Marsh, who is completing his job on the Franklin-Sylva road, has been retained as consulting engineer on the project, and stated to The Journal that the job this time will be of high class work, insuring the permanency of the Lake.

Situated in beautiful Cashier's Valley, under the shadow of the Devil's Court House, an altitude of more than 3500 feet, and encircled with good highways, Lake Cashiers is one of the most ideally located of all the artificial lakes in Western North Carolina. It emounds the waters of the Chattooga River, and will greatly add to the many tourist attractions in upper Jackson county.

June Meeting of Qualla Club Good

The Boys and Girls Community Agricultural Club of Qualla held its June meeting on the farm with Ruth Ferguson, daughter of Mr. and Mrs. Paul Ferguson. The attendance of active club members was one hundred percent. The effort of Ida Battle Club Secretary and Mr. H. G. Ferguson, local leader for the club are getting some splendid results. The interest of parents in Qualla club boys and girls was expressed by the presence of Mr. H. G. Ferguson, Mrs. Paul Ferguson Mr. L. C. Cagle and Mr. J. H. Reagen all of whom attended the club meeting with their boys and girls and brought the neighbor boys and girls in their Fords. County Agent C. W. Tilson says it holds good throughout the United States in club work that wherever you find a boys and girls club doing good active work you will find a good local leader and parents that are really interested in their boys and girls. And wherever you find boys and girls living on the farm that are not interested in farm life and their own community their parents are neglecting their responsibility to go backwards in everything necessary for building up an ideal community.

The program at this meeting consisted of a field study of the bean bug and how to control it, and a study and discussion of the poultry demonstration Ruth is carrying out with a standard brooder, brooder house and 250 Barred Rock chicks now weighing around 1 1/2 pounds each.

The parents present took a very active part in the discussion and plans for the club encampment and assured the boys and girls that they would take them to the camp, visit them and join in camp life for a day with them. The parents of club boys and girls in the other seven club communities have a wonderful opportunity to profit by this example. Many of them are doing this too.

THE JOURNAL IS LATE

We hope that this explanation will meet with the approval of our 10,000 readers.

MONDAY IS DOLLAR DAY IN SYLVA--MERCHANTS MAKE BIG ONE DOLLAR OFFERS

Monday, July 12th, Sylva, through the co-operation of a large number of the shops of the town and the Jackson County Journal, is instituting the first Municipal Dollar Day.

The plan has been used with entire success to the people of the trade territory and the merchants, in many sections of the United States, for years, and has proved to be a source of profit to the people who buy, as there are always many one dollar offerings made, that can not be duplicated ordinarily.

It makes the buyers' dollar go further and buy more.

It gives the people who spend an opportunity to get the most for a dollar.

The Sylva Dollar Day will be no exception to the rule. It is expected that there will be big crowds of people in town, to take advantage of the offerings made, and that both the buyers and the shop keepers will profit by the big volume of trade.
