EDITORIAL

The democratic world may as well prepare for a long and self-sacrificing job. Any man, any woman, any group, be it labor or be it capital, that is unwilling to make the sacrifice that is demanded if we are to survive, is unworthy of the great traditions of our people, and of the inestimable blessings that have been bought and paid for with the blood and sacrifice of those who have gone before us, and handed down to us as the most priceless heritage any people ever enjoyed anywhere upon the face of this earth. Those are the values that are at stake in this conflict, this conspiracy, this revolution.

ED REED

Ed Reed will be remembered in Sylva for a long time, by many things; but The Journal will remember him as a good neighbor, a staunch friend, and for the kindness of his heart.

We can never forget that, when the editor of this paper was with the American Expeditionary Forces in France, and there was nobody at our home except the women folks, and when Ed Reed was our closest neighbor, how kind, how thoughtful, how helpful was this good neighbor. Prompted only by his natural kindness and with a touch of patriotism, and helpfulness to the family of an American soldier across the waters, he proved himself to be a true friend and the best of neighbors, by performing tasks that these women could not perform for themselves, without any reward, or hope of reward. And so we feel impelled to place this tribute upon his bier.

"As ye have done it unto the least of these, ye have done it unto Me."

OUR LIBERTY IN EXTREME PERIL

As Mr. D. Hiden Ramsey so graphically pointed out, at Cullowhee, Tuesday evening, and as all informed and thinking people know, the precious liberties we now enjoy are in extreme peril, and there is the gravest danger that the pall of a second "Dark Ages" is about to fall upon what we know as the civilized world.

The British Empire, bulwark of civilization and stabilization in the world for many centuries, has not yet fallen; but she is wobbling and tottering. The German offensive down into Greece continues. All the gains that the British have made into Northern Africa have now been lost. We may expect to see the Mediterranean become a Nazi lake. London was subjected, only last night, to the most terrific aerial bombardment that any major city has ever undergone. For eight long hours the German bombers roared through the skies and poured uncounted the thousands of tons of explosives and fire bombs upon the world's largest city filled the hospitals and the morgues with thousands of men, women and children, and left great sections of the city but a shambles. This, mostly to give the world a new example of how far German frightfulness will go, in this attempt of the new paganism to conquer the world and to destroy Democracy and Christianity.

America and America alone can save the British Empire, by pouring forth in a great deluge the supplies that the British must have, and by seeing to it that those supplies reach their destination.

A pact is just concluded, whereby Japan is assured that in event of her becoming involved in war, Russia will not strike in the back. That, as far as Japan and Russia can trust each other, opens the way for the Nipponese to strike like a reptile and we may expect to see her strike, at any time now, toward the Dutch East Indies, Singapore, and perhaps at the Philippines.

While this is in progress, certain Americans are trying to build up huge fortunes to add to the immense wealth they already possess, which fortunes would be worth absolutely nothing in case of a German victory. Certain American labor groups are maneuvering for better positions in the game of get-all-you-can; not realizing that a German victory would be the worst set-back that American could possibly conceive. Other Americans are going their foolish, frivolous way, apparently heedless of the fact that the world is about to crash about their ears.

To your knees, Oh America! And then arise in your might, resolved that no unselfishness can be too costly, no sacrifice too great, no effort too gigantic to preserve the precious things of the spirit that have made and preserved us a nation.

Wake up, America! Before it is eternally too late. Everything that you love and cherish, every privilege that you enjoy, every luxury that is yours, will go down with the British Empire, if she falls!

NOTICE OF FORECLOSURE SALE

NOTICE OF SUMMONS AND WARRANT OF ATTACHMENT

NORTH CAROLINA, JACKSON COUNTY. IN THE SUPERIOR COURT S. M. Parker, Plaintiff vs.

John R. Brinkley and Wife, M. T. Brinkley, and John R. Brinkley, Jr., Defendants.

