Rev. Ben Cook, Pastor.
 Preaching Saturday before the fourth Sunday at 2:30 and Sunday at 11. Sunday School at 10.
 Everybody is invited to attend all these services

QUALLA BAPTIST CHURCH

Rev. R. L. Cook, Pastor
 Sunday School every Sunday morning at 10:00 o'clock
 Preaching Third Sunday Morning in each month at 11:00 o'clock.

Farm organization representatives from every part of North Carolina are expected to gather at State College on August 26 to decide on the organization suited to this state.

Calcium arsenate is giving fine results in controlling Mexican bean beetle this summer.

FOR OVER 200 YEARS

harlem oil has been a world-wide remedy for kidney, liver and bladder disorders, rheumatism, lumbago and uric acid conditions.

GOLD MEDAL HARLEM OIL CAPSULES

correct internal troubles, stimulate vital organs. Three sizes. All druggists. Insist on the original genuine Gold Medal.

RADIO TESTS ON SINGERS OF N. C. IN OCTOBER

Asheville, N. C. Aug. 9.—Radio Station WWNC at Asheville, has been chosen by the Atwater Keet Foundation as the location for tests to be conducted in October. The most promising young radio singers in North Carolina. Station WWNC is a 1000 watt station, owned and operated by the citizens of Asheville, through the Asheville Chamber of Commerce, and broadcasting on the wave length of 1000 kilocycles or 296.9 meters.

Early in October the singers with the most promising voices in each city in North Carolina will journey to Asheville where the tests will be conducted, according to J. Dale Stenz, Director of the Station. Tests will be conducted on the nights of October 13 and 14 and the judges will evaluate the ability of the contestants through the reception gained through receiving sets nearby. The decision of the judges will be rendered immediately following the programs broadcast and the quality of the voices will be judged entirely from the radio standpoint, those broadcasting with the greatest clarity and beauty being chosen as winners of the state contest.

Winners of the North Carolina contest will go to a district contest meeting and compete against winners from other states, the winners of the district contest going to still higher competitions till the national contest which will be held later. It is expected that North Carolina will broadcast singers of high quality in this contest.

At WWNC the evening of October 13th will be devoted to tests for the best voice among all girl contestants from different cities. October 14th is the night set for the contest among the young men. The judges will decide by vote and will not collaborate in the decision, the voice receiving the most votes being declared the winner of the contest.

The judges will not see the singers but will decide by means of radio reception from receiving sets established at various parts of the city.

UNIQUE INSTRUMENTS PLAYED AT CULLOWHEE

A program featuring unique musical instruments was given as the mid week chapel exercise at the Cullowhee State Normal School Wednesday. The broomophone, the ocarina, and the concert harmonica created a sensation and won much applause.

Miss Annie Brown of Cullowhee played her unique one-stringed instrument, the broomophone—a broom which has seen actual service as such with a tin can attached at the base, and a wooden peg run through the handle at the other end. Attached to the can and the peg is a wire guitar string which runs the length of the broom handle. The straw end is held over the left shoulder. Miss Brown, who has studied violin, plays her broom instrument in the manner of a violin, with a bow. She uses the vibrate, and finds all the notes—which covers a range of several octaves—on the one string, by changing the position of her hand. These notes she finds with remarkable accuracy. The "broomophone" has a clear tone, much like the violin, with possibly a minor intonation. The instrument was made for her several years ago by a former director of the training school. She says that she prefers it to her violin, as she thinks the tone is sweeter.

Professor J. S. Seymour, who was flutist for twelve months in the Pershing Expeditionary Band, and who did orchestra work in the 81st division show, played several flute numbers solos, and duets, with the broomophone. He also played the ocarina, an uncommon wind instrument of imported clay, which is about the size of a sweet potato, having the mouth piece on the larger part. His selections on the harmonica were enthusiastically applauded. He used a concert harmonica on which the whole chromatic scale can be produced. The harmonica and broomophone duet, the Rosary, was probably the most popular number, due to the unusual blend of the instruments.

Miss Louise Brooks, of Pittsboro, played the piano accompaniments. The program consisted of classical airs, among them Schubert's Serenade Melody in F, and others by the flute; and familiar American airs on the other instruments. Especially popular were the "blues" played on the harmonica by Mr. Seymour, who says that when a boy he was tutored in the art of playing this kind of music by a small negro companion.

Tom Tarheel says he has culled out all the old hens and non-layers from his flock so that he will not have to feed them this winter.

TWO OUNCES OF DUST MAY SAVE WHEAT CROP

Raleigh, N. C., Aug. 16.—Two ounces of copper carbonate dust thoroughly mixed with one bushel of wheat seed will control the covered or stinking smut of wheat which made heavy depredations into the crop this year.

"Tests made by our experiment station show that the covered or stinking smut of wheat, sometimes called bunt, may be positively prevented by treating the seed wheat with copper carbonate dust," says G. W. Fant, plant disease specialist at State College. "No wetting is required in this treatment, the seed is not injured and mice or rats will not attack the treated seed. All that is needed to make the treatment a success, is to have some air-tight container in which the seed wheat may be placed and thoroughly mixed with dust so that each grain is treated."

