BRINKLEY GOT 185,258 VOTES

One of the most amazing election facts in recent years was that Dr. John H. Brinkley, native of Jackson county, entering the gubernatorial race in Kansas too late to have his name printed on the ballots, received 185,258 votes for governor, to 216,138 for the Democratic candidate and 215,468 for the Republican candidate. And every man and woman who voted for Brinkley wrote his name on the ballot.

The papers of Kansas and the middle west have been busy ever since trying to figure out how Brinkley did it.

He made his chief campaign over his radio station at Milford and it was the counties in that part of the State that voted for Brinkley.

It has the politicians and the papers out that way worried. They can't fathom it. Even William Allen White, the Emporia sage, has devoted columns of space explaining the Brinkley vote.

Said the Kansas City Star, in beginning several columns of interesting reading matter dealing with Brinkley's vote:

"How did Brinkley do it? The answer to the amazing outpouring of votes in behalf of the Milford goat gland quack, running as the people's candidate for Governor of Kansas, is not to be found in one, but in many reasons.

"Two members of the Star's staff have spent the last few days after the election in visiting various parts of the state following up the wide swath cut by the Brinkley tornado. One visited the cities that Brinkley carried and the other went into the agricultural communities.

"In this respect their analysis of the vote agree: The Brinkley radio station was the greatest factor. In the farm homes, at the crossroads stores and other group gathering places, the smooth tongued Brinkley was heard often and persistently as the campaign ran along. His voice, carrying a little touch of religion along with its vote appeal, was heard by the women as they washed dishes or churned milk.

"Across a wide belt in Central Kansas this radio play upon the mass emotions was a potent vote getter. Its influence extended from almost to the Nebraska line on the north down to Wichita and Hutchinson on the south. It was not effective in the extreme west nor in the eastern part of the state.

"Normally Republican by 15,000 majority, Sedwick county (Wichita) gave Brinkley his largest vote and largest majority of any county in Kansas. It gave him 23,383 votes, Hauke Republican, 12,524, and Woodring, Democrat, 6,645."

"Radio influence. A revival of the Ku Klux Klan, mixed with religious views of other descriptions, attracted by Brinkley's sermons. Sympathy votes against The Star's expose of the Milford quack, and against the

Only six more days of hard tackling, passing, punting, drop kicking and cutting until the big story will be unraveled to the fans of Sylva.

Coach Warren and Roberts are doing their very best in tuning their boys for the big game.

Next Wednesday there will be a great treat for the people who see the game, when McFee, the big husky quarterback of the yellow and white hits the line of the orange and black. He is good at kicking, passing and line driving and what a cool head that boy has, and a real quarterback.

S. C. I. won over the strong Franklin squad last Friday 6-0, which is a bad break for the Sylva High lads. They lost to Franklin 13-6 in the early part of the season.

Sylva High lost one of their best men last week when Frank Rasmuson, their star end got his shoulder broken in practice.

Some good work is expected from Mack Higdon, the big red headed quarterback of the S. H. S. eleven. He has been leading his team for two years; but he sure has some thinking to do now.

This is the first time the two teams have met in two years. The last game was won by the yellow and white 20-0.

Here are the boys who will play in the Thanksgiving game:

Sylva High—Higdon, Qb., Edwards FB., Sutton, H. Green; Angle E.; Dillard, G. Cooper, C. Collins G.; Fisher, T.; Henry; Robinson, E.; Taham, T. Moody, C. Elders, T. Clark, T.; Cagle, H.; Allison, H.; Bryson, E.; Askey, G. Hooper, G.

BIRTHDAY DINNER FOR MR. FISHER

On Saturday, 22nd, the relatives of Mr. T. J. Fisher will gather at his home on Fisher creek for his annual birthday. All the relatives are invited.

Kansas medical board's revocation of Brinkley's license. A protest against hard times, regular party candidates and 60 cent wheat, dramatized by Brinkley. These are Star's explanations of the upset in Kansas.

Says The Star:

In a few hours Sedwick county knocked its noted editor and statesman from his Republican senatorial throne and put in an unheralded lawyer whose campaign scarcely was mentioned in the papers. With the same effort it gave McGill's gubernatorial partner, Woodring, the lowest total in the county, piling up instead a maelstrom of ballots for the Milford quack.

There's a morsel for the politicians. They have been busier since the election than before, explaining, prognosticating. The week started out as a big joke, a great laughable Brinkley street corner and office-desk vaudeville show. So it looked to most party leaders, who thought the popular levity was talk but not votes. But it wasn't a parlor joke, it was a practical joke they were watching the first part of the week.

It was a joke - screen, hiding a storm that tipped the boat and sent a disturbing wave clear to the White House. The joke was on the politicians, not on Brinkley, and now they are trying to give serious reasons why it came to be.

