He "Cut In" and Got a Bride

Patrick Mellon, a former gridiron star of the University of California, rather than be overseer of his father's huge ranch, decided to spend his vacation keeping the lines of the A. T. & T. company in Arizona in repair. One day, while working on the poles, he heard a feminine voice trying to connect with Los Angeles without success. He "cut in" and helped her, learned she was Theresie Curtain of Kansas City and in a few months led her to the altar.

Patience No Word for It. "It takes patience," says the Detroit Free Press, "to bring a boy safely through the smart age." And longevity. The smart age usually begins at about five, and lasts until the boy finally leaves home to earn his own living. With a large number of boys it lasts much longer than that, but this fact is concealed from the parents by the absence of the sufferer. Marriage cures a respectable percentage; but many are immune even to this drastic treatment, and bear their chronic ailment until death.

Baby's Stomach Was Puffed Up Tight With Gas
 "I was fearful we were going to lose our little boy. He couldn't eat anything and his little stomach was all puffed up with gas and felt tight and hard. A neighbor told me about Teethina and I stopped everything else and gave him that and now he has 16 teeth and is the jolliest little fellow in the world," writes Mrs. C. E. Grimes, Colquitt, Ga.
 Here is another striking instance where much suffering and anxiety could have been avoided had Mrs. Grimes known of Teethina and had given it at the first sign of trouble. Teethina is sold by leading druggists or send 30c to the Moffett Laboratories, Columbus, Ga., and receive a full size package and a free copy of Moffett's Illustrated Baby Book.—(Advertisement.)
