NEW SERIES VOL. I NO. 8

SYLVA, N. C., AUG. 15, 1919.

\$1.50 THE YEAR IN ADVANCE

JACKSON CO. SHORT HORN BREEDERS' ASSOCIATION FORMED

A meeting of representative Shorthorn breeders was held at Sylva Monday August 11, 1919, and a Jackson County Shorthorn Breeders' Association was organized. The following men were enrolled as charter members: C. C. Cowan, Ralph Hunter, D. Robt. Davis, M. Buchanan, Grady Cooper, Berry Ward, J. M. Worley, R. W. Fisher, W. B. Davis, Tyra Davis, W. R. Moody, C. W. Allen, L. J. Smith and H. E. Buchanan.

The following officers were elected: President, Ralph Hunter; Vice-President, Berry Ward; Secretary, Harry E. Buchanan; Treasurer, D. Robt. Davis.

1. Upon motion of M. Buchanan, a committee composed of C. C. Cowan, Ralph Hunter and D. Robt. Davis, was appointed to draft a constitution and by-laws for the Association and to present same for approval at the next meeting, Saturday Aug. 16, 1919.

A motion put by M. Buchanan was carried that: Any citizen of Jackson County, who is interested in promoting the breeding of Shorthorn cattle, be admitted to the association, provided he pays the dues.

3. It was moved and carried that: There be an annual membership fee of \$5.00 payable in advance by quarterly installments of \$1.25.

The primary purpose of this Association is to promote the breeding of more and better Shorthorn cattle in our County, and to enable the breeder to secure a better market for his cattle by shipping them in cooperation with other breeders. The Association will also be in a position to assist the farmer in securing better cattle for breeding purposes and, in fact, to aid him in any way possible.

There will be an Association sale of picked home bred cattle held on a date which will be announced later, and at that time the farmers of the county will have a fine opportunity to add to their herds and others will have a chance to buy with the idea in view of starting a herd.

On entering any line of business, the progress and success of the man ahead is always a fair indication of what the man behind may expect. Accepting this to be true, the farmers of this County have a bright outlook in the starting of a herd of Shorthorn cattle, for the men in this county who have been breeding this type for several years have all made a wonderful success in the past and are very enthusiastic over the future. The best proof of this statement is the fact that these men are increasing their herds as fast as possible.

Purebred cattle raising is in its infancy in this section and offers big opportunities to every farmer in the future. There are numbers of farmers in the county interested in the breeding of Shorthorn cattle, who should become members of this Association immediately and thereby secure the benefits which it offers, and, at the same time, assist in making the Association and the breeding of Shorthorn cattle a success in the county.

Anyone desiring to become a member of the Association may do so by sending in his application, together with the initial membership fee of \$1.25 to H. E. Buchanan, Secretary, Sylva, N. C.

The next regular meeting will be held at the Court House, Saturday, August 16th, at 2:00 P. M.

HARRY E. BUCHANAN,
Secretary.

Mr. and Mrs. D. C. Hall were here yesterday from Green's Creek.

VALUATION IN SYLVA COMPLETED

One million, forty-six thousand, six hundred and eight dollars and fifty cents is the worth of Sylva township, exclusive of personal property, the Armour holdings, railroad, electric power, telephone exchanges and manufacturing property, according to the completed figures of the board of appraisers. In addition to this, the exempted property, schools, churches and the like, is valued at one hundred, sixty-six thousand, seven hundred dollars. The manufacturing property has not yet been valued.

The farming property is worth \$591,724.50 and the town property \$454,884.00.

GREEN'S CREEK

The second week of View Point school has opened with more new students. We now have enrolled one hundred and thirty-two. Thirteen in the high school department. We have added to our faculty Miss Carrie Gribble of Gay, as fourth assistant. We are going to make this our best year of school.

Prof. Madison spoke at View Point school house Friday night. A large crowd was out to hear him.

The people met Saturday and cleaned off the old Savannah graveyard.

Mr. W. A. Buchanan left today for Butler, Mont.

Miss Gayzelle Ashe left Sunday for Forney's Creek, where she will teach school this year.

Mr. Jesse Bradley and sister Laura of Smokefont are visiting relatives and friends here.

Mr. Ora Ward of Wilmot was here Sunday.

Mr. and Mrs. Jim Pangle of Barkers Creek visited friends here Saturday.

Misses Pearl and Owie Jones, Bonnie Barnes and May Etta Cabe of Gay were here Saturday.

Mr. and Mrs. A. L. Farley of Sylva, and Henry Farley and Mr. Leith of Knoxville, Tenn. visited Miss Lucy Hall Sunday.

