FIELD DIRECTOR ASSOCIATION SPENDS WEEK IN JACKSON

The Parent-Teachers' Associations of the county had the pleasure of having Mrs. W. W. Martin, who is Field Director of this work with them last week. She visited each club in the county and gave a most instructive and interesting lecture in which she brought out very forcefully the need for parents and teachers working together on the problem of training boys and girls. The purpose of such an organization to parents and teachers she stressed, as being an opportunity for studying further the child and his needs.
 She commended highly the work being done by teachers and begs that the schools and communities be closer together through Parent-Teacher Organizations. Her visit was inspirational, instructive and the results will be far reaching in our county.