Mr. Fant says that his office will wage a special campaign against smut in wheat this fall and he wants every grower in the state to try the plan of seed treatment. It is very simple. An old barrel may be rigged so that it will rotate on an axle, a small door cut in the side with leather hinges on the axle is all that is needed. The mixer should be made as air-tight as possible to prevent the escape of the dust into the air. The seed wheat may be treated any time if it is carefully stored until planting.

This treatment is effective against stinking smut but will not control loose smut. When wheat is treated, however, it is fit for planting purposes only. It is not fit for milling or as a feed for livestock. When treating the seed, it might be well for the operator to use a damp handkerchief over his nose and mouth as the nose may be irritated and some nausea caused by inhaling a quantity of the dust from the air.

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs,—once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs are the greatest of all system purifiers. Get a family package, containing full directions. Only 35 cts. At any drug store. (Adv.)

NOTICE

North Carolina.

Jackson County.

By virtue of the power and authority conferred upon the undersigned by a certain deed executed by York Howell and wife, Mary Howell, Willie Hyatt and wife, Nettie Hyatt and Willie Howell and wife, Alice Howell to E. P. Stillwell, Trustee for R. J. Roane and S. E. Varner on the 29th day of January, 1926, said deed of trust being duly recorded in the office of the Register of Deeds for Jackson County in Book No. 96 of Deeds of Trust at page 192 et seq., to which reference is hereby had; and default having been made in the payment of the indebtedness therein secured by said Deed of Trust, and the same being past due and unpaid, and demand having been made for the payment thereof, and request having been made by the holders of said notes or indebtedness that the undersigned do execute the power of sale contained in said Deed of Trust:

I, E. P. Stillwell, Trustee, will on Monday, August 15, 1927 at noon in front of the court house door in the town of Sylva Jackson County, N. C., offer for sale and sell at public outcry to the highest bidder, for cash the following described tracts of lands:

Situate, lying and being in Qualla Township, Jackson County, North Carolina, adjoining the lands of J. E. Rogers, R. L. Hyatt and others: And being and comprehending the same lands described in and conveyed by a deed dated the 27th day of January, 1925, from York Howell and wife, Mary Howell, to Willie Hyatt and wife, Nettie Hyatt; and Willie Howell and wife, Alice Howell, calling to contain one hundred ninety five (195) acres more or less, which said deed is duly recorded in the Jackson County Public Registry in Book of Deeds No. 90 at page 575 et seq., to which said deed and Record reference is hereby had for a more full and complete description of said lands, and the calls by metes and bounds in said lands herein for the purpose of this deed of trust.

This 13th day of July, 1927.

E. P. STILLWELL, Trustee.

A NEW CAR whose Reliability, Power and Style Mark it All-American

Reliability? Look at the longer, heavier frame of the All-American Six—the big new engine, transmission and clutch—the longer wheelbase (117") and larger tires—all the result of pitiless testing on General Motors' great American proving ground!

Power? Get behind the wheel! Thrill to the pull of the biggest engine used in a six of Oakland's price. An engine whose might no hill can tax—whose smoothness and steadiness are the result of a 78½ lb. counter-balanced crankshaft with Harmonic Balancer, a new type of combustion chamber developed by General Motors' research staff, and Oakland's famous rubber-silencing principle.

Style? Instinctively your eyes will look for that famous emblem "Body by Fisher"—for here are

new heights of beauty and fashion—in the best American tradition.

Longer, lower, more rakish lines. Richer and more alluring Duco colors. Sweeping crown fenders—and luxury features by the score.

Oakland has set the nation talking by building the new All-American Six—and offering it at new low prices! See this history-making car today!

NEW LOW PRICES 2-DOOR SEDAN

\$1045

Landau Coupe \$1045 4-Door Sedan \$1145
 Sport Roadster \$1075 Cabriolet \$1145
 Landau Sedan \$1265

All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the liberal General Motors Time Payment Plan.

BULLOCK MOTOR CO., Sylva, N. C

OAKLAND ALL-AMERICAN SIX

This SMART NEW CAR is as remarkable in quality as in performance

fastest Four in America mile-a-minute performance

\$875

(FULL FACTORY EQUIPMENT 4-DOOR SEDAN (NOT A COACH))

The Lowest Price at which a Sedan was EVER sold by Dodge Brothers

A mile-a-minute performer—the fastest Four in America!

One horse-power to every sixty-five pounds of chassis weight.

And this is only half the story! Here's a car that will look like new and travel like new long after most cars have passed into old age.

The answer is quality—Dodge Brothers quality! Quality materials and construction unequalled by many cars hundreds of dollars higher in price.

Built to give trouble-free, economical service over a long period of time.

Longest springbase of any car under \$1000.

Smart new bodies—beautiful lines. A brilliant performer at the lowest price for which a Sedan was ever sold by Dodge Brothers!
