The word was coined by a group of research men at Columbia University who calculate that the time is at hand when everything human beings want can be produced with so much less labor than before, that nobody ought

5-10 YEAR MEETING SHOWS INCREASE IN FARM PRODUCTION

A mass meeting of the 5-10 Year Farm program held at the Plaza theatre in Asheville, Monday night disclosed that production had been increased; that farming was being done on a more scientific basis, and that the groundwork for a planned system of farming had been solidly laid, in the counties of Western North Carolina.

Jackson county organized 17 Parent-Teacher associations for schools welfare and garden work, held a fair, and did \$9,278.73 worth of co-operative marketing. There were five Hereford, three Jersey and one Guernsey bulls placed. Also, 12 rams, three purebred boars, 15 sows and 8,000 chicks were placed.

The Jackson increase in lespedeza pounds. There was an increase of 50 per cent in soybeans, cowpeas and winter crops, and a 40 per cent increase in cabbage acreage. The latter improvement brought the farmers a net return of \$18,000.

Thirty-five bushels of special Irish potatoes were put out for seed patches alone, and 30 bushels of Abruzzi rye was raised. The Rotary club gave two pigs to boys, furnished seed corn for two club acres and gave the county agent a ton of lime for demonstration purposes.

Jackson county was represented at the meeting by County Agent E. V. Vestal, Mr. and Mrs. A. J. Dills, W. T. Cook, D. G. Bryson, J R. Jones, N. C. Brown, M. B. Madison, R. C. Hunter, W. H. Smith, and Claude Wike and son.
