Have Record Enrollment At Cullowhee

The largest enrollment in the history of Cullowhee school has been recorded at Western Carolina Teachers College, this week, and additional students are arriving on the campus daily, according to figures in the office of the registrar.

Up to Monday night 226 students had registered for the fall quarter, as against a total enrollment of 195 last fall, or an increase of more than 15 per cent over last fall's total enrollment. The exact increase in students will not be known for a few days, until the entire enrollment is completed.

The faculty and officials of the institution feel greatly elated at the increased enrollment, in view of the depression, which is known to have prevented many students desiring to enter Western Carolina Teachers College, from coming this fall.

FORTY YEARS AGO

(Tuckasee Democrat, Sept 23, 1891)

Wm. Wilson, Esq., was a welcome visitor at our office, yesterday.

Col. John C. Haskell, of South Carolina, reached here from Cactier's this evening.

Messrs. Chas. Hampton of Asheville and Thos. Hampton of Brevard, are visiting their brother, Gen. E. R. Hampton.

F. A. Luck, Jr., now an operator in the Western Union office in Asheville, spent last Sunday at home with his parents.

Tuesday was quite a busy day here and everything presented quite an animated appearance. Many people were in town.

J. W. McKee has resumed his old place with Hall and Buchanan, W. D. Terrell having resigned his place with the expectation of soon leaving for the West.

Yesterday four car loads of stock—cattle and sheep—were shipped from this station, and the train from the west brought eight other loads, making twelve that went from Sylva and west of here in one day.

The Railroad Commenced: The line between here and Webster having been permanently located by Capt. Ramseur, the work of grading was begun on Monday by two squads of hands, one under W. T. Fisher and the other under B. M. Smith. The Equitable Mfg. Co. objected to giving the right of way through its property as the line is at present located, and the grading was started on the east side of the creek in the farm of G. W. Canyon by one force, while the other force began in the Love gap.

Death of Mrs. Hampton: After months of suffering borne with Christian fortitude, Mrs. Marguerite Hampton, wife of Gen. E. R. Hampton, on Monday evening, 21, gave up the unequal struggle with that insatiable disease, consumption, and her pure spirit took its everlasting flight to the home of the blessed. Her remains were temporarily interred near the home which she loved so much, but will finally be laid to rest in the family burying ground at Ross' Mills, N. Y.

Editor Democrat—The seventh Democrat Contest was given in Dillsboro on last Saturday night, consisting of a glass of eight little girls. It was impressive to see these innocent little children come boldly to the front proclaiming the evils of alcohol. The contestants were Misses Carrie Bryson, Maggie McDade, Ginnie Parris, Lala Allen, Ella Allen, Emma Sherrill and Hattie Bryson. Each contestant acquitted herself in the most admirable manner. The judges awarded the medal to Miss Emma Sherrill. Harmonious strains of music were rendered by Mrs. T. J. Davis, and Misses Florence Enke and Minnie Dills, also appropriate remarks were made by Revs. Ensley and McGhee. May the work go on until all with one voice proclaim "The saloon must go!"—Lela Potts, Secretary.

DANCE AT COUNTRY CLUB

There will be a dance at the Sylva Country Club, Friday night, Oct. 2.

Cooperation of all the governments to bring order out of the financial chaos is sought. If America had entered the League of Nations, the present condition probably wouldn't have arisen, for the reason that the world would have already been a cooperative entity in all matters affecting the common humanity.

Picnic Dinner

Mule Race, C. P. Shelton in charge. Tag O' War, Jackson and Swain men (6 on a side).

Rolling Pin Contest, Married 1-dies 100 yard dash, 4-H Club boys.

Start 'Borah For President' Movement

Washington, D. C. Sept. 22 (Auto-caster)—Senator William E. Borah's name will come before the Republican National Convention next summer as a candidate to succeed President Hoover, judging by recent indications. The latest of these is the announcement that a "Borah-for-President" club has been formed by a group of Virginians, the first of its kind in the impending campaign.

Senator Borah was officially notified of the formation of the club, at his home in Boise, Idaho, and greeted the news with a smiling countenance and the remark that "he was glad he had so many good friends in Virginia". His reception of the news was evidence that he is not unwilling to be regarded as an opponent to Mr. Hoover for the nomination. It is expected that many more similar clubs will be formed as a consequence of his attitude. His main reply to the notification was a plea for a five-year naval holiday, which he indicated would form the basis of his appeal for votes if he gets out and campaigns.

Borah feels that a naval holiday program with all its ramifications covering the World Court, opposition to war and its more immediate financial savings, is a large enough platform on which to corral votes. It is known that Borah has been sounded out by some of the leading Progressives regarding his candidacy and they assert he invariably has expressed pleasure whenever the suggestion has been made that he accept the nomination for President.

These same Progressives are known to be opposed to reviving the third party and want their standard bearer to oppose Mr. Hoover for the regular Republican nomination. Borah is too astute a politician to believe he can wrest the nomination away from the President and his office-holding cohorts, a feat that is almost impossible, politically, in the United States. Instead, they feel that if Borah can center enough activity behind him he can make a deal before the convention meets by which his ideas can be incorporated in the Republican platform and his ends achieved.

Many politicians here view Borah's possible election as President in a humorous vein. They say Borah is only himself when he is opposing the government. If he became the government himself he would be a ship without a rudder, they say. In this connection, President Coolidge's reputed remark is recalled: "Borah's penchant for horseback exercise."

Borah maintains a stable in Washington and he knows every bridle path in Rock Creek Park. Anyone when Mr. Coolidge is said to have learned about Borah's exercise he is quoted as saying: "I don't see how Borah can reconcile himself to going in the same direction as the horse."

