 the post office at Sylva, N. C.

In other words, they ask permis-
 sion of the General Assembly to allow
 Buncombe county to go to the dogs.

At any rate the education of North
 Carolina has been given a boost—
 we have now heard about pari-
 mutual gambling.

Senator Bernard is seeking a repeal
 of the act placing the responsibility
 for the constitutional six months
 schools upon the State. In other
 words, Senator Si wants the Legis-
 lature to undo the only thing that it
 has done that is of any real and
 lasting benefit to the State.

JACKASSICAL LEGISLATION

Having wrought ruin and destruc-
 tion in the financial structure of
 Western North Carolina, through
 real estate gambling and get rich
 quick schemes; certain interests in
 Buncombe county are seeking to re-
 build broken fortunes by obtaining
 permission from the General Assem-
 bly to extend an invitation to all
 the wealthy and not so wealthy hood-
 lums of the country to come to our
 delectable mountains, the invitation
 to be extended through the establish-
 ing of legalized horse racing, dog
 racing, and pari mutual gambling in
 Buncombe county.

The astonishing, the incredible
 thing about it is that the bill has
 actually been approved by the house,
 and has passed two readings in the
 senate. There are powerful influences
 of Buncombe women has been expec-
 tingly active in its behalf.

To be consistent, if it adopts the
 Buncombe bill, the General Assembly
 should repeal all the gambling laws of
 the State, and provide for casinos at
 Ridgecrest, Lake Junaluska, More-
 head City, Highlands, Pinehurst, and
 all the other resorts in the State.

But the Journal believes that the
 rank and file, the common people,
 who are North Carolina, are unalter-
 ably opposed to the scheme; and that
 the same is true of the people of
 Buncombe county.

The people of Western North Car-
 olina are not seeking the presence of
 Al Capone or other undesirables, as
 either temporary or permanent resi-
 dents, even if they should possess
 one hundred million dollars each. An
 undesirable is an undesirable, and
 his possession of wealth only makes
 him more so.

There are many things in this life
 that are more valuable than money.
 The only honest way to make a liv-
 ing is to work for it. The sooner
 these two fundamentals sink through
 the heads of certain Asheville people,
 the better it will be for all Western
 North Carolina.

**THE CONTRIBUTION OF
 WOMEN'S CLUBS TO COMMUN-
 ITY LIFE**

By Lucile Fant)
 It's just like Will Rogers says, "If
 you want to do something and you
 really want somebody on the job to
 help you out, and do it right, don't
 go any further than the Federated
 Women's Clubs over the country."
 The membership of the General
 Federation exceeds millions, but the

individual club member and the in-
 dividual club form the foundation on
 which it is built.

Mrs. Jonn F. Sippel in her address
 at the Biennial Convention of club
 women held in Denver, Colorado, last
 June, said: "We cannot too often be
 reminded that our power to give to
 the nation is largely measured by the
 contribution of the local club to the
 community life."

The boundary of woman's endeavor
 is far-flung today! We agree with
 Mrs. E. M. Land, president of the
 North Carolina Federation of
 Women's Clubs, that woman has it in
 her power to become a dominant fac-
 tor, not only in local and state work,
 but in the stirring questions of the
 day, which are not limited to one
 community or to one nation, but
 which are world problems.

Women's clubs enable their mem-
 bers—the women of the community
 —to keep in touch with the "stirring
 questions" of the day. One of the
 most interesting and beneficial phases
 of club work is the study and consid-
 eration of the vital problems—commu-
 nity, state, national and even in-
 ternational ones.

Women are more wide awake today
 than ever before, and the influence
 of women's clubs is responsible to a
 great extent for this step forward.
 Politics used to be a man's game,
 but, through the medium of women's
 clubs, women have been educated up
 to the point where they can intelli-
 gently participate in this game.

There is nothing too great for
 women's clubs to tackle, yet, the small
 things are never overlooked. Little
 acts of kindness brighten commu-
 nity life, and dozens are performed
 daily by club women everywhere.
 They are on the lookout for chances
 to help. They seek out the needy fam-
 ilies and aid them. They give a pair
 of shoes here and a tray of food
 there. They never close their eyes to
 human needs, whatever they may be.
 They stand for better education and
 more of it. Club women beautify com-
 munity life.

