### Alley Receives Strong Endorsement in Congressional Race — His Neighbors Praise His Merit and Ability.

The friends of Hon. Felix Alley present for the favorable consideration of the voters of the Tenth Congressional District his candidacy for the Democratic nomination for Congress.

A native of Jackson County, but for the past twelve years a citizen of Haywood County, both as a public man and a private citizen, he is well known by the people of North Caro-

lina. Mr. Alley is, in the truest sense, a self-educated and self made man. Handicapped in his early life by the lack of educational opportunities, yet, despite all obstacles and by force of character, studious habits, untiring industry, unflagging courage and incessant endeavor, he has won his way to a position in the front ranks of his chosen profession, and is recognized by all as the equal of the ablest lawyers in North Carolina; while as a forceful and eloquent political orator, we believe that he has no superior in the entire State.

A close student of political questions and public affairs, he never fails to answer his party's call, and every campaign finds him where the

battle rages most fiercely.

Always patriotic, always loyal, and always ready to serve, he will, if he shall be the choice of the Democrats in the forthcoming Primary, make a campaign for his party that will recall the days when the matchless Crawford and the indomitable Craig, by their irresistible eloquence, aroused to intense and fervid enthusiasm the Democracy of the mountains.

The eyes of the world are on Western North Carolina, and we need a man in Congress who can tell the story of the glorious traditions of our past, the marvelous triumphs of our present, and wonderful possibilities of our future.

Elect Felix E. Alley, and we shall have a representative whose voice will be heard and heeded, and whose ability and experience will be used in the Halls of Congress for the lasting advantage of our District and our State.

I, William A. Band, Editor-Owner of the Waynesville Mountaineer, do hereby certify that the original of the foregoing statement, in the handwriting of Prof. Robert L. Madison of Cullowhee, under whose instruction Felix E. Alley completed his high school course, is now on file in my office, signed by many hundreds of representative citizens among whom Mr. Alley has lived and labored in Jackson and Haywood Counties.

BE THE BEST.

"If you can't be a pine on the top of the hill,  
Be a scrub in the valley—but be  
The best little scrub by the side of  
the hill;  
Be a bush if you can't be a tree.  
"We can't all be captains; we've got  
to be crew;  
There is something for all of us  
here,  
There's big work to do and there's  
lesser to do,  
And the task we must do is near.

"If you can't be a highway, just be  
a trail,  
If you can't be the sun be a star;  
It isn't by size that you win or  
fall—  
Best the best of whatever you  
are!"

The pleasing light gray color of concrete dresses up any street

## Money Saving Facts About Concrete Street Paving

Concrete is durable. It will not shove, roll or rut. It remains as true and even as built.

Concrete pavement is now satisfying taxpayers in hundreds of cities throughout the United States. 1000 cities built concrete streets in 1925.

Maintenance cost is low. No expensive special equipment is required.

Concrete provides a safe surface for traffic. It is never slippery after rains.

Concrete's light gray surface harmonizes with the green of lawns and trees, also with sidewalks, curb and gutter and in-drives, which are universally of concrete. This light gray color is of special value at night. Passing vehicles and people crossing the street are more easily seen.

Concrete pavement is not noisy. 95 per cent of traffic today is rubber tired. Rubber on concrete does not make noise.

Oil drippings will not cause concrete to disintegrate.

35,500,000 square yards of concrete pavement placed on city streets in the United States in 1925.

Concrete gives you more pavement value for each dollar invested than any other type.