Whether Borah's candidacy will be taken seriously by the Republican National Committee is a question. After all, a candidate must have the treasurer of the party with him and it is doubtful if the monied men of the country will support a man who has shown such radical tendencies in the past.

There seems to be little question but that additional taxation will be levied by the next Congress. Even with the President firmly committed against the national government's aiding its unemployed citizens with any plan that parallels the British system of doles, the government is going to find itself short by at least another billion of dollars next year. Even by paring down all expenses the gap cannot be bridged, largely because the incomes of the big taxpayers have been cut into so deeply that payments into the national treasury have been heavily reduced.

To tax the farmer any more would be a political crime and result in alienating his vote. As a consequence, Congress is faced with a hard problem in raising more money. It appears certain that a system of luxury taxes will be devised. In addition there is a growing feeling that the larger aggregations of capital will be

MAYOR SAYS SAVE WATER

Mayor Harry E. Buchanan says that there is a serious water shortage, due to the prolonged drought, and is requesting the people of Sylva to conserve the supply as much as is possible. The mayor states that all leaks in the water mains, and intakes have been repaired, and that every drop of water available is flowing into the mains, and yet, the people on the higher elevations in the city are frequently without water, except early in the mornings.

Mayor Buchanan requests the people who live at the lower elevations to be considerate of their neighbors, and refrain from using water for the purposes of watering lawns, washing cars, or for any other purpose that is not absolutely necessary, and to see that there are no leaks on their premises.

BALSAM

Mr. and Mrs. Elbert Reece announce the birth of a fine son, Sunday, the 25th.

Revival is being conducted in the Baptist church here by Rev. Ben Cook Services begin every evening at 7.30 Mr. and Mrs. G. T. Knight and son, Balfour, went to Asheville Saturday, on business.

Mrs. T. E. Duke of Asheville is visiting her daughter, Mrs. G. T. Knight Mr. Henderson Jones has returned from Coweeta in Macon County, where he has been with Rev. Kay Allen while conducting a revival in the Baptist church for the past two weeks.

Fifty-six were baptised Sunday and joined the several churches there, among whom were two men, one 86 years old and one 65. This is said to have been one of the greatest revivals ever held there, all the churches cooperating. Rev. Kay Allen of Hazelwood has been pastor of this church for some time. Mr. Jones is very enthusiastic over the hospitality and cooperation of the people in that section. This Baptist church was established about 30 years ago, and the present building is the third one erected on this spot.

Mr. Hubert Quiett of Whittier is a guest of his sister, Mrs. E. O. Queen Mr. Claud Warren has returned from Petersburg, Va., where he has been for some time.

With the world's gold centered in the United States and France, England deserts the gold standard, in an effort to save the remains of the finances of the empire. Page Mr. Bryan.

Surely Old Sol has never made a stronger display of his power in our section than in September 1931.

Mr. and Mrs. J. M. Hughes of Cherokee visited at Mr. D. K. Battle's

asked to pay more, even the Wall Street crowd being convinced, it is said, that they should pay heavier taxes.

No party likes to impose taxes on the eve of a national election. It begins to look as though the Democrats will be in a majority in both Houses of the next Congress and, it taxes are raised, that party will have to bear the onus of the action. Those in close touch with the trends of the time, politically, claim that new taxes must be levied and that no blame will attach to either party that has to pose as the sponsor of the action.

Many industries, like the automobile line, have formed a lobby to work against a proposed sales tax, and threats from them can be expected. Political observers do not feel that these threats will ever be carried out and believe that Congress will go right to work next December to balance the budget, as the British Parliament and other European legislatures have been forced to do in recent months to overcome the depression in general business and lack of employment.

The second annual Fall Flower Show will be opened at 2.30 tomorrow afternoon for the public. Entries will be made tomorrow morning by 10.00 o'clock, and the ladies in charge of the show will be busy from then until the opening hour, arranging the exhibits in the well-appointed Tuckasee Bank building.

The show will continue through Saturday, and is expected to draw a great many lovers and fanciers of flowers from all over Western North Carolina.

Many flowers are at their best at the high altitudes in Jackson county. All visitors are impressed with this, and with seeing flowers of great beauty growing at every home, from the more pretentious houses to the lowliest cottages. The people of this county nearly all raise flowers, and it is the hope of the members of the Twentieth Century Club, which is sponsoring the show, that a great many of them will place flowers on exhibit. They want to make the show a Jackson County event, and wish all the people to feel that the show is theirs, and that they are more than welcome to bring their flowers and place them on exhibition.

The first show was held last year, and far exceeded the expectations of the sponsors, both in the number and character of exhibits and in the attendance. No admission charge will be made, and everybody is invited to the show.

The committee of the Twentieth Century Club, in charge of the show, is composed of Mrs. Dan Allison, chairman, Mrs. George Clemmer, Mrs. Kermit Chapman, Mrs. Ernest Keener, Mrs. D. M. Hall, Mrs. C. B. Thompson, Mrs. C. B. Robinson, Mrs. A. H. Weaves, and Mrs. Ben N. Queen, president of the club.

They request that all exhibitors bring their own containers in which to show the flowers.

FOOTBALL PROSPECTS ARE GOOD AT S. C. I.

Aspirants to places on the football squad at S. C. I. are being given their final work-outs before opening game. Coach Steele and assistant Warren, who has had a hand in shaping previous teams, report that while there are no individual stars so far, the team as a whole stacks up better than was at first expected.

The first game will be played on this coming Friday (tomorrow) night at Copperhill, Tenn., against the strong high school team of that city. Copperhill has run rough-shod over all opposition for the past two years; but the coaches are whipping the team into shape to give a good account of itself Friday night.
