VOL. IV NO. 7

SYLVA, N. C., FEB. 28, 1919.

\$1.50 THE YEAR IN ADVANCE

27TH DIV. INSISTS THAT 30TH SHARE IN HONOR

Camp Lee, Va.

February 24th, 1919.

Dear Editor:—Enclosed herewith is a clipping copied from the Virginian Pilot that I would like very much to see in print in our own home paper.

One cannot help marveling at the friendly spirit that existed between the 27th and 30th divisions, and the earnest co-operation in performing the grim duties assigned to them.

And it was these two divisions who proved to "little Willie" that the boys he sneered at as America's "Boy Soldiers" were men enough to completely smash the great defense line that the German war lords boasted as being impregnable.

And now that the fray is over and part of the boys of the two divisions have returned, they are revealing what many have never known before, that great friendship that has arisen and will ever remain between the boys of Tennessee, the Carolinas and their stalwart comrades of the Empire State.

NORMAN D. PRESSLEY.

From Washington comes a semi-official story that pays one of the greatest tributes yet offered to the famous Thirtieth Division, the Carlins and Tennessee National Guard aggregation, accredited by Field Marshal, Sir Douglas Haig with smashing the Hindenburg line.

According to the story from the capital, the Twenty-seventh Division comprising the crack guard units of New York State, including the famous millionaire regiment, has declined to parade in the metropolis unless the Thirtieth takes part.

The Twenty-seventh trained at Wadsworth while the Thirtieth prepared for the fray at Sevier, only a few leagues distant.

They went over together, and together were brigaded with the British.

Together they smashed the German lines, and now say the New York Boys, they will receive the honors at home together or not at all.

A New York paper hearing of this refusal is said to have particularly inquired: "Who is this Thirtieth Division that has captured the love of the New Yorkers, polo players of Van Courland Park, the Dandy Seventh, the Fisks, Platts, Vandarbills, Wadsworth, Broadway, Tammany and East Side?"

To which replied the Twenty-seventh:

"What is the Thirtieth Division? It is Tennessee, North and South Carolina. Those old Southern Regiments, some of them with 100 years of military history behind them. They fought in 1912 at New Orleans with Andrew Jackson. They fought in New Mexico; they were with the Stars and Bars in the days of '61; in Cuba and once again in Mexico and in France. The old First Tennessee was once reviewed by Lafayette when he visited Nashville in 1824.

The Twenty-seventh and the Thirtieth, the blue and the gray."—The Virginian Pilot.

A WOMAN'S RECOMMENDATION

Mrs. D. T. Tryor, R. F. D. 1, Franklin, Va., Otsego, O., writes: "I realized so great a benefit from the use of one box that I feel safe in recommending Foley Kidney Pills to any kidney sufferers." They relieve backache, sore muscles, stiff joints, rheumatic pains and bladder ailments. For sale by Sylva Pharmacy.

JACKSON LEADS ALL COUNTIES IN STATE

Raleigh, N. C., Feb.—Jackson county was the first in the State to go over the top in the Armenian-Syrian Relief Campaign. Mr. A. C. Reynolds, County Chairman, was appointed by Dr. Joyner, and three days after his appointment he called at State headquarters to tell Dr. Joyner that his county had not only raised its quota, but had gone far over the top.

Mr. Reynolds said he had no difficulty in securing the cash and that all he had to do was to show the people the telegram from Dr. Joyner appointing him chairman. In that telegram Dr. Joyner had stressed the needs of the suffering people of Armenia and Syria, and that plea was all that was necessary to arouse the sympathy and open the hearts of the people of Jackson county. Chairman Reynolds said he did not think it necessary to wait for the drive, which is set for Feb. 21 to 28, but went right out after the money as soon as he was put in command in his county, and he turned the trick.

Dr. Joyner predicts that this relief fund will come equally as readily in other parts of the State as it was raised in Jackson county.

COMMUNITY ORGANIZATIONS TO BE PUSHED

Raleigh, N. C., Feb. 25—Realizing that if the co-operative home and farm demonstration work of the Agricultural Extension Service is to be the success expected of it, the field workers have come to the conclusion that it is absolutely essential that the organization of communities be encouraged during the year 1919.

