

We've Learned How
To Live
Cheaply, Comfortably,
Cleanly,

and my wife has more time for rest

ELECTRICITY

Does Our Housework

and we find that with the prevail-
ing rates, we actually save money

USE ELECTRICITY

**Refrigerate, Cook,
Heat Water, Radio,
Make Coffee, Iron,
Toast Bread, Light,
Sweep The Floors**

Do the hundred and one chores about the home with
electricity. Do it better, easier, and at less cost.

**Dillsboro and Sylva
Electric Light Co.**
