Josiah William Bailey to Speak Here Monday at 1 O'clock

SPEAKING TO BE AT SCHOOL

Mr. Josiah William Bailey, better known as "Bill" Bailey, former editor of the Biblical Recorder, newspaper man, lawyer, and one of the best known and most prominent citizens of North Carolina, will address the people of Jackson county, on Monday, October 8, at 1 o'clock, speaking in the graded school auditorium.

Mr. Bailey, who has been prominent throughout the present campaign, has been drawing great crowds wherever he has spoken in North Carolina, and it is expected that one of the largest crowds to attend a political speaking in recent years, will be in Sylva to hear him.

Monday is the first day of the October term of Superior court, and Judge Moore, who will preside at the court, has stated that he will adjourn court for the speaking, giving all court attendants an opportunity to hear Mr. Bailey.

FIELD SELECTED SEED INCREASES CORN YIELD

Raleigh, N. C., October 3—Go thru the corn field before gathering time, with a bag strapped over the shoulder, and secure seed ears from the proper type of stalks growing under average conditions and thus spend a highly profitable day.

This is the formula for better corn yields advocated by C. R. Hudson of the farm demonstration department at State College. The seed corn, according to Mr. Hudson, should be secured from stalks that are strong and sturdy and have stood up under the stern conditions of the summer. Two ear stalks give larger yields. The ears should be of medium height from the ground and the stalk should have no advantage over the other stalks as to space on the row or fertilizer.

Other good qualities in the seed stalk are that the ears droop over to prevent the entrance of rain into the husk, the husk should cover the tip of the ear to keep out insects and the ear should be large and short rather than long and slender.

Once the seed corn has been selected, the ears should be hung in a dry place or spread on a dry floor to permit evaporation of moisture. Never store them in bags, boxes or bins until thoroughly dry. It is a good practice to make a germination test sometime in the winter and use only three ears with high germinating power.

Mr. Hudson states that good seed corn is adapted to the soil and climate where it is to be grown; is of a high yielding variety and from high stalks; is well matured and properly cared for from maturity to planting time and is free from insect and disease injury.

By following these suggestions for a few years, any farmer may have good seed corn for his own needs and may in time build up a trade with his neighbors in the same locality.

REYNOLDS SPEAKS TO YOUNG DEMOCRATS

Robert R. Reynolds, of Asheville, presidential elector for this district, spoke to a crowded court house of people, here Saturday afternoon, speaking under the auspices of the Young Men's Democratic Club of Jackson county.

Mr. Reynolds urged the election of Governor Smith to the presidency, stating that he stands squarely before the people upon the principles of democracy. He took up, one at a time, the objections that have been raised against Governor Smith, stating that his stand on prohibition is only in the interest of sobriety and good government, and to protect the young people from "hoot-leg liquor." He stated that religion should not be an issue in a political campaign in this country, and that Governor Smith is a Roman catholic for the same reason that he, Mr. Reynolds, is a Methodist, because that was the religious belief of his mother. He referred to the "spurious Knights of Columbus Oath" and stated that it has been proved before a committee of prominent Protestants, that the oath is spurious, and that the real obligation that a Knight of Columbus takes, is something to which all good Americans could subscribe.

Mr. Reynolds ended his speech with a plea for the election of the entire Democratic ticket, local, state, and national.

He was gracefully introduced by Mrs. E. L. McKee, who urged support for the Democratic ticket, "from constable to president," and who stated that everything North Carolina is and has accomplished, that is worth while, has been brought to the state through the agency of the Democratic party.

Following the speaking, the Young Men's Democratic Club of Jackson County, held its second meeting, and enrolled a large number of new members from all parts of the county. The president and officers of the club stated that they have a goal of 500 active members of the club before election day.

The club voted to allow the precinct clubs to hold their bi-weekly meetings any day during the week that they see fit.

It was voted to change the hour for the meeting of the county club from 3 o'clock in the afternoon to 7:30 in the evenings on every other Saturday, from now until the election. After that time, definite dates for the business meetings of the club will be fixed.