What was stirring under the surface? The McGill upset is easier explained. It was a protest against hard times under a Republican government. The outs booted the ins. Thousands who voted for Brinkley for personal reasons voted for McGill because he was opposing the White House spokesman. The McGill frame house in Wichita is not nearly so impressive as the Allen mansion in College Hill. The McGill law office and modest political record didn't rival visits to the White House. The Allen visits to the White House. The Allen plug hat and frock coat. So the laborers and farmers and small merchants and disgruntled Republicans of all classes in Sedwick county knocked that plug hat off the Allen head.

CHEVROLET BUYS

BODY PLANT

Detroit, Mich., Nov. 19.—Purchase of the Martin-Parry Body Corp., Indianapolis plant by the Chevrolet Motor Company for production of certain types of commercial bodies used by Chevrolet, was announced here today by W. S. Knudsen, president and general manager of the Chevrolet Motor Company.

While the plant operated this year on curtailed schedules the Chevrolet organization expects to put it into immediate full time operation.

Included in the purchase are forty acres of land, 550,000 square feet of factory space, an addition 150,000 square feet of lumber storage space under roof, railway right of way, as well as 21 branches operated in various parts of the country.

J. A. Jamieson, now Comptroller of Chevrolet, will go to Indianapolis as general manager of the new development to be known as the Chevrolet Commercial Body division of the Chevrolet Motor Company, while the remainder of the personnel in the organization will be taken over intact. Employment at capacity will total 600 men.

Despite the sale of its main production unit, the Martin-Parry Corporation will maintain its identity and continue to operate at York, Pa. and South Kearney, N. J., it was stated.

The plant purchase agreement took effect October 15, and immediately thereafter Chevrolet began active operations, Mr. Knudsen said. The branches were taken over November 1st, and provisions are already being made to extend the number to more than 50 to assure adequate national facilities for exhibiting and distributing the new products of the company.

Miss Margaret Candler in her charming manners gave some piano selections.

Two readings by Mrs. Kermit Chapman and vocal numbers by Miss Dorothy Moore were much enjoyed. Mrs. Harry Hock read a very interesting paper.

During the social hour the hostess assisted by Miss Dorothy Moore served a delicious collation consisting of a salad course with cake and coffee.

W. C. T. C. NEWS LETTER

The program which was given by President Hunter, Miss Lona Bill Braswell, Miss Elsie Autry, Miss Harriet Pierce, Miss Margaret Rowland and Miss Frances Ewing, was in observance of National Education Week.

The Debating Society of Western Carolina Teachers College which is composed of twenty-two students is doing splendid work. Under the direction of Prof. E. H. Stillwell the society has debates each Friday evening. This is preparatory to entering Intercollegiate debating next spring.

Dr. Tshi Hsieh, Chinese lecturer, editor, and statesman, appeared at the Western Carolina Teachers College auditorium Friday evening, November 14. Dr. Hsieh gave an educational talk on China, the content of which tended to enlighten the people on affairs in China and the relation between the people of China and the United States.

Recently an orchestra was organized at Western Carolina Teachers College composed of the following: Hilda Smathers, pianist; Jeffrie Freeman, clarinet and trumpet; Minor Wilson, Louie Medford and Mary Dare Haithecock, violins; Jessie Higdon and Lola Ramsey, guitars; Caroline Randall and Jessie Ramsey, celloes, and Pearle Justice, drums.

National Education Week was observed at Western Carolina Teachers College beginning November 10 and lasting through Sunday. The programs which were given in chapel were planned by W. M. Hunt. Many sidelights were thrown on the subject of Education, each speaker giving his or her personal views; hence, when the week was completed the people had a clearer conception of what the word means.

Cullowhee, N. C., November 17 — The Junior Order of United American Mechanics of the First District presented a Bible and Flag to Western Carolina Teachers College Sunday afternoon, November 16th. It is thought to be the first Bible ever presented to a college in North Carolina by the Junior Order. However many bibles have been presented to high schools. Mr. G. L. Houk of Franklin delivered the address in which he set forth the characteristics of a good citizen, gave facts concerning educational status, and gave criticism, both constructive and destructive, of the present educational system. Mr. Houk says that the time will come when the schools will turn out farmers, mechanics, masons, stenographers, instead of people with a diploma. His theory of education is that persons should be trained to do that which they want to do—follow their bent. Mr. Houk thinks that the characteristics of a good citizen should be physical competency, vocational competency, and the desire to increase the citizenship level.

Western Carolina Yodlers will play the last game of the season on the home field Friday afternoon, November 21, at 3:15 with Brevard Institute.

The game last Saturday with Hayesville proved interesting as neither team scored anything until after the half when some hard fighting was done with McClure and Ward doing spectacular work in scoring a touchdown. The score was 13-0 in favor of the Yodlers.

The line up for the game was:

QUALLA

Talk about "Blue Monday." That's nothing compared with a rainy Sunday, with no Sunday school, church service, scarcely a house to house visit. But why complain? There's no day like a rainy Sunday for rest and meditation.
