Some folks have the idea that el-
ections are cash and carry.

The cabinet committee is seeking
means to provide jobs for the jobless.
Why not try fair tariff laws?

In the press of other matters, we
had almost forgotten that Tom Heff-
lin is running, down in Alabama.

American labor and farmers are
beginning to see the shun in protec-
tion.

The trouble with stock market
manipulation is that American people
lose, whether they are market gam-
blers, or not.

Asserting that the depression is
world-wide doesn't buy any more
shoes for the children's feet.

The governor of Maine is to cam-
paign through Virginia and North
Carolina in behalf of the Republican
candidates for congress. However, he
won't be the main speaker.

The vice president says that the
tariff hasn't hurt American foreign
trade. Then why are our manufac-
turers building factories in foreign
countries? To protect American labor
from work?

54 marriages and 12 divorces in
Jackson county in 1929. May not be
as bad as it looks, for, as usual sta-
tistics can't be depended upon to
tell the truth. Many Jackson county
people went over into Georgia to be
married.

The depression has reduced the
number of marriages materially. It
takes brave and loving hearts to go
happily to the altar during hard
times.

Repeal the tariff and end the de-
pression, is the campaign speech of
former Governor James M. Cox, of
Ohio, who was Democratic candidate
for president in 1920.

The tax receipts of the federal
government dropped off \$62,471,504
during the quarter ending September
30, with the greatest decrease coming
in September. So the business de-
pression is making its impression on
Washington!

The earthquake in Louisiana didn't
shock some of the folks in New
Orleans near as severely as did Gov-
ernor Huey Long.

That Britisher, Kingsford-Smith, is
a great aviator and a nice fellow;
but we would take to him more if
he didn't wear that hyphenated
name, and went as plain Charlie
Smith.

We invite all and sundry, who harp
about world peace and internal pros-
perity, to look at China and Brazil
for the world peace, and to look at
home for the prosperity.

The rejection of Judge Parker is
having effect in the senatorial cam-
paign in several states. In Ohio, and
elsewhere, where the negroes vote in
considerable numbers, they are op-
posing senators who voted for con-
firmation of the North Carolina ju-
st.

Mr. Pritchard is evidently basing
his hope for election upon the sup-
position that Democrats who support
ed Sen. Simmons will desert their
ticket. Personally, if we had voted
for Mr. Simmons, we would resent
the intimation that, when our man
lost out in the race, we would violate
the expressed or implied pledge we
made when we voted in the primary.

THE TAX CLASSIFICATION

One of the Constitutional amend-
ments upon which the people will
ballot at the election on November 2,
will be that to provide for the classi-
fication of intangible personal prop-
erty, so that it will bear a preferred
tax rate.

Of course the purpose is obvious.
There is a great deal of intangible
personal property, such as money,
notes, mortgages and other securities,
that is not listed for taxation, and
the counties, municipalities lose a
great deal of money in this way,
which, if collected, would lower the
tax rate on real estate and vis-
ible personal property. The amend-
ment was designed to offer an in-

ducement to owners of invisible prop-
erty the honest.

If a man owns intangible property
and fails to list it, he has taken the
amount of the tax on that property
from the pockets of the other tax-
payers, his neighbors.

The Journal is opposed to the
amendment for the reason that we be-
lieve that it is unfair and discrim-
inatory as against the farmers and
other owners of real estate; and that
a man who will falsify a tax list to
save himself \$1.00 would do the same
thing for 50 cents.

THE VETERANS' LOAN

The last general assembly put be-
fore the people at the coming elec-
tion a proposal to issue an additional
two million dollars in bonds to sup-
plement and increase the Veterans'
Loan Fund, whereby veterans of the
World War, the Spanish-American
War, and the Philippine Insurrection
are enabled to borrow not in excess of
\$3,000 from the State for the pur-
pose of buying a home or a farm. The
money is loaned on twenty years
time, and is paid in small monthly
or, in the case of farms, in semi-
annual installments.

North Carolina is one of the few
states that did not pay its soldiers
a bonus outright. In lieu of that,
North Carolina adopted the Loan
Fund. The money is borrowed by the
State at 4 1-2 per cent and re-loaned
to the veterans as six. It thus costs
the State nothing except the loan of
its credit. The plan has enabled many
veterans to own their own homes, and
pay for them, receiving protection of
the State from the "usury corpora-
tions," obtaining the money at a rea-
sonable rate of interest.

There are many applications on file,
awaiting funds. Times are hard, and
the Veterans can buy real estate at
low prices, if they can get the money.
Many of them are awaiting the ap-
proval of the people of the bond is-
sue for their only opportunity to own
a modest slice of the soil that they
defended, to dwell under their own
vine and fig tree.

Every safe guard is thrown about
the State's money. The property is
appraised by men who know the value
of real estate in the localities where
the loans are made, and the money is
secured by a first mortgage on good
North Carolina real estate.

