## Salesmanship Club Creates Interest

Offer of Awards of One Automobile as well as other Prizes and Cash Sums for Commission—Topic of General Interest in This and Other Sections—Send Your Nomination in Today.

Booming along rapidly on the wings of popularity, with the stamp of public approval and with great interest being taken by the public each day, The Jackson County Journal's Salesmanship Club circulation campaign is becoming a topic of conversation throughout the field covered by this paper. And when the prize list is considered, this is not strange. Included in the gifts to be distributed free is one Sport Model 5 passenger Durant car value \$1250.00, besides all the other prizes and cash commissions, as it has been so arranged that all participating and not being among the prize winners will receive salary commission checks on the business they secure. In exchange for a little effort in spare moments—using time for collecting credits that ordinarily would be wasted time. The JOURNAL is offering this wonderful galaxy of gifts, gifts worth a small fortune. Isn't that a mighty profitable way of "cashing in" on spare moments. Since the announcement last week of the club headquarters in the Journal office has had many visitors, and the club manager has been kept busy answering questions. Men and women married and single, and boys and girls visited headquarters to find out if they had read the liberal inducement correctly and to learn further details of the proposition. Letters from the outside field had to be answered also with replies to various queries concerning the liberal offer. Many brought or sent 100 free credit coupons clipped from the JOURNAL, and cast them for themselves or for some friend whom they nominated. Telephone calls were frequent with requests for salesmanship club data, receipt books, report blanks, envelopes, etc., and altogether it was a busy time for the club manager.

One of the interesting features of the opening days of the campaign has been the even percentage of men and women from all localities asking about the prize distribution. Interest is not confined to any one sex, age or locality, and from all indications it appears that there will be almost as many boys represented in the campaign as there will be women and girls. It is a guaranteed cooperative plan by which a large percentage of the collections made and turned in to the campaign department by the club members are turned back to them.

**A REAL FORTUNE.**  
The one big feature of this circulation campaign and one that instantly attracts the attention and mazes so many in fact that participants cannot lose. Every active Club member is guaranteed either a prize or a cash commission. And when it is realized that the cash guarantee on every subscription you turn in is turned in for you is a big asset in the event you do not win a prize, it is easy to see what is in store for the non-prize winners.

The spirit of fairness with which the Jackson County Journal will distribute this array of gifts, has brought forth many expressions of approval.

**WINNING FACTORS**  
Ambition, energy, with plenty of "pep" and a determination to win are the only requirements necessary to land the prize of your choice. The more spirit will more than interest your friends in your behalf. They will work for you just the same as they work for their choice for some county office—for the State representative or Senator etc. Friends who are already subscribers to the Journal will pay up and give you advance payments as, it costs them no more to subscribe through you than it does at the present time.

The campaign will soon be going full blast. NOW is the time to enter and get a running start so that no one will get ahead of you. Look through the paper for the nomination blank right away. Bring it or get it in. If you do not want to

nominate yourself, you may have a friend that you would like to nominate. It does not cost anything either way and you will always be pleased that you did it. TODAY—NOW is the time. Phone number 2 and call for the campaign manager for any information that you desire.

The following is a list of club members nominated up to date. Only the nomination credit for each member is published in this list. The nomination blank will appear in each issue of the JOURNAL during the next three weeks and the names of new members will appear in the list. All members should come to the JOURNAL office early as possible and receive instructions that will be very beneficial to them. Also receipt books, report blanks and envelopes which will enable them to get an early start in their campaign. The relative standing of each club member will be published, according to the rules and regulations of the Club in each issue of the JOURNAL commencing Friday, September 3rd.

### H. B. ALLEN IN BAD

H. B. Allen, former head of the Cowee Mountain School, located on the county line between here and Franklin, has been arrested in Los Angeles, charged with violating the Mann act. Allen, who is head of a similar school for girls at Sabot Virginia, is charged with transporting one of his "adopted daughters" from Sabot to Pittsburg, for immoral purposes.

He was released under bond of \$2,500, and the date of hearing before the United States Commissioner at Los Angeles, was set for July 20.

Dr. Allen founded the school in Jackson and Macon counties about 14 years ago, and later established a similar school at Sabot, Va. The Paul Grady Plantation school at Sabot, was closed by the state authorities of Virginia, last February, and a warning sent out urging that support be cut off from the Cowee Mountain School. At that time Allen disappeared and officers have been looking for him ever since, a federal grand jury returned a bill of indictment against him, charging violations of the Mann act.

At the time Allen was arrested a woman, claiming to be his housekeeper, and two young girls, who stated that they are his "adopted daughters", were also taken into custody.

The state welfare department of Virginia has taken charge of the young people at the Sabot school.

Allen stated that there was nothing to the charges, and that it was spite work of his enemies.

### ERNEST PRINCE KILLED

The body of Ernest Prince, who was killed last Friday, by falling from a truck, near Asheville, was brought here Saturday morning, en route to Caney Fork for interment.

En route to church an hour later he was to have received license to preach, Ernest Prince, 25 a resident of Sylva, fell from the truck in which he was riding and was fatally injured at Leicester.

His head struck the hard pavement and death resulted two hours later at Meriwether Hospital. The deceased was sitting on the edge of the bed of the truck and fell off as it rounded a corner. Five minutes later he was missed and upon turning back, the driver found the deceased suffering from a fractured skull. Mr. Prince was attending the Conference at Leicester Methodist Episcopal Church, when he was noticed on the side of the road by Gordon Hutchins, son of Charles Hutchins. The visitor was invited to ride to church and took a seat on the side of the truck. The driver was about 200 yards from the place where Mr. Prince fell, when the former was missed. They were in sight of the Church, when the accident happened. He was brought to the hospital by Robert Rogers and Rev. B. L. Barnhardt, pastor of the Leicester Church, with whom he was stopping. They were on the way about an hour and Mr. Prince lived for about an hour after they arrived at the hospital. His skull was fractured in several places in addition to a fracture at the base of the skull.

A widow, a small child and his parents survive.

### RECORDER'S COURT

Lebo Woods, found guilty of reckless driving, driving an automobile while intoxicated, and malicious injury of personal property, was found guilty on all three counts, and ordered to pay the costs, pay for the damage to the automobile of Perry Duncan, and placed under a \$500 bond to appear at court every two weeks and show good behavior and that he has not taken a drink of whiskey.

L. D. Bradley was found guilty of aiding Doc Messer to escape, and prayer for judgement continued until August 13, and was advised by the court to write Messer and tell him that he had gotten his friends into trouble, and had better return to the state and take his medicine.

L. D. Bradley was found guilty of public drunkenness and fined \$15 and the costs.

Roy Carnes, charged with having whiskey off his own premises, was called and failed. Judgement nisi fa and capias issued.

Adam Moses and Roy Moseman each were charged with reckless driving and driving without license, following a collision of their cars, at East La Porte. Moses was found guilty of reckless driving and ordered to pay for the repairs of Moseman's car, and to pay the costs. Moseman was found not guilty of reckless driving, and no prose was taken as to both men in the driving without license cases.
