CALEB RIDLEY WILL HOLD REVIVAL

The Franklin Press—Caleb Alford Ridley, well known minister and native of Macon county who has made his home in North Dakota for the last several months, will return to Macon to open a revival meeting at Franklin on Sunday, July 20. Mr. Ridley has recently conducted several revival campaigns in North Dakota.

For several years he held pastorates in Atlanta, including the Central Baptist church and the Third Baptist church of that city. He is the author of several books and religious treatises, including, "Shadowing a Drunkard" and "The Southern Mountaineer."

The meeting will be held in the Macon county court house and will continue for an indefinite period.

PROF. H. BUECK GOES TO CULLOWHEE

The Smithfield Herald. Selma, July 10—Prof. Hieronymous Bueck, teacher of history in the Selma high school, was recently honored with an appointment to principalship of Cullowhee graded school, Cullowhee. This school is used as a practice school for students of Western Carolina Teachers college at Cullowhee.

Mr. Bueck has been here seven years, and aside from his class room work has coached competitive athletics for several years, stressing clean sportsmanship. Last year he introduced an extra curricula program, approved by H. F. Miller, president of the North Carolina Athletic association. This program provided one hour each day for intramural athletics, club work, music and chapel programs, one-fourth credit being allowed for this work.

The resignation of Mr. Bueck means a double loss to the Selma school and community, as Mrs. Bueck automatically resigns. She came here eight years ago as head of the domestic science department and under her capable supervision, one of the best equipped lunch rooms in this section is in operation during the entire school year. She has qualities of leadership possessed by few. A rare combination is found in Mrs. Bueck whose high ideals and eight years of service are woven in the annals of Selma high school and the community at large. Her work in dramatics in the school and town has met with the warm approval and distinctive praise which was so richly merited. In civic, social and educational circles this couple will be sorely missed and while scores of friends and interested patrons are reluctant to give them up, they rejoice with them in this splendid promotion.

They will move to Cullowhee about August 1.

MILLION DOLLAR RAIN COMES

The drought, which threatened to ruin crops throughout Western North Carolina, and which had already cut short many crops and injured pastures, was definitely broken when a Million Dollar Rain began falling early Sunday morning.

People of Jackson county were awakened shortly after daylight by the welcome rumbling of thunder in the west, and in a short time the rain came. It was followed by more rain on Monday, and early Tuesday morning a heavy shower fell, followed by a slow drizzle most of the day, soaking the dry earth, reviving vegetation, and bringing out the grass again in the pastures.

The hot spell also is apparently definitely broken. Saturday, which was the warmest day Sylva has seen in recent years, showed a high mark for the temperature of 92 in the shade during the afternoon.

CONCRETE POURING NEARS COMPLETION

The Franklin Press—Pouring of concrete on the eight miles of Highway No. 28 between Franklin and Gneiss is scheduled to be completed by Thursday or Friday of this week. The highway will be opened to traffic within two weeks after the laying of concrete has been completed, it is stated.

Already more than half of the distance is being used for travel, the stretch of completed highway between C. T. Bryson's store at Cullasaja and the Gneiss post office having been opened.

Work is scheduled to start early in August on hardsurfacing the 13 miles on No. 28 between Gneiss and Highlands. This surface is to be of asphalt; tar mixed, and the shoulders of the highway over this distance will be of concrete.

ESTABLISH COMMUNITY HOSPITAL

The Candler-Nichols Hospital will become a community hospital known as the C. J. Harris Community Hospital, Inc., on August First, according to information given out here yesterday.

The articles of incorporation have been completed, the deeds and transfer papers from Dr. C. Z. Candler and Dr. A. A. Nichols to the new corporation are being drawn, and the property will be received, and a superintendent elected at a meeting to be held on August first, when the trustees of the hospital will meet with a representation of the Duke Foundation.

The establishing of the community hospital has been made possible through the generosity of Mr. Chas. J. Harris, Dr. C. Z. Candler, and Dr. A. A. Nichols, together with a \$30,000.00 donation from the Duke Foundation.

The county will have nothing to do with the new organization, and it will be a strictly community organization. It is expected that it will be self-sustaining, as all patients who are financially able to pay for hospitalization are expected to do so, and the Duke Foundation will pay \$1.00 per day per patient for all charity and part charity patients.

It is understood that the plan under which the Duke Foundation is donating \$30,000 on the purchase price and \$1.00 per day for each charity patient, is entirely different from that which was advanced some time ago for the establishing of a county hospital. It is generally believed that the new plan of the community hospital, made possible through the generosity of Mr. Harris and the Duke Foundation, is a long step toward proper hospital facilities in this county, and it is thought that the people of this community are fortunate in securing the aid of the Duke Foundation in providing hospitalization for charity patients.