At the present time there are many community clubs which are being successfully operated in the State, but, as a whole, the entire community is not fully organized for all phases of agriculture advancement.

Speaking before the agents last week, Dr. Bradford Knapp pointed out the importance of such an organization, showing the agents that it was their duty to serve the greatest number of people, instead of doing much individual work. This can be done only by efficient organization. Individual work succeeds for a short while, and is not to be discredited, but the biggest problem lies in the reaching of all the people and this can only be done by thorough organization.

It developed at the conference that community organization could be affected for combating diseases, for raising one variety of corn, for producing one breed of registered hogs, to control plant diseases, to stabilize labor, and many other problems which to obtain effective results should be met by a thorough team work on a community basis.

After the communities have been organized, it is then an easy matter, or a much simpler matter, to organize the county. Many of the agents gave their experiences in community organizations of their counties, and showed in every case where it had been of great profit to the section. A striking example of this was shown in the co-operative work of Mrs. A. M. Redfearn and Mr. J. W. Cameron, Home and Farm Demonstration Agents of Anson County, who have organized their entire county on a community basis. Their principal success was secured in co-operative buying and selling of farm products for increasing the farm income.

Another good example was given by Mrs. Florence Winn and Mr. W. L. Smarr, both of Lincoln County, who told of the organization of Dan-

iel's community, where a new high school has replaced the two-room teacher school, a farm loan association is now at work, a pure-bred stock association has been formed, and in the homes there is better prepared food, more home conveniences, and better bread. In this community these agents have been able to aid in the development of true community spirit by first finding the biggest problems of the section and then aiding the people in solving these.

NEW STATE-WIDE INDUSTRY FOR NORTH CAROLINA

Raleigh, N. C., Feb. 25—If the present plans of the Division of Home Demonstration work are realized, North Carolina will have a well established industry in the home-making of unfermented grape juice within the next four or five years. Steps looking to the beginning of this work were taken during the conference last week at Raleigh, when the Home Demonstration Agent discussed plans for present utilization of the wild grapes for making this bottled juice, and further to encourage the plantings of the Thomas variety of muscadine grapes, which will begin bearing within three years after being set.

A representative of the National Department of Agriculture, Mr. George Dearing, attended the conference and gave the results of his several years of experimental work on the Pender Branch Station, near Willard. Mr. Dearing pointed out the ease with which the Thomas grape can be grown, it being adapted to any well drained sandy loam soil on which cotton thrives, and fruit having the percentage of sugar which makes the best kind of grape juice for fountain or home use.

It was decided at the conference that one variety of the muscadine grape be adopted, and the planting of this encouraged as a project for the women in the community clubs. When these vineyards begin bearing, a standard 4-H brand of muscadine grape juice will be put on the market. It is felt that the success of the women of North Carolina in establishing the 4-H brand of canned goods will insure their success in establishing the 4-H brand of bottled goods.

FAREWELL AT THE RED CROSS

On Saturday evening there was a farewell party given at the Red Cross building at the Army Hospital to which the public and the entire personnel of the hospital were invited. Under the management of Mrs. J. W. Reed quite an interesting program was given after which there was dancing. The only out of town name was that of Miss Emma Johnson, teacher of voice in the Cullowhee Normal, who rendered most pleasingly a group of songs. The program consisted of the following numbers:

S. Lecons, Waynesville Orchestra. Duet, Miss Miller, Miss Killian. Spring Song Dance, Miss Braxton Kirk. Reading, Miss Hilda Way. Group of Songs, Miss Emma Johnson. Duet, Mr. Jere Davis, Mr. Tom Davis. Military Dance, Lois Briggs. Quartette, Mrs. Reed, Mrs. Camp, Mr. Tom Davis, Mr. Buel Hyatt. Selections, Waynesville Orchestra. —Mountaineer-Courier.

