## DAIRYMEN OF STATE FORM NEW ASSOCIATIONS

Raleigh, N. C., June 7.—Indication of the increasing interest in dairying throughout North Carolina is the movement to organize the creamerymen, the formation of a new cow-testing association, and the better dairy sire campaign.

All the managers and operators of creameries throughout the State met in Salisbury on Wednesday, June 9 to organize a State Creamerymen's Association. There are now 20 such plants in North Carolina and from replies received to a letter sent out by A. C. Kimrey of State College before the meeting, it was evident that each of these plants were represented at the Salisbury meeting. The organization was formed by a demand from the creamery manufacturers that they have an association which would help them in meeting their problems and in improving the quality of butter manufactured.

Twenty dairymen organized to form the new Guilford Cowtesting Association. These men own about 650 cows and were concerned about the profits secured from the individual cows in the herds. The old Piedmont Cowtesting Association already organized in Guilford County had proven to the unorganized dairymen that it pays to know the records made by the animals kept. The new association was formed through the efforts of Mr. Kimrey and J. I. Waggoner, county agent of Guilford County.

Announcement was made recently that commercial dairymen and dairy manufacturers in the State would donate sufficient funds to continue the dairy sire campaign which was waged so successfully during the past two years. Last year, the county agents engaged in this campaign placed 350 pure bred registered bulls and replaced about 250 scrubs. The five county agents most successful in the movement this year will have all or part of their expenses paid to the National Dairy Show which meets at Memphis, Tennessee, in October.

Extension circular 114, "Canning Fruits and Vegetables," by Mrs. Jane S. McKimmon gives the best methods women in taking care of their surplus produce. A copy of this publication may be had on application to the agricultural editor at State College

A supply merchant of Zebulon in Wake county is purchasing and selling soybean seed at cost as an inducement to get more farmers of the section to grow hay and feed this year.

Preaching Saturday before the fourth Sunday at 2:30 and Sunday at 11. Sunday School at 10.  
 Everybody is invited to attend all these services
