SWAIN TO HAVE FARM DEMONSTRATOR

Swain has decided join the Progressive Farmers Club and it is a step second only in progress to our decision to have better roads. At the meeting of the County Commissioners, Monday, a large petition, signed by nearly all the larger tax payers, was presented asking the board to employ a county farm demonstrator. The petition was presented by Mr. Coburn, Mr. Mack Jenkins and Mr. Charlie Browning.

In urging the need of a demonstrator Mr. Coburn stated that only last year the demonstrator in Graham County had saved in one instance of treating black tongue among cattle more than it cost the county to employ him a year. It seemed that for several years large numbers of cattle in Graham had been dying from black tongue, but last year a demonstrator was employed and he knew about the disease and how to cure it.

Mr. Jenkins, who is among the county's best farmers, was present and urged the employment of a demonstrator. He said that only last week the demonstrator in Jackson county had saved the farmers more than the county paid him for a year's work in the purchase of a car load of soy beans. He succeeded in getting the beans in a car lot for \$1.70 per bushel and beans are selling elsewhere from \$2.50 to \$3.00. As to fertilizer, Mr. Jenkins said the Jackson county farmers were getting their fertilizer for \$2.00 a ton less than he could buy it wholesale. Also that this same demonstrator had saved a company of farmers \$150 in the purchase of a jack.

Mr. Browning thought the employment of a demonstrator was the best investment the county could make at this time.

Chairman Francis said the county had \$10,000 invested in a farm on Deep Creek and that it was not self-sustaining. He was of the opinion that if we had a real good man the county farm could be so managed as to be a producer instead of a consumer.

After going pretty thoroughly into the matter the Commissioners decided to make an appropriation for the demonstrator, they understanding that the State and Federal Government pay at least two-thirds of the cost.

District Agent James Gray was present and he assured the Commissioners he would send them a good man for the place.—Bryson City Times.

WANTS BOYS ENTERTAINED

Dear Everett:—What have you decided on for entertainment for the boys who have returned?

I think we should spread our selves and give them a rousing welcome get a band and any thing else we can think of to entertain them as they should be.

When they were over there fighting for us and us here making money we would have done most any thing for them. Lets still think of them that way. While I have moved from Jackson I am still a Jacksonite, "you can take a man out of the country, but not the country out of the man," and I want to contribute my part to the fund. Put me down for \$25.00 and if you will spread it on heavy enough and need some more let me know. I am for Jackson and for the boys.

LOVEDALE CHURCH

On last Monday evening at 8:30 o'clock a Presbytery, composed of Revs. W. N. Cook and J. O. Fulbright organized what is known as the Lovedale Baptist church. The charter members of the new church bore letters from the Scotts Creek church Savannah church and Sylva Baptist church. After a scripture reading and a clear statement of what constitutes the New Testament Church the election of Rev. W. N. Cook Moderator, and Arthur Love Clerk. The door of the church was then opened, twenty-two came forward and presented themselves for membership, some by experience. Others placed themselves under the watch care of the church until they secured letters from the churches to which they now belong. Rev. Cook was elected pastor until such time as the church can elect a permanent pastor. Arthur Love was elected church clerk.

The fourth Sunday and Saturday before was agreed on as the time for the first regular meeting of the church. The baptism of candidates to full membership into the church will take place on Sunday morning at ten o'clock.

The new church is located in one of the best sections of Jackson county, and a section in which much can be done in building up the Kingdom, and in training the young people to ways of Christian living.

CANNOT BUY PISTOL WITHOUT A PERMIT

The new law enacted by the last general assembly, governing the sale of concealed weapons, became effective on April 1. Every pistol sold is kept on a record and inability to sell pistols easily will also have a tendency to reduce the number of large cases.