When you go to the election, don't
forget to vote for the bonds, the Vet-
forget to vote for the bonds, the Vet
cost the tax-payers nothing.

CULLOWHEE SCHOOL NOTES

The graded school faculty attended
the Teachers' Meeting in Asheville,
Friday and Saturday. Members from
here who were scheduled to make
talks were: Misses Camp, McAulley,
and Goodman.

The high school put on an exhibit
at the Live at Home Conference held
at W. C. T. C. last week. Mr. Bueck
offered a prize to the grade having
the best display, and this was won
by the juniors.

Due to the fact that each grade
worked especially hard to win, Mr.
Bueck announced that he would give
the entire high school a party at an
early date.

The grades presented a play based
on the Live at Home Idea.

Last week Mr. Elliott of the col-
lege faculty talked to us at Chapel
using for his subject, "The Relation
of Literature to Life." This week
Miss Hooper's Literary Club will
furnish the program. We invite the
parents and friends of the school to
come to our chapel exercises any
time they wish. Thursdays at 1:15.

The girls and boys basket ball
teams are getting lined up for some
games to be played in the near fu-
ture.

QUALLA

On Sunday afternoon Rev. L. H.
Hippis, who has been assisting Rev.
R. L. Bass in a meeting at Olivet,
preached at Methodist church, from
Solomon's Songs, the relation of the
Church to Christ. He earnestly ex-
horted Christians not to be at ease in
Zion; but to be brave and valiant
soldiers in every conflict for right,
ever pressing onward and upward
'till the victory is won and the
crown obtained.

On October 12 Mr. Luther Hoyle
was united in marriage to Miss Geor-
gia McClure, Brasstown, at Blairsville
Ga. They arrived at Qualla on Thurs-
day afternoon. In the evening, a band
of young folks gathered to give their
congratulations, best wishes and
also a lively serenade.

**REPORT OF JACKSON COUNTY
GRAND JURY OCTOBER, 1930**

County Jail

Prisoners are well cared for in
every respect. Buildings and fixtures
in good condition. The prisoners say
they are well cared for and highly
commend Mrs. Green for the abun-
dant and well prepared food furnished
them by her.

Sanitation excellent. Plumbing in
good condition.

Recommendations for jail:
The only recommendation for the
jail is that there be a shower bath
installed in main jail for the use of
the prisoners.

Court House and Grounds
After careful inspection we find
the Court House and Grounds to be
in splendid condition in all respects
except a few minor repairs which
we hereby recommend should be
made, to-wit:

First, that the bar be covered with
ship linoleum.

Second, that the juror seats that
are loose be securely fastened.

Third, that one section of window
be replaced in the S. E. corner of
Court House balcony.

Fourth, that the arched windows
and chandelier in the Court House
Auditorium be cleaned.

Fifth, that the cracks in the Court
House steps be filled with hot tar.

Sixth, that the bayonet on Con-
federate Statue be replaced to its
position as soon as practical.

Seventh, that the electric lights on
Court House steps be repaired.

County Home

We feel unable to commend the
keepers of the County Home as high-
ly as they deserve to be commended.

The Farm is, in our judgment, ex-
pertly and profitably operated. They
have raised plenty of vegetables,
wheat, feed, pork and milk and but-
ter for their own use.

The house is better kept than the
average home. The table fare is
a good variety, well prepared and
palatable.

All inmates (nineteen) were well
clothed and reported they were gen-
erally contented and happy.

Recommendations for County
Home:

First, that the metal part of roof
on old building be painted.

Second, that the exhaust of the
Deleo engine be extended to the out-

side of the building.

Third, that the two window screens
in the cook's room be replaced.

Fourth, that a shower bath be in-
stalled in the inmates bath room
where a lavatory has been removed.

General Recommendations

We recommend that school zone
signs be erected as soon as practical
on all public roads that pass through
or near public school property where
such signs are not already standing.

We recommend that the Auditor
notify all Justices of the Peace in
the county not later than ten days
before February term of Court, 1931,
requiring them to bring in all fines
and forfeitures collected by them
and due the County, and to bring in
their dockets for examination.

We recommend that the Health
authorities examine the home of the

late late Will Deitz of Cullowhee
and determine whether or not it is
dangerous to the health of the com-
munity. Five members of the said
family are reported to have died of
tuberculosis in said house.

Guardians

We find that the following guard-
ians who should have reported to
the clerk of the Court have not done
so: W. T. Cloer, O. E. Ward, Mrs.
Bessie Holden, Mrs. Della Wilson,
Mrs. Vivia Sutton, Mrs. Dollie
Raby, Henry Smith, Mrs. Fannie
Rogers, T. F. Dillard, Chris P.
more, R. B. Bumgarner, Mrs. May
Ensley, W. D. Bain, Mrs. Ed Har-
grave, Mrs. J. A. Manous, and L.
M. Sherrill.

Foreman of the Grand Jury
