

**LABOR DAY**

**LABOR DAY**

# FOR YEARS

We have brought light, comfort, and cheer to your homes in Dillsboro, Sylva and their environs. We have been happy to serve you

The rapid changes in living conditions and lower electric rates have opened still wider the door of service for us.

When we first began, lighting was about the limit of our possibilities, and yours.

## TODAY ELECTRICITY

brings you radio, refrigeration, cooking, heating hot water, sweeping, small motors for sewing churning, etc. hot coffee, toast, ironing, washing---and innumerable other items  
It brings them quickly, efficiently, comfortably---and at less cost

Every way you turn, now, you use electricity. We are proud of our record, and happy to be able to make your homes happy, pleasant places to live.

**Dillsboro and Sylva  
Electric Light Co.**
