1.50 THE YEAR IN ADVANCE

SYLVA, N. C., AUG. 10, 1923

\$2.00 THE YEAR IN ADVANCE

Still Time to Forward Entry In Salesmanship Club and Win A Prize

TODAY IS THE RIGHT TIME TO JOIN CLUB AND CATCH THOSE ALREADY ENTERED IN THE JOURNAL'S \$2500.00 AUTO AND GIFT CAMPAIGN; TAKE ADVANTAGE OF BIG CREDIT OFFER; EVERY ONE IS A WINNER IN THIS CAMPAIGN.

The big thing now in the Jackson County Journal Salesmanship Club is the FIRST CREDIT PERIOD.

The time to enter the campaign is right NOW while this big credit offer is in force.

YOU can enter the campaign now, and with a little effort get as good a standing as any one in the list. YOU can win the Automobile just as well as any one else; the FIRST PERIOD CREDIT offer is the biggest and best inducement that will be made during the entire campaign.

Keep this in mind—a one year's subscription turned in now gives you 12,000 credits; the same one year's subscription turned in during the last week of the campaign will give you just 6,000 credits. You get twice as many regular credits for each and every subscription that you turn in during the present First Period Credit offer.

The standings as published show that a number of people are getting busy in the campaign, but there is not a standing in the entire list which need discourage any one. On the contrary, there is every evidence, when you look at the list, that the campaign has hardly begun. A great many people in the list, you may notice, are overlooking the greatest opportunity to profit than has ever come their way.

Those who win the automobile and all the other awards, are those who use every effort in securing subscriptions. Rather, they will always be on the lookout to create an opportunity to land a subscription, even if one does not seem.

"HUSTLE" is a very good word in this campaign.

Send in your nomination coupon now—today—and hustle.

The following is a list of Club Members and their relative standing. This list will be published every Friday by the Club manager up to and including Friday September 7th. All active participants will receive a prize or a cash commission check.

SYLVA COLLEGIATE INSTITUTE

It will be of great interest to the many loyal supporters and friends of S. C. I. to read the following:

First of all, we are moving into our new administration building. Made possible through the untiring efforts of our friends, local board of trustees and Dr. A. E. Brown, superintendent of Mountain Schools. This building has twelve rooms already finished and ready for occupancy. The building is equipped with water works, and all modern conveniences.

Second, Our school has met all the necessary requirements outlined by the State educational authorities and our 1924 graduates will receive all the benefits of an accredited high school.

We offer as good a high school course as any high school in the State. Our faculty is surpassed by none all of whom are consecrated Christians giving their very best to those who come in contact with them. Third, It is our supreme aim to offer a distinct religious sort of training, plus the literary training. We offer two years of Bible together with training in Sunday school work. We have two good young peoples B. Y. P. U.'s; in fact we aim at making the very atmosphere in and around our school so strong for the uplift of those who come to us until all our students will be constrained to live the higher and nobler life.

Fourth, If your boy or girl is going away to school and the above sort of training appeals to you, it will be our delight to serve you in this capacity.

Fifth, It will only cost you from \$150 to \$175 per nine months' session to keep your boy or girl in school at Sylva Collegiate Institute.

Sixth, Our 1923-24 session will open August 15th. Applications are coming in every day. If it is your intention to have your child under our care, please do not delay. Write Prof. R. F. Hough, Sylva, N. C., for further information.

R. F. HOUGH.

ONE DISTRICT WANTS CONSOLIDATION.—ANOTHER OBJECTS TO THE PLAN.

The main worries of the board of education at its meeting, Monday were consolidation problems. The first delegation of citizens to confront the board was from Speedwell, which delegation was pleading for the board to devise ways and means for their school district to be consolidated with the Cullowhee district, so far as pupils above the fourth grade are concerned, and for the board to provide immediate transportation, by truck, from Speedwell to Cullowhee for the children. The difficulty in the way was the fact that there isn't time to hold a special election in the Speedwell district to vote it in the special tax district of Cullowhee, allowing the Speedwell boys and girls the opportunities of the Cullowhee school, this year. The matter was arranged by the citizens of Speedwell district, petitioning the county board of commissioners to include them in the special levy this year, and an election to be called later. The truck is to be put on from Speedwell to Cullowhee as soon as one can be provided. The large pupils are to be transported from Speedwell to Cullowhee, this year, and a one teacher school is to be maintained at Speedwell for the children from the fourth grade down.

A large delegation from the Norton district in Hamburg township arrived bearing a petition, which it was claimed was signed by every citizen in the district except one, asking that that district be not consolidated with the Glenville High School district. Members of the board explained the consolidation plan to the people present, stating that it is the only way in which high school education can be placed within the reach of the children of the upper end of the county, and showing that under the consolidation plan the number of classes that each teacher has to hear during the day is reduced from about 26, for a one teacher school, to about 6 for the consolidated high school. The board decided not to override the wishes of the people of the Norton district, although it will to some extent eripede the Glenville High School, by reducing the available funds, that it would have gotten for maintenance, this year. And the two districts will not be consolidated at this time. After the meeting adjourned for dinner, a number of the Norton delegation expressed the opinion that when a dependable road is constructed all the way from Glenville to beyond the Norton school house, that it is probable that sentiment as to the consolidation plan will change and that the people there will be willing to the consolidation of the two districts. They are practically all of the opinion, however, that consolidation is at present impracticable there, as the road for a part of the way becomes slick, muddy and dangerous for truck transportation, during the winter months.

HARDING'S FUNERAL WILL BE TODAY

President Warren G. Harding, who died in San Francisco, last Thursday night will be buried at his home town, Marion, Ohio, this afternoon.

A special funeral train bearing the remains of Mr. Harding, his military guard of honor, Mrs. Harding, and members of the president's party, who accompanied him on his trip through the west and to Alaska, left San Francisco at 7 o'clock in the evening, last Saturday, and arrived in Washington 6 P. M. Tuesday. Wednesday the body lay in state in the rotunda of the capital, and thousands of the dead president's fellow citizens paid their last respects to him, the official funeral being held Wednesday, and being participated in by President Coolidge Chief Justice Taft, former president Woodrow Wilson, and members of the senate and house of representatives, and practically the entire diplomatic corps.

The funeral will be held at the president's home in Marion, Ohio, this afternoon, and thousands of Americans journeyed there to pay their respects.

The funeral train was greeted at every town, village, hamlet, county, side and city from one side of the continent to the other, by groups, sometimes only a few in the smaller places, sometimes thousands in the larger towns and cities, groups of silent men and women, gathered to show their sorrow at the death of the president of the United States, and to show the deep and abiding sympathy that America has for his widow and the members of his immediate family.

President Coolidge, upon arriving in Washington from his home in Vermont, took up his residence in the New Willard hotel, and he and Mrs. Coolidge will remain there until it meets with the convenience of Mrs. Harding for them to reside in the White House. Mr. Coolidge has invited Mrs. Harding to make the White House her home as long as she wishes.

65 PEOPLE BAPTISED AT BETA

Sixty-five people were baptised in Scott's Creek, near the Scott's Creek Baptist Church, at Beta, Monday morning, marking the close of a most successful evangelist campaign that has been in progress for the past few weeks, at that church. The pastor, Rev. Thad F. Deitz has been assisted in conducting the meeting by Rev. Wiley Connor. The total number of conversions at the meeting was seventy-one, and the meeting is one of the greatest religious shake-ups that any Jackson county community has ever witnessed.
