Rush For Second Period Crdits On In Earnest In Journal's Club

Best remaining Credit Offer in "Sales" Drive in now on and will last until Saturday Sept. 8-After that time Third Schedule of Votes will be effective-A decline of 25 per cent in subscription credits went into effect at 6 o'clock Saturday night-There will be another 25 per cent decline in credits at 8 o'clock Saturday night, September 8-Watch these dates-September 8-15.

Here is the first published stand- | tle and measures your strength. ing af the "live wire" Club Members after the close of the first Period of the Journal's Salesmanship Club Saturday night, Sept. 25. Did they "go over the top"? We'll say so. Compare their relative standings of today with the published standings August 24 and you

Excitement and intense activity prevails among the Club Members in the Salesmanship campaign as each (lub Member realizes that she is in reach of a prize worth as much as \$1250.00 and to be won or lost durin the next two weeks, depending almost entirely upon the number of subscriptions turned in while the BIG "Second Period" is on, and which expires at 8 o'clock Saturday night, September 8.

Club members are now going after every subscription, and extension on subscriptions that they have secured earlier in the campaign, in sight; they realize that they must fortify their present standing with every available subscription and extension as, at the present writing it is "anybody's race". So close are, the head-lines running that any one of them can win a motor car in the short time that remains.

The First Period of the Salesmanship Club, which closed on Saturday night, was a great success. Tens of thousands-yes, hundreds of thousands-of credits were issued and every "LIVE" club member profited mightly.

It is a strange coincidence, too, and something very unusual in affairs of this kind, but each of the club memebers who were striving for the capital prize auto benefited so equally during the period just closed that not without hair line figuring could today's leader be determined.

The campaign, therefore, so far as the relative standing of the club members are concerned, depends almost entirely upon the results attained by the different club members between now and the finish of the campaign as to whom the winner will be.

The above is not "mere talk" for the sake of telling it, but it is a real fact-theories and ridiculous, silly rumors not with standing. Hence, the struggle for supremacy will be fought out during the next few days because the campaign comes to a elose two weeks and one day from this date. The final close of the campaign will be Saturday night, September 15th.

During the second credit period ending Saturday night, September 8th at 8:00 o'clock sharp, subscriptions will count BIG and there is a BIG lot of them to be obtained if you make the effort to secure them, in fact, they count almost as many eredits now as they did in the First Period . For example, a six year subscription turned in during the Second Period counts 370,000 credits where formely 460,000 credits were given. Then too, EXTENSIONS COUNT BIG. IT WILL PAY YOU NOT TO OVER LOOK THEM.

Better Be Safe Than Sorry. A few more laps and the race will be over: two weeks and one day and day. the campaign will end. Only a very short time remains to choose between victory and defeat. Don't overlook a single chance to better your credit standing and increase your opportunity to win. Avail yourself of every opportunity this BIG second period offers you.

It means something to win in a the winner of the SportModel Durant morning. tar \$1250,00. It is a demonstration of capacity and salesmanship which Wednesday. is extraordinary. Sometimes it proves up the "yellow" in your bogus friends and reveals your true friends, and it always tests your met-

Don't let any one discourage you

don't listen to or believe the rumors that will be started for damaging effect. If some one had secured five or ten times as many subscriptions as you have, they WOULD NOT TELL IT. If they did, that would give you a chance to secure twice as many as they say they have and they do not want you to do that therefore, all rumors are bunk pure and simple. SYLVA

SYLVA SCHOOLS TO OPEN MONDAY

The Sylva Public School will open the 1923-24 session Monday morning at 9 A. M. and we hope that every parent will make a special effort to have all children in school the first day. The elementary school will be taught by one of the strongest faculties in the State.

The Sylva Central High School will open its first session in the Sylva Public School building at the same time. The Sylva High School has been doing excellent work for the past two years. The Central High School will do much better work and parents and students alike can feel a just pride in having the opportunity that this school affords.

The truck will begin operating to bring the students to school the first day. It will leave Balsam Monday morning about 7:40 and will reach Sylva about 8:30 after which it will go to Dillsboro and will leove there about 8:45. This truck will be absolutely warm, safe and comfortable. Every effort will be made to secure the satisfaction of parents whose children are transported in the truck.

Mr. W. O. Hampton will again be the superintendent, and the following faculty will assist him in the work The visitors were delighted with the of the public schools:

Miss Mabel Fisher, A. B., Greensboro College for Women, Mathe-

MASONS HAVE DIS-TRICT MEETING

One of the most largely attended and most profitable District meetings of the Masonic order ever held in North Carolina, closed here Friday, when the Masons of the 42nd Masonic District were in session, as the guests of Sylva Lodge.

The program was opened at 1:00 P. M. by the address of welcome, by Dan Tompkins and gracious response by R. F. Jarrett.

An inspiring address on the Brotherhood of Man and Masonic Education was delivered to the lodge by Walter H. Wicker, of Elon College, Educational Field Secretary of the Grand Lodge of North Carolina.

Short talks along the same lines were made by Geo. C. Cox, of Raleigh, "Daddy" Randolph, of Asheville, District Deputy Grand Master, Lawrence E. Green of the 41st district and others.

The visiting brethren were taken by automobile to the Cullowhee Normal and Industrial School, the great educational institution of the state, in Western North Carolina, and a part of the public school system, behind which the masons of America stand 100 per cent strong. improvements that are being made Miss Mary W. In the evening the third degree was conferred upon C. C. Buchanan, of Sylva, and J. T. Hall, of Ravensford, by Sylva Lodge.

Sunday morning Rev. J. T. Gillespie, pastor of the Bryson City Presbyterian Church, delivered a splendid sermon, at the High School auditorium, to members of the Masonic order and others, the lodge attending in a body.

Sunday evening, Dr. Wicker, educational field secretary of the Grand Lodge of North Carolina, filled the pulpit at the Methodist church.

The district meeting was attended by a large and enthusiastic body of Masons, every Lodge in the district sending splendid delegations.