Messrs. Thos. Saunders, Robert and Audy Reed of Franklin, were here Sunday.

Mr. John Henry Hall of Sunburst is here for a few days.

Rev. R. W. Green is holding a revival meeting at Barkers Creek.

Mr. Dave Sutton has gone to Sunburst.

Mr. Cole Allison was in Franklin last week.

Misses Danah Hall and Nora Lee Deitz went to Dillsboro Sunday.

Why don't other Journal readers write?

TULIPS.

DON'T KEEP POISON IN YOUR BLOOD.

When the kidneys are doing their work they eliminate from the circulation waste products that poison the blood if permitted to remain in the system. Foley Kidney Pills help the kidneys, remove the poisons that cause aches and pains, stiff joints, sore muscles, lame back, rheumatic pains. Sold everywhere. adv.

The following additional list of subscribers has been handed in this week by Mr. Rhinehart: C. H. Nicholson, Cowarts; H. R. Fox, Sylva; D. V. Snipes, Norton; J. C. Ruff, Barkers Creek; J. B. Parris, Balsam; W. H. McElroy, S. P. Burress, C. B. Medford, E. G. Corzine, W. M. Turpin, Waynesville; Jerry Liner, H. Gibson, Lake Junaluska; Claude C. Grogan, Cruso; J. G. Hipps, Whittier; renewals: J. B. Queen, Balsam; T. A. Park, Waynesville.

Mr. H. O. Curtis, of Sylva, was in the city on business the past week.

—Mr. Ed Grindstaff, of Sylva, was in Franklin last week.—Franklin Press.

COMMUNITY INTEREST.

By JOHN C. BRAMMER

The meeting at East LaPorte was well represented by people from there, Tuckaseegee and Cowarts. It was as interesting as Qualla the day before.

Mrs. J. M. Rigdon (Sec.) Lettie Price, Annie Jackson, Carter Wike and T. F. Middleton were elected Fair Committee for River township; and Cyrus Nicholson (Sec.) Ransom Hooper, Luther Phillips, Mrs. Ora Brown and Lyda Wood Fair committee for Caney Fork township.

The duties of Secretary of these committees are to call meetings and keep record of the proceedings of meetings and to act with the other four, to appoint chairmen of Swine, Cattle, Horses, Vegetables, Sewing, Athletics, etc.

Phone committees R. N. Henson, J. L. Lovedahl, Dillard Hooper (Cowarts), J. M. Nicholson and Ralph Hunter; J. M. Rigdon, Jno. A. Hooper, Baxter Hooper, Claud Wike and Lee Wike were elected to meet at John's Creek August 22 at 2:30 p. m.

Marketing Agents, Messrs. Robt. Green and J. M. Rigdon, were elected. Watch for prices.

Meetings at all places growing in importance. Watch Jackson County Journal for reports. Hope you will all take the county paper.

COMMUNITY MEETINGS

Permanent meetings at Qualla, Olivet, Webster, John's Creek and Tuckaseegee every two weeks; viz.,

Qualla	8:30 P. M. Aug. 15
Olivet	" " " 16
Webster	8:30 " " 22
John's Creek	3:00 " " 23

(22nd 2:30 p. m. next time.)

Tuckaseegee 8:30 P. M. Aug 23

Please keep these dates and count every two weeks thereafter. The Demonstrators have these dates well in mind now so that no mistake will happen on their part.

Watch paper closely for Farmers, Institutes 'Phone Meetings, Community Fair meetings, Live Stock Sales, Vegetable Growers' Association, which Glenville should have by all means, etc.

SILO ALMOST AS USEFUL AS BARN.

West Raleigh, N. C., August 14.—The silo is rapidly becoming recognized as a necessary part of the North Carolina farmer's equipment. A Carolina farm without a silo, at least in the piedmont area, is no longer up-to-date. The rapid adoption of the silo is accounted for by recognition of its advantages. These advantages are summarized by the extension workers of the State College and Department of Agriculture as follows:

If corn is cut at the proper stage and put into a good silo, the whole crop plant is eaten.

Silage is more convenient to feed than is any other rough feed commonly used on the farm.

Silage is both palatable and succulent.

The addition of a succulent feed to a ration increases the digestibility of the dry feed eaten.

With a silo it is possible to save corn that might otherwise, owing to maturity, be largely wasted.

The silo not only provides excellent feed for winter time, but furnishes a means of keeping more for summer use of high quality.

The silo furnishes almost a sure supply of feed, as there is no surer crop in North Carolina than corn.