The defendants, John R. Brinkley and wife, M. T. Brinkley, and John R. Brinkley, Jr., above named, will take notice that a summons in the above entitled action was issued against said defendants on the 2nd day of April, 1941, by the Clerk of the Superior Court of Jackson County, N. C. and that a verified complaint has been filed in said action wherein the plaintiff alleges that the defendant, John R. Brinkley, is indebted to the plaintiff in the sum of Eighteen Thousand Sixty (\$18,060.00) Dollars, over and above all counterclaims known to plaintiff, which said sum is due and owing the plaintiff as damages by reason of the defendant, John R. Brinkley, breaching a certain logging contract which he had with the plaintiff, and this action is brought for the purpose of reducing said claim to judgement and for the purpose of setting aside a deed made by the defendants, John R. Brinkley and wife, M. T. Brinkley, to John Richard Brinkley, Jr., dated the 24th day of June, 1940, recorded in the Office of the Register of Deeds of Jackson County, in Book of Deeds 137 at page 567, et seq., and declaring the same null and void, and for the purpose of adjudging the title to said lands to be in the name of John R. Brinkley, which said

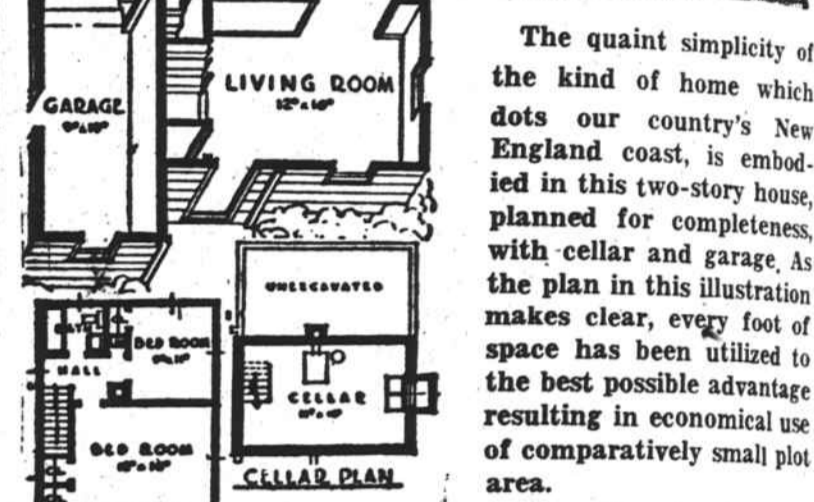

summons is returnable before the Clerk of the Superior Court of Jackson County at his Office in the Court House in Sylva, Jackson County, N. C., on the 28th day of May, 1941.

The defendants, John R. Brinkley and wife, M. T. Brinkley, and John R. Brinkley, Jr. will take notice that a warrant of attachment was issued by the Clerk of the Superior Court of Jackson County on the 2nd day of April, 1941, against the property of the said named defendants, which warrant of at-

tachment is returnable before the Clerk of the Superior Court of Jackson County at the time and place above named for the return of the summons, when each of them, are required to appear and answer or demur to the complaint, or the relief demanded will be granted.

This the 2nd day of April, 1941.

ROY M. COWAN, Clerk, Superior Court, Jackson County, North Carolina.

The quaint simplicity of the kind of home which dots our country's New England coast, is embodied in this two-story house, planned for completeness, with cellar and garage. As the plan in this illustration makes clear, every foot of space has been utilized to the best possible advantage resulting in economical use of comparatively small plot area.

One of the American Series of specially designed homes offered to the readers of this newspaper is the Elmsford.

Why does a Golf Ball bounce?

EVER notice that a golf ball, when you drop it, bounces higher than something hollow, like a tennis ball?

That's partly because of internal pressures, which also have so much to do with Buick's extra FIREBALL power.

Rubber threads inside a golf ball are packed tight, highly compressed. When flattened against a hard object, like a sidewalk, they come back harder, with more push, and so the ball bounces higher.

A similar thing happens inside a Buick FIREBALL straight-eight cylinder.

Fuel compression pressures are higher here than in any other standard-production automobile engine.

So when the spark jumps in the tightly-

packed, fuel-fat ball of gas-mixture at the top of the stroke—the Buick piston goes rushing down with more push, more shove, more power than the same amount of fuel gives up elsewhere.

Result: every Buick engine travels farther per gallon this year than the same-size engines did last year, while Compound Carburetion* with Buick FIREBALL design gives as much as 10% to 15% more miles per gallon.

In fact, if you're buying any car this year, it's pretty important to see and drive a Buick before you're through; it's Number One in smart engineering as well as Number One in solid, rock-bottom, all-round VALUE!
