What it takes to Build a House
We Have It

Often in the years we have been serving you, we have made that assertion. There has just been completed, on Allen Street, a beautiful new residence, to be occupied by the owner, Mr. H. R. Hastings. We are proud of the fact that every bit of material in this residence was furnished by us.

It proves again the assertion that "What It Takes to Build a House, We Have It."

When you look at this, and the other beautiful buildings erected in and around Sylva, think of us.