CALVIN LOVE DEAD

Mr. Cal Love, one of the old landmarks of Jackson county, died Tuesday morning. Mr. Love was known throughout this section. He was 68 years old and had lived on the old Love farm, near Sylva, all his life. He had been in feeble health for

some time and the end was no surprise. He will be missed by those who live near him. He was ready to help those in need and willing to help when help was needed.

He was buried in the family grave yard near his home in the presence of a large congregation of friends and relatives who had come to pay the last tribute of respect.

The burial services were conducted by Rev. W. N. Cook of Beta, Rev. John Cliae and Rev. Dry of the M. E. Church.

In his last days he made a public profession of faith in Christ and said that he was ready to go.

One by one the old landmarks are dropping off.

PLANNING RETURN TRIP HALF MILLION SOLDIERS

Paris, Feb. 24.—Nearly 500,000 men of the American expeditionary forces will before July 1 either have returned to the United States or will be homeward bound, according to plans of the general staff announced in a general order by Brig. Gen. James W. McAndrew, chief of staff today.

The 27th, 85th, 37th and 91st divisions will sail in March; the 26th, 77th, 82nd, 35th and 42nd in April; the 32nd, 28th, 33rd, 80th and 88th in May, and the 89th, 90th, 20th and 79th in June.

THE ROAD BILL.

Amount of Federal funds immediately for road construction \$1,139,977.47; amount of Federal funds available July 1, 1919, \$1,709,966.20. Total Federal funds available July 1, 1919, \$2,849,943.67.

To meet this fund, the State must provide at once a like amount, which will be expended between now and July 1, 1920, and in addition, the State must make provision for the following items:

For surveys, plans, etc., required by the Federal Government to be made at the State's expense outside of the construction fund, \$182,000.

Maintenance fund for taking care of State highways and of roads already contracted for with the Federal Government, \$300,000.

It will be essential to increase the official facilities and personnel of the Commission in order to take care of this large amount of work and it should have an annual appropriation of at least \$75,000. Total \$3,416,943.67.

What the Stacy Substitute will provide:

Bonds, \$2,280,000; estimated licenses from automobiles, trucks, etc., \$525,000. Total \$2,805,000.

Deducting from this the amount needed to meet interest, sinking fund and expenses of collection of licenses, \$202,766. Leaving a balance to meet Federal Aid and other expenses incidental thereto, \$2,602,234.

It will be seen from the above that we would fall short the first year in meeting Federal Aid requirements, through the Stacy Substitute, by \$814,709.67.

The Ninth American Good Roads Congress will be held under the Auspices of The American Road Builders Association at the Hotel McAlphin, New York City, Feb. 25 to 28th, 1919.

YOU KNOW, BUT SOMETIMES FORGET.

Everybody knows an imitation is never so good as the genuine article. Foley's Hokey and Tar stands at the top of the list of family remedies for colds, croup, whooping cough, bronchial and grippe coughs. W. L. Anglin, Antioch, La., writes: "I have used Foley's Hokey and Tar 15 years. It is the best." For sale by Sylva Pharmacy. Adv.

WHOLESALE GROCERY FOR SYLVA

The Sylva Supply company is remodeling the old black warehouse just below the postoffice. The front will be changed and a glass front put, the brsement will have a concrete floor and be ceiled overhead; the first floor will also be ceiled and put into first class shape.

We are reliably informed that the basement will be occupied by a wholesale grocery concern which is to be organized here, and the other floor will be used by the Sylva Supply for heavy hardware.

The Sylva Supply company is one of the oldest business concerns in the town. It was organized about sixteen years ago, with E. L. McKee manager, under whose management the business prospered until new quarters were necessary, at which time it was moved to the place it now occupies. Mr. J. W. McKee was chosen manager when Mr. E. L. McKee resigned to take charge of the Tannery; and at the death of Mr. McKee several years ago Mr. D. M. Hall was placed in charge and the business has continued to grow by leaps and bounds until it is the largest in the county. They have recently purchased the bank building from Mr. C. J. Harris.

