Hit and Run Drivers Make Band

John Arwood and Sam Arwood, brothers, one of Ravensford and the other of Gastonia, made bond in the sum of \$750 each, for their appearance at the next term of the Recorder's court, in which they will be tried on various charges of driving an automobile while intoxicated. The charges grew out of an occurrence Sunday afternoon when Mrs. George Pangle of Dillsboro was seriously injured when the car in which she, her son, Ora Pangle, of Asheville, and Mrs. Ora Pangle was overturned between Dillsboro and Barker's Creek.

The two Arwoods are said to have been the occupants of a Chevrolet roadster, that forced Mr. Pangle's car from the road, and it is said that they failed to stop after the accident, but continued in the direction of Sylva, forcing a number of other cars from the road, striking a truck driven by Sam Jacobs and smashing the radiator of their own car.

Continuing through Sylva, they are said to have gone above Beta, turned and were coming back in this direction when they were placed under arrest by deputy sheriff Rigdon, the Mayor of Sylva, Mr. I. H. Powell and Hugh E. Monteith, solicitor of the recorder's court.

The authorities refused to allow the two men to make bond until Tuesday, awaiting the outcome of Mrs. Pangle's injuries. However, she was thought to be out of danger, Tuesday and the men were allowed to make bond, the bail being furnished by Cling Queen, Swain county citizen.

It is stated that the driver of the car was in an intoxicated condition at the time of the arrest, although there was no liquor found on either of the men or in the car.

Both the young men are natives of Swain county, it is said and have families.

Vice Presidential Nominee

SENATOR CHARLES CURTIS OF KANSAS

Senator Curtis was nominated as candidate for vice president by the Republican Convention in Kansas City last week. The nomination became on the first ballot.

Charles Curtis was born in a little log house on the north bank of the Kaw River, near Topeka, Kan., on January 25, 1860. He was the scion of royal Indian blood. His father was aptain O. A. Curtis, a hardy pioneer of English extraction, whose forebearers landed in New England. His mother was Ellen Pappan, quarter-Indian, the daughter of Princess Julie Pappan of the Kaw tribe.

Thus in Curtis' veins runs the blood of Anglo Saxon, French and Indian. After the death of his mother and when but three years old, he lived on the Kaw Reservation with his maternal grandmother and her people. Intermittently he attended the mission school. He was brought

up in the free and untrammelled life of an Indian reservation. He had dogs and horses for his childhood companions and at eight he was a jockey riding races at the surrounding county fairs. At twelve he had left school and was a recognized figure in the racing world of that day—then he returned to school. At seventeen he was a reporter on the North Topeka Times.

At nineteen he began to study law and at twenty one was a full fledged lawyer. Three years later he was elected Prosecuting Attorney of Shawnee County. He was re-elected and in 1892 he commenced his long career as a national legislator when elected to the 53rd Congress.

He has been a United States Senator since 1907. He is now a very powerful figure in Republican politics.

Hooper's. Earl Battle visited Rogers and Harry Shelton.

Ice cream was enjoyed by a number of friends at the home of Mr. and Mrs. Dave Worley.

Cooking School Draws Crowds

The classes in food and cookery under the auspices of the Woman's Club are holding very fine meetings this week. Monday was devoted to organization, in the afternoon the first lesson of the course in party cookery was given. In the various typical first courses which were prepared Miss Johnston used the unusual as well as the ordinary foods. Many of hors d'oeuvres were lovely in appearance as well as pleasing to the taste. The most interesting phase of the lesson was the making up of antipasta plates. Those who have attended the classes are quite pleased with the work that is being given and with the manner and personality of the instructor. It is expected that many more will take advantage of this opportunity and join these classes which are held at the Chamber of Commerce hall.

The program for the week is as follows:

- Tuesday, 3:00 p. m. Everyday foods
- Wednesday, 9:30 a. m. Child study.
- Wednesday, 3:00 p. m. Party cookery—"The Rose Luncheon"
- Thursday, 9:30 a. m. Pastry cookery—Pastry and its uses for parties.

Particular attention is called to the story hour for children at 10:30 a. m. Friday. At this time Miss Johnston appears before the group as "Sunshine Sue" and tells health stories, plays games, etc. This part of her work is of value as well as pleasure for the children and has met with much success elsewhere.

The morning classes are to be held in the Baptist church hereafter.

The story hour will be there as well as the class in child care and training.

There will be no class for the women on Monday morning but at ten thirty "Sunshine Sue" will hold a story hour for the boys and girls.

Next week the program for party cookery will include a green and white luncheon, planked steak, and if desired a lesson on table service.

In everyday foods there will be breads and bread making, cake making, using one fundamental batter and making seven different cakes from one mixture, and school lunches and sandwiches for all occasions.

Discussions in child care and training will include toys, games and play equipment, teaching values as use of money, fears in children. Sex education and sex information.

Persons who find it impossible to attend all the classes will be welcomed at any lesson in which they are particularly interested.

LOCAL MARINE GOES TO NICARAGUA

Some of the interesting events taking place in Nicaragua are likely to be witnessed by Frank J. Owens of Webster, who is with the latest detachment of U. S. Marines assigned to duty in the Central American republic. His name appears on a list of Marines who recently left Charleston, S. C., for Nicaragua on the U. S. S. Bridge, arriving there early in June.

Prior to going abroad the local boy was stationed at Parris Island, S. C. from which place the detachment was assembled for duty with the Second Brigade of Marines in Nicaragua. It is not known just where he will be located in that country, or how long he will remain as teh marines are scattered throughout the republic, serving at many outposts while they are helping to restore peaceful conditions and to suppress banditry.

Owen made his home with his mother, Mrs. Elvira Owens, of Webster before he joined the Marine Corps at Augustine, Fla. last March, and was assigned to duty at Parris Island.

A two year old carpet grass pasture on the farm of P. F. Cobb of Bertie county is now covered solidly with almost a pure stand of the grass and is giving excellent grazing.

Friends of Major George C. Cox, Signal Reserve Corps, D. S. C. will be glad to learn of his most recent honor, that of receiving appointment to the War Department General Staff. Major Cox is one of the youngest members of the Reserve Corps to receive this high honor which comes to him as a graduate in the honor group of the General Staff School at Fort Leavenworth, Kansas.

In time of emergency he will be called to duty under Brigadier General Frank Parker, assistant Chief of Staff and one of the World War commanders of The First Division.

In the spring of 1927 Major Cox was selected as one of two Reserve Officers to represent the Fourth Corps Area comprising the South-eastern States, in the special class for Reserve officers at the General Staff School. He was the junior officer of the 1927 class and completed the course standing seventh in a class of thirty two officers selected from the Corps areas of the United States. For two years previous to his present appointment he served as Chief Signal officer of the Eighty-first Division.

Major Cox is now with the Carborundum Company in Niagara Falls where he has been in charge of the Electrical Department of their Research Laboratory since August, 1927. He has been on a two year leave of absence from the North Carolina State College studying the electro-metallurgical industries.

Major Cox is the son of ex-Senator and Mrs. Thomas A. Cox of Cullowhee.