The act provides: "That it shall be unlawful for any person, firm or corporation in this state to sell, give away or dispose of, or to purchase or receive, at any place within or without the state, without license or a permit therefor shall have first been obtained by such purchaser or receiver from the clerk of the Superior court of the county in which such purchase sale or transfer is intended to be made, any pistol, so-called pump gun, bowie knife, dirk dagger or metallic knucks. That before the clerk shall issue any such license or permit he shall fully satisfy himself by affidavit, oral evidence or otherwise, as to the good moral character of the applicant therefor, and that such person, firm or corporation requires the possession of such weapon mentioned in section one. The clerk shall charge for this service a fee of 50 cents.

"That during the period of listing taxes each year, the owner or person in possession or having the custody or care of any pistol or other weapon mentioned in section one of this act shall be, and is hereby, required to list the same specifically, together with the value thereof, as is now required by law for persons listing other personal property for taxes. That any person, firm or corporation violating any of the provisions of this act shall be guilty of a misdemeanor and fined or imprisoned in the discretion of the court. That upon submission or conviction of any person in this state for unlawfully carrying concealed weapons off his own premises, the pistol or other deadly weapon with reference to which the defendant shall have been convicted shall be conducted and ordered confiscated and destroyed by the judge presiding at any such trial."

JULE BRYSON WINS D. S. C.

His friends and comrades have long known that he deserved it but wasn't until last week that Julius Bryson received notice from General Pershing's headquarters of his citation and award of the Distinguished Service Cross for gallantry and conspicuous bravery before the enemy. The incident occurred near Bellicourt (Somme) France on September 27th last, two days before the battle of Bellicourt in which the thirtieth division broke through the Hindenburg line at that point. The enemy was attacking and Bryson, though severely wounded, remained on the field with the platoon of which he was in charge for more than twenty-four hours. The citation follows:

First Sergeant Julius Jesse Bryson, Co. D, 118 infantry, for extraordinary heroism in action near Bellicourt, France, September 27, 1918. Although wounded very severely in the knee by shrapnel Sergeant Bryson remained in charge of his platoon for more than 24 hours, during a critical period of the operations. Due to his excellent example of courage, leadership and skill in handling them his platoon successfully repelled a number of enemy attacks during this period of time. Home address, S. J. Bryson (father) Webster, N. C.

WORLD DESTROYED UNDER "MAD FLAME OF WAR"

Special to The Observer.

Durham, April 21.—Discussing the Methodist centenary movement Treasurer D. W. Newsom, of Trinity college, said:

"When we awoke one morning from our long dream of a happy, prosperous and contented world family, to find that the world was going to destruction under the mad flame of war, and that the proud and glorious civilization which we had built up through long ages was crumbling and falling before the wild roar of big guns, man lost faith in man and wondered if God had forgotten us. During those dark days God was giving to the church a vision, so that the people should not perish from the face of the earth.

"Now that the shattered remnants of the earth are slowly coming together, the church is proving faithful to her vision through the great centenary movement, and is setting herself to the task of bringing the world to its knees and to God. She must comfort and strengthen those who mourn at countless graves; she must build homes where broken hearts sit in desolation over hopeless ashes; she must take fatherless children by the hand and lead them; she must take the truth to those who know not, and the light of the world to those who sit in darkness; she must go to her task with high hopes, triumphant spirit, and take her seat at the councils of nations to create in the world a clean heart and renew a right spirit within it, so that the newborn civilization shall know and reverence God; that man shall recognize his kinship to his fellowman, and love and mercy and peace shall cover the earth as the waters cover the sea."

HALL OF STATES

27 WEST 25TH STREET, NEW YORK CITY.

I know it will be of interest to you to know what is being done in New York for the boys of NORTH and SOUTH CAROLINA.

Have you heard about the HALL OF STATES? It is under the supervision of the Government, represented by the New York War Camp Community Service. It is the largest institution of the kind in New York. It really is a clearing house for every problem of the returned soldier.

As briefly as possible, I will give you an outline of what is being done, but first I think I should tell you that I am running the CAROLINA MAN, WILL YOU NOT WRITE ME HERE ABOUT IT?

