

**Fishing Season
Opens April 15**

the angler in those sections where no county licenses are required.

Fishing seasons in Eastern and Piedmont counties remain open until April 1st when they close for a 40 day spawning period. In the mountain counties trout season will begin April 15th and small-mouth bass fishing opens June 10th. Other mountain fishing seasons are open until April 15th when they will close during the spawning period until June 10th.

The 1938 state fishing license is oval in shape and is made of chromium and black enamel. Each license is numbered, the number being stamped on the strip of chromium running across it. Along the upper rim of the license are the words "State Resident Fishing License" under which is the likeness of a fish jumping out of the water with a line in its mouth. Below the serial numbers, on the lower portion of the license, are the words "North Carolina 1938". The license has a pin

back so that it may be pinned to a shirt, coat or hat. It is regarded as one of the most attractive fishing licenses ever devised by the game

and inland fishing division. Resident daily fishing permits are only 50 cents a day. The combination resident hunting and fishing license may also be obtained for \$3.10 a year, or non-resident daily fishing permits may be had for \$1.10 a day.

(Special)—With the spring already in the air and the thoughts of sportsmen turning to their reels and rods, the game and fishing division of the Department of Conservation and Development is announcing that the new fishing licenses are now on sale. No person is allowed to fish in the inland waters of the State without a state fishing license, which is required except boys and girls under 15 years of age, or unless fishing is confined to the home county of

WASHINGTON, D. C. — His friends say Paul V. McNutt will resign as High Commissioner to the Philippines next August to begin campaign for the 1940 Democratic presidential nomination. White House silence is interpreted as tacit approval.

"GROW CHOICE TOBACCO"

FLOYD SMITHER—experienced tobacco planter

IT'S A FACT THAT CAMEL USES COSTLIER TOBACCOS. LAST YEAR I HAD A DANDY CROP AND THE CAMEL PEOPLE BOUGHT ALL MY CHOICE LOTS. MOST PLANTERS SOLD THEIR HIGH GRADES OF TOBACCO TO CAMELS, THE SAME AS I DID. SO YOU CAN SEE WHY CAMEL IS MY CIGARETTE

MR. SMITHER gives the opinion of a great number of tobacco planters when he reports: "For their own smoking—the majority of tobacco growers prefer Camels." Men who know tobacco from the ground up prefer Camels. They want to enjoy the special treat of smoking Camel's finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic.