Mrs. David M. Hall and little daughter, Margaret, visited relatives in Asheville this week.

Mrs. B. E. Gray, of Shreveport, La., is visiting her mother, Mrs. Alice Dills, at Dillsboro.

Mrs. R. F. Jarrett was here from Dillsboro yesterday.

NEWS OF THE WEEK

Andrew Carnegie, iron master and philanthropist, died at his mansion at Lenox, Mass., Monday, after an illness of only a few days, of pneumonia. He was in his eighty-fourth year, and had been in feeble health for more than two years.

Murphy, Aug. 11.—Jim Rose, the noted outlaw, was arraigned in court today for the murder of Bob Wilson about four years ago. The pallor of his face showed the full effects of his long confinement in the Asheville jail, coupled with the wounds he received when he was captured, his alertness of step and quickness of eye show him to be a bundle of unquerable nerve force. The defense is represented by Moody and McCall, of Murphy, and F. E. Alley, of Waynesville. The state solicitor is assisted by Jones and Horne, of Franklin, and Dillard and Hill, of Murphy. According to all indications, it will be one of the hardest fought legal contests ever pulled off in Murphy. Judge J. B. Ray is presiding over the court. A venire of 200 men having been summoned, a jury of twelve men was quickly selected.

Sheriff Gentry and Deputy Dewese returned this afternoon from California, where they went after Horace Witt, charged with murder of Emery Flowers, sixteen years ago in this county, but they failed to get their man as the California authorities refused to honor Governor Bickett's requisition and ordered him released from custody.

Raleigh, Aug. 11.—The State Federation of Labor met here today in annual convention with President Moody presiding and the sessions are expected to be the most important in the history of the federation of North Carolina. The convention is expected to take action on some subjects that on account of their vital interest to the federation will make this an epoch-making session.

In the first day's session two Asheville men, Editor James F. Barrett, of the Asheville Advocate, and L. L. Jenkins, banker, were the most prominent, and before the convention ends Editor Barrett will loom up as one of the state's leading labor advocates. What will rank even with the legislative committee's report in the shape of extraordinary interest is the proposed introduction Tuesday of resolutions designed to encourage ministers to preach brotherhood and serial service sermons.

Charlotte, Aug. 12.—Heavily armed regular and special police officers maintained guard to-night at the sub-station lighting and power system of the Southern Public Utilities company at the company's gas plant, to safeguard the city against the possible cutting of its gas and electric supply by striking electrical workers and their sympathizers. Electricians employed by the Southern Public Utilities company walked out early this afternoon and a few minutes later switches at the sub-station were pulled out, leaving industrial plants in Mecklenburg county without power, Charlotte homes without lights, the Western Union Telegraph company without current and the city fire alarm system useless. At 4:15 o'clock, an hour later, Charlotte police officers succeeded in gaining control of the sub-station, arresting two men on forcible trespass charges, and closed the switches. Half an hour later the switches at the gas plant, supplying this city with gas for lighting and heating, were closed also.

In a signed statement, Mayor Frank McNinch declared the attempt of the electricians "an outrage against an innocent and helpless public that cannot be countenanced," and he warned "any man or set of men" who may challenge "the forces of law and order that they do so at their personal peril," asserting that

the supplies of light will be maintained, the mayor said "if it cannot be done otherwise, I will commandeer these plants and operate them during the emergency under police protection or military protection if necessary."

Winston-Salem, Aug. 11.—The strike of motormen and conductors here has tied up street car traffic completely. No efforts have been made to operate the cars since the men abandoned them Sunday morning.—Asheville Citizen.

A shocking tragedy occurred at Bakersville last Friday night when Missouri Buchanan, fifteen year old daughter of Erbe Buchanan, was shot and killed by Tom McKinney, eleven year old grandson of Tilman McKinney. The shooting took place at the McKinney home and is believed to have been purely unintentional. The boy fired point blank at the little girl, as she returned to the house after milking. The entire charge of shot took effect in her breast. The girl was taken to a hospital at Statesville where she died a few hours later.

The McKinney boy has been placed in the custody of W. M. Stamey, pending his admittance to the reformatory.

One version of the shooting is that the boy had been out hunting in the fields. The girl had been milking with her grandmother near the home, and finishing, returned with her filled bucket. No one saw the actual shooting excepting the boy, who ran into a field, terribly frightened. He returned later on and said he did not know the gun was loaded.

The boy was given a hearing before Juvenile Judge Brown McKinney, who was assisted by the probation officer, S. J. Black. The boy's previous conduct was examined, and it was decided to send him to the correctional institution.—Asheville Times.

