and mother.

During her illness she was patient, never complaining, yet her life was growing weaker day by day. Her hopes were always bright as a Christian. She had been a Christian about 33 years. The first 13 years of her life were spent in the Methodist church, then she joined the Baptist church, living a devoted life the remainder of her days here.

She lived very near the Lord, following very closely in His footsteps. We have seen her shout the praises of her God, for she was not ashamed of the One who redeemed her. We must say farewell, for our paths divide.

On the shores of time we stay, while you cross Jordan's tide; But for those who go and for those who stay, There's the Lord's own presence from day to day.

She was a woman of rare sweetness and courage, but her last days were made sorrowful by the world's war, for she feared that her sons would have to enter the service—Dr. Lyman, especially. She remarked that she didn't believe she could live to see him go. She had prayed so earnestly that he might not go, but if he should that he might be prepared to meet his God, in peace. She said a few minutes before she was gone "I am getting so sleepy" and was gone. How she reminds us of the sweet hymn

"Asleep in Jesus, O how sweet To be for such a slumber meet; With holy confidence to sing: That death hath lost its venom'd sting!"

Yes, she has slipped away to be forever with the Lord. How beautiful to think of her walking the golden streets, basking in the sunlight of the immediate presence of the King of Kings and being led by His hand to living fountains of living water! Battles all fought, the cross laid down, the eternal victory won! Yes, and there she opened her eyes in that beautiful city whose builder and maker is God! That city that hath no need of the sun, neither the moon to shine in it for the glory of God doth brighten it. Oh, God is good and no good

thing will be withheld from them that walk uprightly.

Yes, dear Mary loved her husband, her children and friends. We will miss her kind words and cheerful smile, but our loss is her great gain.

She needs no wreath or marble's sheen

To keep her blessed memory green.

In hearts that love and trust 'twill bide

Until time's latest eventide.

The funeral services were conducted by Rev. A. C. Queen on Monday afternoon and she was laid to rest in the Wike cemetery to await the coming of Jesus.

MARY J. HOOPER.

## MILLION DOLLAR DRIVE

Raleigh, Oct. 1.—The million dollar campaign which the Baptists in their annual convention last December decided to launch for their three colleges, Wake Forest, Meredith, and Chowan, and the fourteen high schools in the State under their control, has recently gathered great momentum.

The original policy was to drag the campaign out over four years. The leaders of the movement have decided to put on an intensive campaign and raise the whole million dollars within the next two months.

This gigantic task is made possible by linking up the Baptist forces in the State with the Government's machinery in raising its big war loan securities. Instead of soliciting money for their school endowment fund, the Baptists will solicit Liberty Bonds and War Savings Stamps. In this way ONE dollar will be made to do the work of TWO, helping to win the war now and at the same time helping to train the boys for the highest type of citizenship after the war is over, and thus the two campaigns will be mutually helpful.

At a conference held in Raleigh September 24-25, composed of about one hundred leading pastors, laymen and ladies from every section of the State, a plan of organization was worked out combining features of several organizations that have collected large sums of money. In practically every one of the sixty Baptist Associations in the State there will be held this week a conference of the local leaders for the perfection of the local organization.

The big drive will begin the first Sunday in October. All the Baptist forces in the State are expected to concentrate their efforts on this one point until they have gone over the top, December 3rd.

The headquarters of the movement is in Raleigh. Dr. W. R. Cullum is general manager and Dr. R. T. Vann is secretary-treasurer.

WALTER M. GILMORE,

Publicity Director.

## THE EPIDEMIC OF GRIPPE

The North Carolina State Board of Health today issued the following official statement on the epidemic of influenza that is sweeping over the State:

The disease started in Spain in May, this year, involving 30 per cent of the population of that country within a short time. Already the disease has invaded and practically passed through Europe. The rapidity with which it travels and the large per cent of the population involved indicate (1) the exceptionally contagious nature of the disease, and (2) that with it public health measures have little influence. The only good fortune attending the present epidemic in North Carolina is that it will probably exhaust its supply of susceptibles before its dangerous ally, pneumonia, arrives in force in December, January and February.

"The disease is due to spit swapping. Spit is swapped or exchanged in the following ways: (a) By coughing or sneezing into the air instead of into a handkerchief. In open coughing or sneezing, an infectious and invisible spray is thrown several yards into the air and floats for thirty to sixty minutes. (b) By soiling the hands with spit and transferring the spit to the hands of another in handclaps, or by or by handling something, as a doorknob or some article from which a second person gets the minutest amount of spit; (c) by using the common roller towel contaminating and being contaminated; (d) by using common drinking dippers, common drinking cups, and common spit-infected water from a common bucket; (e) by using anything OTHER THAN paper cups, ice cream saucers, and spoons disinfected in VISIBLY boiling water at soda fountains.

### DON'TS

"1. Don't associate with the impolite and careless, who spray the air with their spit.

"2. Don't go to unnecessary public gatherings while the epidemic is on. Put your moving picture show money into Thrift Stamps.

"3. Don't drink from common dippers and drinking cups.

"4. Don't use a roller towel.

"5. Don't patronize a soda fountain that does not use paper cups.

"If you get the gripe: Go to bed and stay there until you are well, until your temperature has been normal for at least two days. If you are past fifty or if you are not strong, stay in bed four days after normal temperature. Remember, the danger of gripe is pneumonia. Pneumonia is the penalty for disrespect to the grip that gets out of bed too soon.

"In conclusion, public officials can do little to protect you. You can do much to protect yourself."

## Energy

THE WORK OF THE KIDNEYS is to filter and cast out waste products and poisons from the blood stream. When the kidneys are overworked, weak or diseased, the waste matter remains in the system and causes pains in joints or back, rheumatism, lumbago, stiffness of spine, sore muscles and other symptoms.

When a person's kidneys are out of order, there is lack of energy, force, vigor, zeal and general effectiveness. Kidneys and bladder must properly function for anyone to enjoy good health.

**Foley Kidney Pills** are prompt in action and tonic in their healing and soothing effect on weak, sore, overworked, diseased kidneys and bladder.

Mrs. Mary Henderson, Mt. Carmel, S. C., writes: "Before I used Foley Kidney Pills I was troubled with kidney trouble and my left side hurt me so I could hardly get up in the morning. Pain is all gone now and am feeling fine."
