Present slump only a pocket", says
Babson. Yes, an empty pocket.

Splendid isolation can be said to
have been really attained when you
are left out on a limb.

Mr. Baruch told a committee that
he would lay down his last dollar to
cure the depression. Yes sir; and
many of us have already done it.

We wouldn't have dared say this
General Pershing not continued
to approve; but the attempts of news
agencies to get there first with the
most news sometimes leads into really
ridiculous situations. For instance,
the daily papers, the other day, car-
ried a story saying that General Per-
shing was improving, and winding
up by saying that he would probably
be buried at Arlington.

A Laudable Project
The plan that is on foot to provide
flood lights for the athletic field at
Sylva high school by the beginning
of summer should meet with general
approval and support by the people
of the town.

The hope is that soft-ball, which
sport proved very popular here last
summer, can be played in the even-
ings, giving more people opportunity
to see the games.

That would be of value, not only to
our own people, but would, no doubt
prove quite popular with the tourists
throughout this section.

Then, too, the idea is to have the
flood-lights installed so that, next fall
when the season opens, there can be
night football in Sylva.

This, also, would prove a drawing
card to Sylva of people from nearby
towns and vicinities, and would fur-
nish opportunity for the people here
to see their football team in action.

Altogether, the move would be a
forward step for Sylva, which town
has blazed the way, more than once,
in Western North Carolina.

Journal Gets Gift of Fruit
The Journal is much indebted to
Mr. and Mrs. Charles Yonnally, of
Tavares, Fla., for a generous gift of
fine citrus fruits, from their groves.
Mr. and Mrs. Yonnally are here for
a few days' visit to Mrs. Yonnally's
parents, Mr. and Mrs. B. R. Morgan.

A Misunderstanding
In a recent article which I request-
ed that you publish in your paper in
regard to the roads being improved in
Scotts Creek township. There
seems quite a misunderstanding by
some people as to the meaning of this
article. I want the people of Jackson
County to understand that I do not
blame the present county officials for
the condition of our roads in Scotts
Creek township, as it is generally
understood that the county officials
have nothing whatsoever to do with
the construction or maintenance of
the roads in our county. However,
I do think that the individuals who
are responsible for our road work in
our county have not given our town-
ship the consideration it should have.
As for our county officials I person-
ally think we have the best group
in office we have had in years and I
hope the intelligent voter will bear
this in mind and not make a mistake
which may take a period of years to
correct.

visit relatives.
Mr. W. J. Miller, our jovial and
popular friend, was up from Qualla-

Mr. Lee Hooper rode into town
today and spent awhile attending to
business.
It will pain the many friends of
Miss Mamie Bryson to learn that she
is quite ill with pneumonia, although
her condition is somewhat better at
present time than for some days past.
Mr. Seal Buchanan has been acting
agent at this place for the past week,
owing to the sickness of Mr. R. M.
Davis, who has been confined to his
room with mumps.
Mr. Y. W. Cooper, of Cherokee, was
on the east bound train, Thursday.

Jackson County Journal,
February 28, 1938
Last Sunday night a welcome was
extended to Rev. W. B. Creasman,
pastor of the Sylva Baptist church in
the auditorium of the Sylva Collegiate
Institute. He was welcomed in
behalf of the Baptists by Rev. W. E.
Gaillard. In behalf of the Metho-
dists by Rev. J. J. Gray. The Sunday
School, Mr. T. C. Bryson. Sylva Col-
legiate Institute, Prof. F. A. Brown.
The selections by the choir added
greatly to the occasion. Mr. Creasman
responded in a few well chosen words
and expressed his pleasure in being
with us.

In spite of the inclemency of the
weather, the enthusiastic members of
the Baraca and Philathea classes of
the Baptist Sunday School assembled
Tuesday night at the Sylva Collegiate
Institute, to attend a reception ten-
dered by the Baracas to the Phila-
theas. Of the 102 students enrolled
in Sunday School 40 belong to these
two classes. The program was as
follows: Words of welcome, Supt.
T. C. Bryson; Song, "The Baracas and
the Sunday School," Rev. W. E. Gail-
liard; Reading, "What Christianity
has done for Women," Miss Bertha
Enslly; Song, "The Fraternal Spirit
of Baracas", A. J. Dills; Paper, "How
our boys and girls should conduct
themselves as Baracas and Philatheas"
Miss Pittilli; "What effect does the
Baraca class have on the Sunday
School?" Prof. F. A. Brown; Solo,
Miss Nellie Brown; "A Stimulating
feature for Baraca and Philathea
work", C. C. Buchanan; Baraca Mot-
to, "We do things", Rev. W. B. Creas-
man. Duet, Miss Bessie Morgan and
Miss Bird Rogers. At the conclusion
of the program hot chocolate and
bouillon was served.

J. J. Britt, of Asheville, has posi-
tively declined to make the race for
Congress on the Republican ticket in
the 10th district. There are quite a
number of aspirants: Frank B. Ben-
bow, of Franklin; Thomas, of Bun-
combe county; J. G. Grant and Chas.
F. Toms, of Hendersonville. There
will be no opposition to our esteemed
friend Hon. W. T. Crawford, this year.

Fairfield: A large quantity of six
inch ice was harvested on Lake Fair-
field this year. It is, by far, the
thickest ice ever gathered on the Tox-
away Company's lakes, and the first
in three winters. Miss Hattie Nor-
ton, who is teaching a private school
at Mr. W. L. Dillard's has gone to
her home at Short Off, and Master J.
B. Galloway, of Glenville who is in
school here, has, also, gone to visit
his parents. Mr. Granville T.
Wike, who has been at home during
the panic, has returned to his work
as lumber inspector, for the Gen-
nett Lumber Company, in Macon
county.