BAPTISTS IN CONFERENCE AT RALEIGH

(By T. W. CHAMBLISS)

Raleigh, August 12—Monday closed a series of conferences in which three hundred Baptists, men and women, gathered from every section of the State, have participated. These Baptists came to Raleigh to discuss plans and methods by which the Baptist 75 Million Campaign could be made a great success in North Carolina.

The outstanding feature was the presence of Rev. L. R. Scarborough, D. D., of Nashville, Tenn., the General Manager of the Baptist 75 Million Campaign.

To increase the Baptist contributions to \$15,000,000 a year, to secure pledges and cash amounting to \$75,000,000 and do it in eight days is a great task and will require "The work of the Campaign," said Dr. Scarborough, "is starting off well and the organizations are being perfected in every state. What I am praying for," he said, "is that on the first day of the final dash, Sunday, November 30, Southern Baptists will be able to report the entire \$75,000,000 pledged and leave putting the campaign over the top and giving for missionary operations \$100,000,000.

"WHY I PUT UP WITH RATS FOR YEARS," WRITES N. WINSOR, FARMER.

"Years ago I bought some rat poison, which nearly killed our fine watch dog. It so scared us that we suffered a long time with rats until my neighbor told me about RATS-NAP. That's the sure rat killer and a safe one." Three sizes, 25c., 50c., \$1.00. Sold and guaranteed by Jackson County Hardware Co.

The B. H. Cathey Chapter U. D. C. will have an ice cream supper on Mrs. Picklesimer's lawn next Tuesday evening, to which the public is invited.

CORN

(BY MISS MARY FRIMSTER)

TO CAN CORN—Select young and tender corn—just at the milky stage and remember the motto "Straight from the patch into the can."

Blanch on the cob for two minutes and cut from cob with sharp knife. If any of the grain is left, scrape this off with back of the knife. Place cut corn in kettle and cover with hot water and boil 10 minutes. Put in No. 2 cans or hot pint jars to within 1 inch of top, add 1 teaspoonful sugar, 1-2 teaspoonful salt to pint. If field corn is used add 2 teaspoonfuls sugar to pint—cover with boiling water and if tin cans are used exhaust five minutes, tip can and process 1 hour and 15 minutes for three successive days.

When canning in glass it is the best and safest plan to use pint cans always—if housekeepers insist on quart cans then they must make the time for processing half as long again.

Leave jar lightly sealed until after processing—seal tightly as soon as removing from canner. If Mason jar is used the seal should not be touched on second and third day processing. If Queen jar is used lift clamps when put into process—tighten as soon as lifted out.

The pre-cooking of the corn is a better method as it makes a more uniform product and provides largely for the swelling of corn before placing in cans and insures a high temperature at center of corn at beginning of the processing.

While the time for processing may be lengthened on the first day, the three days process is a sure and is the better and right method.

TO BRINE CORN. Place ears in boiling water for ten minutes; plunge into cold, cut off cob as for canning. To 4 pounds corn add 1 lb. salt; mix together, pack in jar or crock, melt paraffin wax or bees wax and pour over top; put in cool place.

EXCESS PROFITS WILL BE RETURNED TO GROWERS

Washington, D. C.—Collection of excess profits from wool dealers is under way and their distribution to wool growers will begin in a short time, the Department of Agriculture announces.

Reports thus far received show that excess profits were made by about 10 percent of the "country" dealers. Correspondence with "distributing center" dealers indicate that some of them also accumulated substantial amounts in excess profits. Auditing of accounts involves a large amount of work, but when completed the Bureau of Markets will enclose with each check to a grower a circular letter giving the name of the firm which handled his wool and which has returned the excess profits of which the customer is receiving his share.

During the war the government paid dealers a fixed commission on consigned wool, so the excess profits were made only on that part of the wool which they bought outright.

APPROVES MANY PROJECTS FOR HIGHWAY BUILDING

Washington, D. C.—Up to June 30, this year, the Secretary of Agriculture had approved under the Federal Road act 1319 projects, for highway work. They involve 12,790.37 miles of road at an estimated cost of \$133,833,300.67 of which \$54,763,957.81 is to be paid from the Federal Treasury.

On the same date, a total of 677 project agreements had been executed, involving 5,766.39 miles of road, costing \$56,367,334.94. Of this \$23,892,740.97 is Federal aid.

Dr. J. H. Couch, of Chapel Hill, and Mr. Crow, of Asheville, were here Wednesday night, enroute to the Tuckasee Association, which convened yesterday at the Yellow Mountain Baptist church.
