

WE HAVE IT:

Highways,

Climate,

Minerals,

Farming Land,

Lakes,

Power.

All the requisites for a steadily growing Jackson County are here. The job of the Chamber of Commerce is to keep that growth and expansion steady.

Great crowds of tourists are now pouring into our county. They are but the vanguard of the crowds to come.

Power to turn the wheels of new industries is being developed. Opportunity knocks.

You need the Chamber of Commerce. The Chamber of Commerce Needs You.

United in the Chamber of Commerce, we can do the job that is ahead of us. The annual solicitation for members is now in progress. Each five dollars entitles a firm to one membership; \$10.00 to two memberships, and so on. Each membership gives a firm a vote in the Chamber. Subscribe liberally.

Jackson County Chamber of Commerce

John R. Jones, Manager
