SUMTER & SOUTHPORT R. R.

I am in receipt of a letter from one of Southport's most influential business men, in reference to the railroad outlined in the Herald of last week.

I furnished a copy of the charter granted in 1892 for a road between the points mentioned, giving all the information obtainable.

I believe that each county through which this road is proposed, would vote likewise for its construction.

Now the ball is rolling, let us keep it going and ere long we will have the line in actual construction and many idlers put to work.
