

NERVOUS, RUN-DOWN MOTHERS

Worn Out Caring for Children and Housework—See how Lydia E. Pinkham's Vegetable Compound Helps

Indianapolis, Indiana.—"I was in a very nervous and run-down condition while nursing my baby, and hearing some talk of Lydia E. Pinkham's Vegetable Compound, I began taking it. From the second bottle I noticed a big improvement, and I am still taking it. I am not a bit nervous now, and feel like a different person. It is a great medicine for any one in a nervous, run-down condition and I would be glad to give any one advice about taking it. I think there is no better medicine and give you permission to publish this letter."

—Mrs. ANNA SMITH, 541 W. Norwood Street, Indianapolis, Indiana.

The important thing about Lydia E. Pinkham's Vegetable Compound is that it does help women suffering from the ailments common to their sex.

If you are nervous and run-down and have pains in your lower parts and in your back, remember that the Vegetable Compound has relieved other women having the same symptoms. For sale by druggists everywhere.

BIG ULCER ALL HEALED

"Here is another letter that makes me happy," says Peterson, of Buffalo. "One that I would rather have than a thousand dollars."

"Money isn't everything in this world. There is many a big-hearted, rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment, to sell at all druggists for 60 cents a large box."

Dear Sirs:—

"I was an untold sufferer from old running sore and ulcers. I had tried most everything without any relief from pain. A friend told me of your wonderful ointment and the first box took away the pain that had not left me before in years, and after using just nine dollars' worth of the salve I am cured. The ulcer was 9 inches by 6 1/2 inches, is all healed and I can walk. Never, never will I be without Peterson's again."

"You may use this to recommend your ointment, if you wish. I cannot say enough to praise it. Yours truly, Mrs. Albert Southcott, Lyndonville, N. Y." Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

Hindus Again Burn Effigies of Ravna at Lahore

After having been in abeyance since 1919, the great Hindu festival culminating in the burning in effigy of Ravna, celebrated from time immemorial, has been resumed in Minto Park, Lahore. Over 200,000 persons of both sexes participated in the festivities, which are for the purpose of keeping fresh the sacred memory of Rama's victory over the tyrant, King Ravna of Ceylon. The photograph shows some of the effigies of Ravna that were burned.

Makes Plane Starting Safe

A new device for the starting of a plane has just been introduced at McCook field in Dayton, O., which practically eliminates the danger of the old method of turning the propeller by hand. The device is fastened to a motor truck and is brought on the field and fastened to the propeller which is spun with the turning on of the "juice."

Brings Wonderful Divining Rod

Boris Szaboloff, Russian scientist and psychic expert, has just arrived in this country with his divining rod which, he claims, can detect all concealed symptoms of guilt in criminals and find hidden oil wells and gold deposits. The photograph shows him demonstrating the rod on his wife.

Another Joke Is Exploded

It has often been said by humorists that the Chinese do not know the new popular Chinese game of mah jongg. Proof to the contrary is furnished by this photograph of the Chinese members of the steamship President Lincoln engaging in the game in their leisure time.

More Babies Born in Hospitals Now

Seeking out the birthplace of Americans is a practice destined to disappear, according to the present trend of birth statistics. Figures gathered by physicians and health agencies show that the percentage of babies born at home is steadily falling off, with a corresponding increase in birth at maternity hospitals. In many communities throughout the United States, it was said at the recent convention of the American College of Surgeons, more than a quarter of the children are hospital-born. In certain localities the figure is as high as 75 per cent.

The New York Nursery and Child's hospital, 161 West Sixty-first street, has completed a survey of facilities for maternity service on the upper West side, in which it was found that an increasing number of women are having their babies at the hospital. John R. Howard, Jr., superintendent, pointed out that while only 31 ward cases of every 100 attended by the hospital's physicians in 1916 were handled at the hospital, the number today is 57 out of every 100.

The Spectrum

A ray of sunlight, shining through a prism and separated into the succession of colors called the spectrum, is only visible in part to human vision. Below the red at one end and above the violet at the other, as we all know, are colors which are invisible to us, and whose quality we cannot conceive. We know, however, that they are appreciated by the eyes of some insects.

His Nagging Wife

"There's no satisfyin' woman," bitterly complained Hank Smith to a fellow commuter. "Here's Marie, she's naggin' me for months to let her have a maid. I gets her one and thinks everything'll be hunky for a bit. But is it?"

Smith snorted. "Now she wants new china, glass and furniture. Says she's ashamed before Olga, the maid, of all our old stuff. It's up to me to keep peace, so I'm going to—"

"Fire the maid?"

Hank looked pityingly at his friend. "It's easy to see, Bill, you ain't a married man."—New York Sun.

Oldest Historical Tree

The oldest historical tree (not the oldest tree) is one in Ceylon. It is known to have been planted, as a cutting from the Bo tree under which Gautama meditated, in the year 245 B. C. From that time to this it has been carefully tended and watered; its great branches are supported by pillars, and the earth has been terraced up about it so that it has been able to put out fresh roots continually.