Jackson County Journal
March 1, 1938
On Tuesday, March 5, Judge Jeter
C. Pritchard, of the United States
Circuit Court of Appeals, will speak
in Jackson County on "War Savings".
Let every parent and child, teacher
and student, preacher and layman—
in fact, let every man, woman and
child who believes in America and
who stands for our flag, hear his
address.
We will begin the first chapter of
"Over The Top", next week. This
story was written by an American
who has seen eighteen months of
actual service in the trenches in
France.
The State Extension Horticulturist
and the County Agent, J. M. Mc-
Clung will give pruning and seed corn
germination tests at Mr. T. C. Bry-
son's farm on March 5th, at 9:30. On
March 8 a pruning demonstration
will be conducted at the orchard of
Mr. Frank Jarrett, Dillsboro.
Highland: Mr. Partridge, an old
resident of this place, who has been
missing for some time, has not been
found yet. There has been lots of
ice housed around here during the
cold spell. Old men in Highlands
tell us this is the worst winter we
have had at this place in years.
Dillsboro: Lewis Cannon returned

to Camp Jackson last Sunday. Little
Miss Helen Allison, of Barkers Creek
has been visiting in the city. The
Dillsboro Sewing Club met last
Thursday evening at the home of Mrs.
Mont Cannon. After sewing, games
were played. Dainty refreshments
were served. Those present were:

the same idea. She points out that
the female voice has a wider range
and superior modulation than the

LISLE is popular again
Partly, I suppose, because of the
growing tendency among Americans
to boycott everything Japanese, many
American women are giving up silk
stockings and substituting rayon or
lisle. Lisle thread stockings used to
be the standard fine stockings for all
but millionaires when I was a boy. I
am glad to see some of the big stores
advertising them again.

The revival of lisle is partly due
to the revival of the Sea Island Cot-
ton industry. There they have lately
found a way to control the boll-wee-
vil, which practically ruined the
planters who used to grow that long-
staple, fine-fibred cotton from which
lisle thread is spun. Last season 5,000
bales were marketed from Florida
alone.

If we stop buying silk from Japan
that country will lose about
seven-eighths of its export trade.
Then—perhaps—the Japanese will
behave.

SAFETY in motor cars
Looking over all the new cars as
I see them on the highways, and
driving in a good many different
makes, I wonder whether the mak-
ers have not sacrificed a good many
elements of comfort and safety in
their efforts to make their machines
look prettier.

I admit that in many respects the
cars of today are structurally safer
than those of only two or three years
ago. But an important element of
safety, it seems to me, is that the
driver should have a clear view of
the road ahead and on both sides.
High hoods and low driver's seats
make it harder for the driver to see
ahead, while the thickness of the sup-
ports at both ends of the windshield
certainly cut off a good deal of the
range of vision at either side.

Good as the modern automobiles
are, it seems to me there is lots of
room for improvement.

NEWS by radio
The trouble with relying on the
radio for news of what is going on
in the world is that one has to stick
around the receiving set all day. I
predicted years ago that some day
a way would be found to make a
record of the news as it came into
the home receiving set, so that it
could be heard or read at leisure
later on.

Now that sort of a machine has
been made and a few of them have
been put into experimental use. In-
side the set is a roll of paper on
which news bulletins are written as
they are sent out from a central of-
fice. It runs all night and all day,
and at any time you can tear off a
strip from the roll and read all the
important news.

If the system proves practical, one
effect may be to cut down the cir-
culation of at least morning news-

**WHEN COLDS BRING
SORE
THROAT**

The speed with which Bayer tab-
lets act in relieving the distressing
symptoms of colds and accompany-
ing sore throat is utterly amazing
and the treatment is simple
and pleasant. This is all you do.
Crush and dissolve three genuine
Bayer Aspirin tablets in one-third
glass of water. Then gargle with
this mixture twice, holding your
head well back.
This medicinal gargle will act
almost like a local anesthetic on
the sore, irritated membrane of
your throat. Pain ceases promptly;
rawness is relieved.
You will say it is remarkable.
And the few cents it costs effects
a big saving over expensive "throat
gargles" and strong medicines.
And when you buy, see that you
get genuine BAYER ASPIRIN.

**Get there early while the choice is wide—
fine cars now offered at rock-bottom prices**

This National Used Car Exchange
Week gives you a great opportunity to
OWN A BETTER CAR for a small invest-
ment. Automobile dealers co-operating
in this big sale have a fine selection of
used cars—and prices are far below
those of several months ago.
Many are 1937, '36 and '35 models—
backed by the finest of dealer guaran-
tees. All have thousands of miles of
first-class unused transportation in them.
And the "first-class" transportation of
these modern cars represents satisfac-
tion which the owners of older cars can
hardly imagine. Beautiful, modern styl-
ing—a more comfortable ride—more
room for you and your luggage—finer,
more powerful engines—better gas
mileage—better brakes—bigger tires
—dozens of improvements introduced
since your old car was built.
Now's the time to make the switch,
while you have more to trade and less
to pay. Your present car may cover the
down-payment—balance on easy terms.
If you have no car to trade, you can still
take advantage of the low down-pay-
ments and easy terms during this sale.