Doug Davis, of Webster, was elected as vice-president of the club.

LEAGUE BEGINS CONTEST

The Epworth League of Sylva initiated a contest, Sunday night, with the end in view of creating greater interest in the work of the church and league.

Miss Nell Cowan was elected as captain of one team, and Mr. O. O. Daniel, of the other. At the close of the contest, which will be the last of this month, the losing team will give a Hallowe'en party to the winners.

The rules of the contest follow: For being present 10 points. On time 3 points. Giving to collection or having paid dues in advance 5 points. Staying for church, Sunday morning 5 points.

Taking active part on League program 15 points. Bringing new member 15 points. Bringing visitor 10 points. For each phone call or personal invitation to League 2 points. Miss Louise Stein, head of the department of recreation, has the program for next Sunday evening in charge.

Miss Margaret Candler, director of music, will prepare special music for the evening.

Sweet clover is said to be one of the most valuable soil improving legumes that can be grown in the piedmont and mountain sections of the State.

SELECT JUDGING TEAM FOR DAIRY SHOW

Raleigh, N. C., October 3—Four experienced livestock students, members of the present senior class, will represent State College in the inter-collegiate dairy judging contests to be held at Memphis, Tennessee, during the time of the National Dairy Exposition, October 13 to 20.

"We have selected T. C. Andrews of Mount Gilead, J. C. Cathey of Charlotte, C. E. Craver of Welcome and E. V. Vestal of Ore Hill as members of the two teams to judge dairy animals and dairy products at the National Dairy Exposition," says Fred M. Haig, professor of dairying. "These four young men have had three years of intensive practice in dairy judging and the other forms of dairy management. Since last spring, they have studied and worked for a place on the team and their unusual fitness caused them to be selected from a field of fourteen competing students."

The four students are being coached by Prof. Haig in judging dairy cattle and W. L. Clevenger in judging dairy products. Mr. Clevenger does extension work with the creameries of North Carolina and is one of the leading manufacturing dairymen in the State.

In addition to these students, however, North Carolina will be represented by a large number of progressive dairymen who will go by automobile caravan to Memphis. John A. Arey, dairy extension specialist, reports that a number of county agents in Western and piedmont Carolina are organizing such motorcades. Reduced railroad rates are also causing individual dairymen from other sections to plan for the trip. This great exposition is the mirror which reflects the dairy industry of America, states Mr. Arey.

Those who go will see every phase of dairying and all the latest improvements and ideas in equipment, marketing and feeding. In addition, hundreds of head of fine cattle will be on exhibit.

BRYSON RESIGNS FROM TICKET: WILL H. SMITH FILLS VACANCY

W. H. Smith has been appointed to fill the vacancy on the Republican ticket for representative, due to the resignation of D. G. Bryson, according to information received from the county board of elections.

Mr. Bryson stated that he was forced to withdraw, because of the state of his health, and for other reasons. The statement made by him to the Republicans of the county, through the press, follows:

To my Republican friends: I certainly appreciate the honor that the Republican party has bestowed upon me in naming me as its candidate for representative in this county. I am very sorry indeed to be forced to decline to make the race, it is impossible for me to remain on the ticket and make the race in this coming election. There are several reasons why I cannot run, one of the main reasons is my health which renders it impossible for me to make the race.

This October 2, 1928.

D. G. Bryson.

Mr. Smith, who has been selected by the Republican executive committee to fill the vacancy on the ticket, is a merchant, whose home is at Cowarts, on Caney Fork, and is well known throughout the county.

TO HAVE ALL DAY SINGING

There will be an all day rally, singing, speaking and dinner on the grounds at the Greens Creek Baptist church on October 28, 1928. We invite you to be with us and bring your friends.

Beardless barley is superior as a winter grazing crop to rye and oats, say farmers of Davidson County. Many of them graze the barley until late in the spring and then make a good yield of grain.