BILL TO PROVIDE BETTER ROADS

Representative John N. Wilson introduced a bill, last Tuesday, in the House to provide a better system of roads for the mountain counties. No doubt if this bill passes the House Senator Coward will support it in the Senate, as he is highly in favor of some kind of legislation whereby Jackson can build some good roads.

DIES AT CAMP JACKSON

David Gribble of Sylva died last Sunday at Camp Jackson. His remains were accompanied by George Jones as a guard of honor. The interment took place at Old Savannah Thursday. He was the son of Rufe Gribble and is survived by several sisters.

OWEN ACQUITTED

D. U. Owen of Qualla, who is charged with shooting and killing Tom Davis of that place, something over a year ago, was tried at this term of court and acquitted. Mr. Owen admits that he killed Davis, but claims that he did it in self-defense. The jury decided in favor of Mr. Owen.

MISTRIAL IN LONG CASE

John Long of Cullowhee who is charged with house burning and whose trial came up at this term of court, resulted in a mistrial.

Long is charged with burning Joe Cabe's wife's house near Cullowhee, on or about the morning of December 25. Bond was arranged for his appearance at the next term of court in this county for trial of criminal cases.

SAYS IT IS THE BEST IN THE WORLD.

Are you looking for a safe, reliable remedy for coughs, colds, croup and whooping cough? A. H. McDaniel, Box 51, Lindside, W. Va., writes: "I am glad to tell you that Foley's Hokey and Tar is the best medicine in this world. I had a severe cough. Someone recommended it and before I used half a bottle it was better." For sale by Sylva Pharmacy. adv.

GRAVES TO BE PHOTOGRAPHED

Plans have been perfected by the American Red Cross whereby photographs of the identified graves of American soldiers in France will be sent to the relatives of heroes in this country. Several hundred of such photographs have already been forwarded to the families of men who died in service overseas and an announcement from the American Red Cross Headquarters today says that the work of obtaining photographs has been speeded up to the point where production from now on is expected to reach about seven thousand every month. The photograph will be sent to the dead soldier's next of kin.

The American Red Cross has taken over the task of photographing the graves at the request of the war department and is acting under the authority of Lieut. Col. C. C. Pierce of the graves registration service. The Headquarters of this service is in Tours, France.

Each photograph will be mounted in a cardboard folding frame one side of which contains data concerning the dead soldier. While all requests for such photographs should be forwarded to the bureau of communications of the American Red Cross and not to the graves registration service of the army, such requests are not really necessary and will not hurry the receipt of the photograph. Neither will special requests receive any special consideration. Every identified grave in France is to be photographed under the plan worked out by the army photographers and they will not be permitted to deviate from this arrangement in order to take a picture of any particular grave. The American Red Cross will forward the photographs to relatives as soon as they are received at

ending court in Mrs. Florence day with relatives in Sylva.—Bryson City Times.

Mrs. Bertha Gribble and sister, Miss Helen Angel, of Bryson City, spent Sunday in town.

Additional subscribers: Mrs. J. M. D. Cantrell, Brevard, Rt. 1; E. S. Parker East Laporte; Z. N. Frizzell, Webster; R. L. Nations, Whittier, Rt. 2; Tom Ritchie, Dillsboro.

A. M. Simons, of the Paris, is in market this week, buying spring goods.

Mr. W. W. Rhinehart, of Webster, has been soliciting subscriptions for the Journal for the past two weeks and has added something like one hundred to the list. Mr. Rhinehart knows how to get them.

Frank Cole was here this week from Cashiers and left a nice order for stationery with us.

CUT THIS OUT—IT IS WORTH MONEY.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Hokey and Tar Compound, for coughs, colds and croup, Foley's Kidney Pills and Foley Cathartic Tablets. For sale at Sylva Pharmacy. adv.

DON'T FOOL YOURSELF

A man suffering from backache, rheumatic pains, stiff joints or sore muscles may laugh and say these symptoms of kidney trouble "don't amount to anything." It is folly to ignore Nature's warnings. Foley Kidney Pills give quick relief in kidney or bladder troubles and "it is better to be safe than sorry." For sale at Sylva Pharmacy. adv.
