**Don't Let That Cold
Turn Into "Flu"**

Rub on Good Old Musterole That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once. Rub good old Musterole on the congested parts and see how quickly it brings relief.

Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the messy old mustard plaster, does the work without blister. Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, in jars and tubes.

NO WONDER HE WAILS

Col. Macks Willard of Los Angeles tells a tough luck story. He's 7 feet 2 inches tall and weighs 310, so can't get clothes, shoes, hats or other garments unless they're made to order. No girl will marry him because she couldn't be on the level with him. He has to pack his own bed along because no hotel has one long enough; went to war, but was too much of a target, being shot nine times; has to sit in the back row or rent a box at the theater, and can't use a telephone booth because they're not built big enough. But to pretty Lillie Buker he confided that there's one advantage and that is he's so tall he can see all the pretty girls in a crowd.

Magnificent, for the Dentist.
A friend of ours went to a dentist and asked him to take a look at his teeth. The dentist did so and seemed full of admiration.
"What do you think of them?" asked the patient.
"Magnificent! Magnificent!" was all the dentist said.
"Then you don't find anything to do to them?"
"To do to them? Why, there are four to be pulled, six to be filled and a bridge to make," said the dentist.