Wounded SOUTHFRN men, numbering several thousand, have been and are being brought to New York City—a large number being Carolinians.

We see to it that every man in the hospital receives a welcoming note the day after he arrives, an invitation to call at the Hall of States, notice that if he is confined to the hospital, we will call on him and that we stand ready to help him get well, go home and get a job. The effect of these personal visits, the giving of information desired on many subjects and the furnishing of many little necessities and comforts have a remarkable effect on the men and tend greatly to their rapid improvement and recovery, as shown in many cases.

It is with great regret and humiliation that I have to report that so far no Southern State has made an appropriation, probably because there is a mistaken belief that Southern men do not touch this point.

WE SHOULD ALL COOPERATE AND PULL TOGETHER TO CREATE AN EMERGENCY FUND TO MEET THE REQUIREMENTS OF THESE MEN. Many of the Northern States have created funds ranging from five thousand to thirty-five thousand dollars.

If every one in the CAROLINAS did their bit for their boys here in New York, think what it would mean! I realize you have had every call made upon you at home, but it is for the Carolina boys HERE that I ask your co-operation and assistance. Any amount you may see fit to contribute for the work we are doing will be greatly appreciated.

Convinced that this will appeal not only to your state, pride but your sympathy, and hoping to receive a prompt response, I beg to remain,

Very sincerely yours,
HALL OF STATES,
ELVIRA BURIGHT,
Representative for the Carolinians.

WHAT ZION BAPTIST CHURCH IS DOING

To express it in short they are alive. They believe in doing things. They were only asked to raise \$50.00 for their part of the \$40,000 campaign which is now on for the Sylva Collegiate Institute. They had gone \$65.00 long before rally day, on May 11th and on that day they raised \$38.50 more \$28.50 of which was sent in in cash for the rally day alone. If all of our churches would do as willingly as Zion Hill has done our schools and churches would be placed on a higher standard and no one hurt by so doing. Zion Hill has a splendid pastor Rev. R. W. Green of Greens Creek, and we pray God's blessings on him and all its members.

LEWIS HENSON DEAD

It was with much sorrow that the many friends of Lewis J. Henson learned of his death, which occurred at his home at Beta, Thursday about twelve o'clock. He has been in bad health for several months and the end was no surprise to his family and friends, for they had known for several days that he could not last long.

Lewis was a young man of fine qualities and was much liked by a wide circle of friends. He leaves to mourn their loss a wife and two small children, his mother, Mrs. W. A. Henson, of Beta, and two sisters, Mrs. A. J. Dills, of Sylva, and Mrs. Albert J. McCracken, of Crabtree Haywood county.

The funeral services will be conducted today (Friday) by Rev. T. F. Deitz, of Bryson City, and the interment will be made at the Old Field, burying ground.

Ed Bryson, of Cullowhee, who enlisted with the Radio Company and was later transferred to the 42nd Division, returned to his home Wednesday.

Dr. W. P. McGuire was in Waynesville Wednesday, on business.

L. L. Hooks Says His Troubles are over Tanlac Built Him Up So He Is Now Working Hard Every Day.

"When I weighed the other day I found I had gained thirty five pounds, and that's only a part of what Tanlac has done for me," said L. L. Hooks, of North Roswell, Ga. in relating his experience with Tanlac.

"I suffered from such an awful case of stomach trouble," he continued, "that I could hardly eat a thing and nothing tasted right. The little I forced down didn't give me any strength and at times I would almost choke from the gas that formed in my stomach. I was so weak and miserable I just couldn't do any work at all and was just about all in."

"I commenced to take Tanlac because I saw the good it was doing others, and I could feel all the difference in the world right from the start; it simply made me feel like a new man. My troubles are now over it built me up wonderfully and I am working hard, using pick and shovel every day, and never have any more trouble with my stomach."

Tanlac is sold by all first class druggists.
