IT'S WISE TO  CHOOSE A SIX

Announcing a new production record

2,000,000 Chevrolet Sixes now on the road

Since January, 1929, Chevrolet has produced and sold over 2,000,000 six-cylinder automobiles—nearly five times as many as any other manufacturer has ever built in an equal length of time.

These 2,000,000 buyers have chosen Chevrolet because it offers many desirable qualities not obtainable in any other car so low in price—

—the smoothness, silence and flexibility of a modern six-cylinder engine—the comfort and roadability of a modern, full-length chassis—and the style, safety and distinction of bodies by Fisher.

Yet, despite these fine car advantages, the Chevrolet Six is unusually economical. Its gas, oil, tire and upkeep economy is unsurpassed. And