The board of trustees is composed of S. W. Enloe, chairman, John B. Enslley, vice-chairman, E. L. McKee, treasurer, J. M. Worley, T. A. Cox, T. A. Dillard, W. H. Smith, M. V. Cowan, D. G. Bryson, W. C. Owen, and I. H. Powell, with Dan K. Moore as secretary.

At the organization meeting on August First, a superintendent of the hospital, and a hospital staff will be elected. There are no salaries connected with the hospital except for the office of superintendent.

Fine prospects for a good corn crop are reported from all parts of Northeastern Carolina by county farm agents. In some counties the acreage has been increased by 40 percent this season.

THE WEEK

By DAN TOMPKINS)

The Federal Farm Board has arrived at the conclusion that lower wheat should mean lower flour and lower bread. Every house wife arrived at that conclusion weeks ago.

Wheat is selling at the lowest price reached in 17 years. Cotton is a little above 12c a pound. Tariff rates are the highest known in the entire history of the county. Thus does that mighty cure-all relieve the farmer.

Mrs. Arthur Conan Doyle is satisfied that a message purporting to be from her husband and delivered through a spiritualist medium is genuine. Personally, I would be less skeptical about it if Sir Arthur had delivered it direct to his widow.

Buncombe county is to have three members of the general assembly hereafter. Guilford and Mecklenburg are to have four each. If this comes by reason of the new census, Jackson will try to worry along with our one.

North Carolina now has a population of 3,165,146. Maybe if the highway patrol system will do more efficient work, we can at least hold our own against the reckless drivers, for the next ten years.

The hosts of Republicanism marched up the hill to Washington, to get the scalp of the National Chairman, Claudius Huston, famed for his lobby interests. But the army marched away again, and the scalp still remains, more or less securely, upon the head of Mr. Huston.

Mrs. Ruth Hannah McCormick places the blame for high election expenses upon the patronage machine. Folks do like to blame their short-comings on something or somebody else. The lady from Illinois might also recall that it was her father, Mark Hanna, who had a great deal to do with making huge campaign chests popular in this country.

A great potter is being made, pro and con, over segregating the Negro gold star mothers, who have joined the pilgrimage to France, as guests of the government. The war department has found the plan advisable. Seems as though we would have learned, by long experience, that segregation in every way possible, is best for both races, and that the more the segregation the better the races

CHEVROLET CONTEST ATTRACTS INTEREST

283 entries and 169 contestants were drawn by the Jackson Chevrolet Company in the Chevrolet Mileage Performance Contest held last week. The first prize of \$20.00 in gold was awarded to Bill Jordan, who made 4.1 miles on a pint of gasoline, or an average of 32.8 miles to a gallon.

Roy Painter was second, with 4 miles on a pint, or 32 miles to a gallon, and received \$10.00 in gold. F. F. Bailey, as third highest, received \$5.00 in gold. He made 3.9 miles on a pint, or 31.2 on a gallon.

Other high marks were: Jack Hall, 3.8 miles; H. L. Phillips, 3.7 miles; Grady Moore, 3.6 miles; W. H. Greenarch, 3.5 miles; Frank Friecks, 3.4 miles; W. G. Womack, 3.4 miles.

The average made by the 169 contestants was 22.75 miles to the gallon.

Six contestants averaged between 28 and 32 miles, and 40 were between 24 and 28 miles.

P. T. A. TO PRESENT PLAY

The Parent-Teacher Association will present the musical comedy "Here Comes Arabella" on Tuesday evening, July 23 at 8 o'clock, at the high school auditorium.

The play is under direction of Miss Ruby Bussell of Sewell Company of Atlanta.

The cast of characters is: Bob Adair, Marshal Hampton; Sydney Hapwell, Dan Moore; Jack, Felix Potts; Bill, Louis Eckstein; Imogene, Hicks Wilson; Henrietta, Louise Stein; Crystabell, Caroline Rhodes; Aunt Prudence, Mrs. Chapman; Aunt Tabby, Mrs. Freeze; Joshua Toppineraft, Mr. Simons; Mrs. Larkins, Mrs. Kineaid; Mrs. Meeks, Mrs. Parrisi; Mrs. Waddles, Mrs. Miller; Levinski, Bill Moody; Arabella, Mary Candler.

It is expected that the play will be far above the average production of this kind, and a large audience is anticipated, as it is being presented by the Parent-Teacher Association of Sylva, which is an unusually active organization, that stands high in public favor.

It is said that the receipts will be used for making certain permanent improvements on the school property.

dwelt together in unity.

The Methodist (Northern) Board of Temperance, prohibition and public morals, upon the nomination of Mr. Dwight W. Morrow for senator from New Jersey on the Republican ticket, has taken time by the forelock, and started a campaign to head off his nomination for the presidency, stating that such a nomination by the Republicans would be a tragic mistake, and would result in his overwhelming defeat.