Beautification might easily be
 named as the theme of a club woman's
 life. Not content with ministering to
 human wants, they consider the
 physical aspect of the earth. Every-
 where, club women are seeking to
 beautify their communities, towns,
 cities and states. Down in Atlanta,
 Georgia, beautification of the city is
 now underfoot, and of course, the
 women's clubs are back of the move-
 ment pushing it forward.

The North Carolina women realize
 the value of this movement and are
 all for it. The state is just waking up
 to the fact that the natural beauty of
 her varied landscape might be com-
 mercialized.

The tourist trade, they say, ranks
 easily fourth in the industries of the
 state. This trade brings more money
 into North Carolina than the great
 furniture industry. Beautiful road-
 sides might prove a commercial as-
 set. Certainly, bright flower beds,
 trim lawns, and trees add greatly to
 the beauty of any community.

And another thing. The contribu-
 tion of women's clubs toward making
 their communities safer places to live
 in is a splendid thing.

Ninety per cent of the home acci-
 dents are supposed to be avoidable,
 according to "The Survey of Home
 Accidents in North Carolina."

The General Federation is to in-
 augurate a vigorous program of acci-
 dent prevention this year, assisted by
 the United States Board of Standards
 and the National Safety Council. The
 campaign is to be an educational one,
 the object being to make women and
 children "Safety-Minded," and a dan-
 ger recognized is a danger eliminated.

And there are many other things.
 Some one has said: "What do we live
 for but to make life less difficult for
 others?" Club women are certainly
 converts to this noble philosophy of
 life, and what could contribute more
 to community life than a group of
 women really living this ideal?

**The BEST Gray Hair
 Remedy is Home Made**

To half pint of water add
 one ounce bayrum, a small
 box of Barbo Compound
 and one-fourth ounce of
 glycerine. Any druggist
 can put this up or you can
 mix it at home at very
 little cost. Apply to the
 hair twice a week until
 the desired shade is ob-
 tained. It will gradually darken
 streaked, faded or gray hair and make it soft
 and glossy. Barbo will not color the scalp,
 is not sticky or greasy and does not rub off.

Caswell county farmers are increas-
 ing their lespedeza acreage from 400
 to 700 acres this year, despite a
 failure of the hay crop in 1930 due
 to the drought.

A carload of Irish potatoes will
 be shipped by farmers of the Old
 Fort section of McDowell county.

PHILLIPS MILK OF MAGNESIA
 For Troubles
 due to Acid
 INDIGESTION
 ACID STOMACH
 HEARTBURN
 HEADACHE
 GASES-NAUSEA

**Reduce
 the Acid**

SICK stomachs, sour stomachs and
 indigestion usually mean excess
 acid. The stomach nerves are over-
 stimulated. Too much acid makes the
 stomach and intestines sour.

Alkali kills acid instantly. The best
 form is Phillips Milk of Magnesia, one
 harmless, tasteless dose neutralizes
 many times its volume in acid. For 50
 years the standard with physicians
 everywhere.

Take a spoonful in water and your
 unhappy condition will probably end
 in five minutes. Then you will always
 know what to do. Crude and harmful
 methods will never appeal to you. Go
 prove this for your own sake. It may
 save a great many disagreeable hours.

Get the genuine Phillips Milk of
 Magnesia, the kind physicians have
 prescribed for 50 years.

**When
 BABIES
 are Upset**

BABY ills and ailments seem twice
 as serious at night. A sudden cry
 may mean colic. Or a sudden attack of
 diarrhea. How would you meet this
 emergency—tonight? Have you a bottle
 of Castoria ready?

For the protection of your wee one—
 for your own peace of mind—keep this
 old, reliable preparation always on hand.
 But don't keep it just for emergencies;
 let it be an everyday aid. Its gentle
 influence will ease and soothe the infant
 who cannot sleep. It's mild regulation
 will help an older child whose tongue is
 coated because of sluggish bowels. All
 druggists have Castoria.

**BAYER ASPIRIN

 in their daily practice.

 Aspirin. It is your guarantee of purity—
 your protection against some imitation.

 Charleston, S. C., pastor of the Free-

 and stomach were out of order. I was
 weak and rundown and suffered with
 awful headaches and pains in my
 back and sides. I tried various medi-
 cines, but nothing helped me until I
 started Sargon. In less than a month
 my whole system was in a strong,
 healthy condition and I felt like a
 new man. Sargon Pills were the only
 laxative I ever used that really over-
 came my constipation. I feel it my
 duty to tell others of this wonderful
 treatment."
