The United . States is today as it has always been, the best investment in the world. This is an opportunity for each citizen to buy a share The success of the Defense Savings program will be measured by the number of men, women and children who serve their country by saving. The Secretary of the Treasury has said repeatedly that his chief objective in this program is to spread the cost of defense as widely as possible among the American people. His main purpose is to give every American a sense of direct participation in the financing of national defense. If the Defense Savings program is to be brought to the attention of all Americans, in all parts of the country in all walks of life, the effort must be made in every local community. It is to be done in a manner consistent with our democratic traditions, the active support of public-spirited citizens must be enlisted everywhere.
