FRIDAY JANUARY 2, 1925.

Sylva Needs A New Hotel.

Old "24" wasn't half bad, at that.

Trinity by another name will be more prosperous.

The fishing season is only a few weeks ahead. Hot-dog.

The cold... Christmas in 19 years; but a dandy one.

Who is conducting this much-pretended trade revival?

"What's in a name?" Trinity's trustees evidently are millionaires.

The most fragile of all commodities are New Year resolutions.

A day from that 'nuptial million majority, 1924 produced pretty good results.

The best way to make it a happy New Year is to make it a happy New Year.

That party committee will have to raise its sights in order not to miss North Carolina.

The valley of humility has grown into a mountain.

One thing can be said in favor of 1925, in the beginning, it isn't election year.

The Indiana governor, Emmitt F. Branch, is working to save the trees of Hoosierdom.

"Auto Thieves Munt", screams an Asheville head-line. Sure they do. That's what they steal 'em for.

From the way it was stacking up we wouldn't have minded if 1924 had lasted another twelve months.

The surprising thing about it all is a North Carolina having forty million to give away as Christmas presents.

Don't get puffed up because you haven't broken those New Year's resolutions. They are only two day sold.

A cash bonus would have come in mighty nice at this time; but that paid up insurance policy feels good to the touch, eh boys!

Another reason North Carolina has for being proud of herself is the apparent fact that Judge Lynch has been forced to permanently abdicate.

Every time we hear a weather report from Waynesville, Asheville, Hendersonville and east, we are glad our local east was not the Balsams.

For the third time this winter the counties east of the Balsams are but of under snow while favored Jackson is enjoying balmy weather.

Sometimes we thought he treated us more like a step-ther than an uncle; but it is good to have an old Uncle who will come across with a paid up insurance policy.

The opening of the emerald highway from Canton to Clyde was a great Christmas present from the state highway commission to the people of Western North Carolina.

When we really become civilized reputable newspapers will stop publishing prognostications of astrologists, and other rank superstitions, that have been brought forward in the dark ages.

Headlines have a special license to play havoc with the King's English; but when the Asheville Times goes so far as to refer to a single negro thief as a 'party' we must register a feeble protest.

Suggested yell for Duke University:

Cigarette, Cigarette,
Smoke, Smoke, Smoke,
Power Power.

These plugs for a quarter,
Chew 'em up, Chew 'em up,
Duke, Duke, Duke.

WORTH WHILE CALENDARS

The usual calendar as prepared and mailed out by business houses has a printing of more or less artistic value, a gaudy gilt, or some folderol, or a nature scene advertising the beauties of some other section of the country. They have little or no merit, and do not advertise the home region.

This matter was given serious consideration at a meeting of Western North Carolina Incorporated, last summer, and it was suggested that Western North Carolina business firms be requested to use scenes from our own wonderfully beautiful mountains. Thus we would advertise Western North Carolina without expending an additional sum.

This year, in its 1925 calendar, the Journal has done the county a great service by advertising a set of excellent maps of Jackson county. The drawing is the work of Mr. Thomas A. Cox, and gives nearly all of the vital information concerning the county, such as the rivers of the county, and the other numerous water courses, the several mountain ranges, principal highways, school houses, churches, and a host of other information, that is both interesting and beneficial to all persons interested in Jackson. Our own people as well as strangers.

HAIL TO DUKE

In the University of North Carolina the state has the oldest and one of the best state universities of them all, and in recent years North Carolina has been ably supporting her state university.

The princely gift of Mr. Duke has made this possible, capping Mr. Duke's generous offer transposes a college into a university, and gives the South a great school of higher education that will rank with the great universities of the East.

The princely gift of Mr. Duke has made this possible, and it is fitting that the institution should bear his name. It is most appropriate that the big university of the South should be located in North Carolina, the leader of Southern thought and Southern action.

Bad Coughs Ended Quickly by Double-Action Remedy

Remarkable results in quickly clearing up the severest coughs have been obtained with a prescription by a well-known specialist that does two things at once. It not only soothes and heals the soreness and irritation, but it very quickly loosens and removes the phlegm and congestion which are the real cause of the coughing. It is often astonishing how speedily the cough stops.

The prescription is known as Dr. King's New Discovery for Coughs. It is particularly valuable for night coughing. To promptly end this annoying and weakening scourge, simply before retiring take one teaspoonful of Dr. King's New Discovery and hold it in your throat 15 or 20 seconds before swallowing. People who have been unable to rest on account of continual coughing have often gotten their full 8 or 9 hours' sleep by this simple method.

Dr. King's is excellent, too, for children's spasmodic croup, bronchitis, laryngitis, bronchial asthma and hoarseness. On sale at all good druggists. Ask for
