## WEEK BY WEEK

By DAN TOMPKINS

An orange airplane flew over Providence, Ky., where labor troubles have been in progress in the coal mines, and dropped a number of home-made bombs. Thus does crime keep pace of progress. Armored cars, machine guns, and now bombing planes are used by the lawless.

Senator Norris, who bolted the Republican ticket in 1928 and stumped for Al Smith, again won the Republican nomination for senator in Nebraska. Senator Norris, a liberal has been the inveterate foe of stand-patism, has championed the cause of the people in the power fight, and made a campaign tour of Pennsylvania for the Democratic nominee. The main issue in the campaign just closed was Hoover, and Nebraska has spoken against the president and in favor of those who oppose his policies. In Arkansas, Senator Robinson, who was Al Smith's running mate, was nominated by a four to one vote.

The drought has cut crops 7 per cent. This is hard on the farmers; but the anxiety with which it is viewed by the administration gives the lie to the propaganda that over-production is what has been ailing the farmers. If we have a good crop year, the farmers suffer from an excess of production, and if a drought strikes us and cuts production, the farmers can't pay their taxes and buy shoes and school books. There is, in reality, something basic and fundamental that is out of joint in our economic system. That could be remedied by proper thought and statesmanlike legislation and administration.

A great war is in progress in parts of China, with communists over-running and sacking cities. There have been many thousands of casualties; and it is charged that communism, running riot, shedding blood, bearing the torch, and sacking cities, is inspired by Moscow. An American Presbyterian mission at Changsha was destroyed. 10,000 Afridis tribesmen are attempting to invade India through Peshawar from Afghanistan, and British troops are holding them back, mostly by use of airplanes, the most effective of modern weapons. The Hindus and Moslems are engaged in bitter strife and rioting in the Sind district, and Britain has troops on hand to hold the warring religionists in check. Thus do we find the world far from peace. The world's policeman in Great Britain, and the greatest civilizing force in the world is the British Empire. America refuses to concern herself over what's happening in the world.

## BAILEY GUEST HIGH HAMPTON

Mr. Josiah William Bailey, Mrs. Bailey, and the children, will be guests for the week end of Mr. and Mrs. E. L. McKee, at High Hampton Inn, in Cashiers Valley.

Mr. Bailey, who defeated Senator Simmons in the recent primary and is the Democratic nominee for the United States Senate, will speak at Franklin on Saturday, and will go from there to High Hampton to join Mrs. Bailey and the children. He carried this county by nearly 2000 majority out of a vote of less than 2300.

## BURLINGTON PASTOR PREACHES HERE

Rev. Martin W. Buck filled the pulpit of the Baptist church here, Sunday morning, preaching an excellent sermon. Rev. Mr. Buck is pastor of the First Baptist church of Burlington.

The hour for the evening service was given over to the rendition of a program of music. Mullinax sang solos and the male quartet of the church, composed of Mr. J. T. Gribble, Mr. Jesse Parker, Mr. Walter Dean and Mr. L. A. Buchanan, gave several selections. ## BRUMMITT VISITS SYLVA

## WALKER TO PREACH SUNDAY NIGHT

in which she could be the moral and economic leader.

We are to be investigated. Even now Senator Nye and his election smelling committee have defecive snooping about North Carolina in an effort to find out how come Josiah William Bailey defeated Senator Simmons in the recent primary. Nobody in North Carolina, so far as is known, has charged that there was either corruption in the primary or that an inordinate amount of money was spent. And, if they are asked, almost any unprejudiced mind in the State can tell in a few words just why Senator Simmons met defeat. Senator Moses said it, the day after the primary: "The Dutch have again carried Holland." I honestly believe that the recent primary was as fair an election as has been held in North Carolina, or anywhere else, in recent years. But, the Senate committee would like mightily to find something to hang onto some Southern State, that would tend to class this section in the public mind along with Illinois and Pennsylvania, and to assist Mr. Nominee Pritchard and Congressman Jonas to muddy the waters. The investigator has already announced that he can find no traces of fraud.
