Vare is Pennsylvania.

A thing the legislature forgot was to set a close season for lame ducks.

Payrolls and more of them is what Sylva needs, among other things.

There is still room in Sylva for that flock of furniture factories.

In Mexico they shoot their political foes; up here we cut their political throats.

The complete casualty list of the Kentucky election is unavailable as we go to press.

17.1 marriages for each divorce in Jackson county last year. The only puzzling thing about it is to find who participated in the 1 of a marriage.

The outsider thinks of Chicago as a town of broadcasting stations that crowd the rest of the world off the air with their jazz music, and of machine guns and hip-pocket artillery.

The really dangerous thing about all this debauchery is that an appeal to public opinion, which is the court of last resort, may fail as dismally as have other tribunals, regarding Sinclair, Vare and the rest.

The Marines have the situation in hand in Nicaragua; but the American business men are about as popular in Latin America as a Polecat at a Florist Convention, and nobody down there admires our dollar diplomacy enough to give us their trade.

If Harry Sinclair and his associates can get away with their rape of the government's oil lands, debauchery of cabinet members and attempted bribery of jurors, then indeed has America fallen into a sad estate and the judicial system of this country has been weighed in the balance and found woefully wanting. The real danger to this country lies not in the Reds or other radical groups, but in the sinister influence of great wealth. That may be treason but if it be, make the most of it.

The issue settled in Kentucky's election, Tuesday, was one of gambling. The Democrats waged a campaign, with a candidate for governor, pledged to stop betting on horse races in the state. The Republicans took the other side of the issue, and made battle for the Kentucky Derby, stating that the Derby would be moved from Churchill Downs to Chicago. The Democrats replied that gambling is not necessary to so splendid a sport as horse racing. The Republicans won the election by some 20,000 majority.

FROM, CULLOWHEE

Cullowhee, N. C., Oct. 31, 1927
Editor Jackson County Journal,
Sylva, N. C.
Dear Sir:—

May I have the privilege of calling to your attention a fact that your paper may do much to bring to the public mind?

Our county has, as others, been benefitted by free clinics and examinations of school children. The most frequently recurring disease conditions found have been those of defective tonsils and adenoids. Examinations have been made and these the benefit ends for most children. This has been true because the public mind does not grasp the significance of ill health in the child's life. The people of this county are soundly sleeping, unaware that half its pupils are affected.

It is needless for me to tell you the ills following as a natural result of bad tonsils and adenoids but you might give those to the public. Call to the parents' attention the fact that their suffering child cannot hope to compete with more fortunate children and certainly cannot, handicapped by numerous diseases. Make the parents know that that staring, dull, mouth-breathing, gasping child may, by a small operation at minimum cost, become just as alert and strong as his neighbor's child.

Our people are just as sensible as any other county's population, but we are asleep and unaware that our boys and girls are being deprived of their rightful heritage just because we have not stopped to think.

Put these facts in your columns,

keep them there until by persistent effort we shall have given our boys and girls a sporting chance.

Yours sincerely,
CARR HOOPER,
(Jackson County Student at Cullowhee State Normal.)

Lousy poultry will be unthrifty this winter. Some farmers are finding their flocks heavily infested at this time of the year.

CARD OF THANKS

We wish to express to all our friends our deep appreciation of their kindness toward us during our recent sorrow.

Good beef liver, properly cooked, will help control anemia. The food contains iron and other minerals as well as vitamins.

"With Eddie Cantor I say Luckies never irritate the throat"

Said Andrew Tombs to Claire Lucc and Frances Upton during a rehearsal of The Ziegfeld Follies.

You, too, will find that LUCKY STRIKES give the greatest pleasure—Mild and Mellow, the finest cigarettes you ever smoked. Made of the choicest tobaccos, properly aged and blended with great skill, and there is an extra process—"IT'S TOASTED"—no harshness, not a bit of bite.

Eddie Cantor, Famous Comedian, writes:

"My voice must be in condition 365 nights a year and when I smoke, I insist upon Lucky Strikes because I found from experience that they don't irritate my throat."

CEASE FIRING
NOV. 1918

• Armistice Day •

We Pause Today upon the threshold of this solemn occasion to bow down our heads before the tomb of him who typifies the thousands who have suffered that the world may live again in peace.

It must not be said that we have forgotten the blood they have shed, nor that we are wanting in appreciation of the ideals for which they fought.

It behooves this Nation to love and cherish through the long, dim years of the future the memory of those who suffered their young lives to be extinguished in the cause of world democracy and lasting peace.

We hope that God may give to the nations of the earth the vision to see, and the will to execute for all time—a glorious, lasting PEACE.
