ENJOYING TRIP ON THE WEST COAST

Jackson County Journal, Sylva, N. C., Dear Editor: I am persuaded to think, I am not only missed, but forgotten by many of my friends, nevertheless I live. Just to seep out and be engulfed with this wonderful climate, beauty of scenery, richness, and vast industries that are found in Southern sunny California and especially in Los Angeles county is worth all it costs. My trip so far has been a grand privilege. If I can get back across the Mississippi I shall have nothing to regret. With best wishes to everybody.

Sincerely,
Mrs. Laura Kitchin.
Mrs. Kitchin has been entertained by a number of Jackson county people living in the West, during her trip to the coast.

To the Mothers OF JACKSON COUNTY

Mothers Day
May 8

There are those who will say that sentiment in business does not exist, but it is often quite hard for those making the charge to prove their claim. This institution and its success owes a full fifty percent to sentiment—the sentiment of its patrons for the institution and the institution's sentiment for its patrons, built up over a period of years.

There are mothers today in Jackson County who with their husbands and families have made this bank their bank for years, some since school days; others as brides with husband, came here to allow us assist in their saving plans.

To all Mothers of Jackson County we dedicate this space. It is the Mother spirit which directs her children and children's children to the paths of thrift and comfort. We extend all good wishes
