

## Blood Was Wrong

All women, who suffer from the aches and pains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

## TAKE CARDUI The Woman's Tonic

Mrs. Jane Calahan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had back-ache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, for women.

Whether seriously sick, or simply weak, try Cardui.

### SENTIMENT IN FAVOR OF WILSON FOR PRESIDENCY

Democrats of Tennessee, Irrespective of Factions Want Him. Also Has Republican Support.

R. P. Williams in Knoxville Sentinel.

What will be the condition of the Tennessee democracy in the national convention in 1912? This is one of the important questions now being considered by members of the party who look ahead. The recent action of the democracy of Pennsylvania, which has been warring for some time, meeting and burying the hatchet, and agreeing to follow under the banner of Governor Woodrow Wilson is one example that Tennessee democracy might follow. It is believed by some that if it is left to the people that such will be the case. While the presidential race does not come until 1912, the friends of various candidates who would make good presidents and honor the party as nominees, are looking out in the interest of their own favorite.

A local democrat sent out forty letters to democrats in East Tennessee. When I say democrats, I do not mean men of one faction, but men in both factions of the party. The question in these letters were asked: How does your county stand on the presidential nomination?

While the requests were not made for publication, the answers came back demonstrating the fact that the people of East Tennessee, regardless of faction, are for Governor Woodrow Wilson of New Jersey for the democratic nomination for president of the United States. The Wilson stock is steadily growing in this section.

One leading member of the East Tennessee bar writes: "My personal choice is Governor Harmon, but the people of my county are for Governor Wilson." This gentleman is known as an anti-machine or anti-Patterson democrat.

In the same county another who supported Gov. Patterson says: "Wilson is my choice for president, and is the choice of the county democracy, both factions."

Another, who is one of the strongest and most ardent independent democrats in the eastern section of the state, writes: "Gov. Wilson is my choice. The people are for him and all factions can unite on Gov. Wilson in Tennessee. We will send a united delegation from my county for Wilson."

One prominent lawyer says: "At the beginning I was for Harmon, but watching the course taken by Gov. Wilson I believe him to be the man the democracy of Tennessee and the nation can unite upon and elect president in 1912."

The local democrat who sent out the letters has received from forty prominent democrats in counties in East Tennessee, men of both factions, and the universal opinion is that Gov. Wilson is the logical candidate. Among members of the bar there is a strong feeling for Gov. Harmon of Ohio. Many republicans who have been approached upon the subject have said it would be hard for them to vote against Wilson. Republicans who believe in the progressive measures and not the standpatters, or G. O. P. kind, will break the party lines if Gov. Wilson is nominated, and vote for him.

World's Work has been conducting a little presidential primary among its subscribers. It sent out 2,145 ballots and requested the recipient to mark their choice for president of the United States. These ballots were sent to every state in the

union, and 1,505 have been returned. Each voter has been requested to designate with what party he is affiliated, and the result goes to show that many who have voted the republican ticket signify the fact that they would vote for Gov. Wilson.

The names to which ballots were sent were selected by the clerks who did not know the object, and only followed instructions to insure a certain number from each state. World's Work announces the following result of its primary.

Woodrow Wilson	519
William H. Taft	402
Theodore Roosevelt	274
Judson A. Harmon	96
Robt. M. LaFollette	91
Champ Clark	45
William Jennings Bryan	34
Albert D. Cummins	17
Chas. E. Hughes	8
Jos. G. Cannon	4
Elihu Root	2
Joseph W. Folk	2
Eugene V. Debs	3
Scattering	8
Total vote	1,505

### PLAINTIFF ALLOWED DAMAGES BY CONSENT

Carload of Machinery Belonging to Will D. Martin Damaged in Wreck Near Hominy

Asheville Citizen.

In the case of Will D. Martin against the Southern Railway company, which was transferred from Swain county to the Federal court of this district about six months ago, a judgment by consent of the litigants was entered yesterday, favoring the plaintiff for damages.

The suit was instituted by Mr. Martin, through his attorney, A. M. Fry, of Bryson City, in the superior court of Swain county several months ago, for damages to a car load of machinery belonging to the plaintiff, which was wrecked on the Southern near Hominy.

Upon compromise by which the defendants agreed to pay to the plaintiff \$1,199, the value of the machinery wrecked, and \$300 as damages. Judge James E. Boyd signed the judgment yesterday in the United States Circuit court.

The plaintiff was represented by A. M. Fry of Bryson City, the defendant company being represented by Moore & Rollins.

The little brown slug that defoliates the pear, plum and cherry trees during the summer season is one of the easiest of insects to control. No one need allow this insect to do any serious harm to his trees, if he will thoroughly use the remedy here given. Steep two ounces of fresh white hellebore in one gallon of water and use as a spray when the slugs are first seen. Stir the mixture often; or, better yet, have an agitator attachment to the pump. Sometimes there is a second brood of the slugs, necessitating a second spraying.

Wet a cloth with a bit of soda on it and clean up the grease spots on your kitchen floor.

Jelly from berries picked wet is almost sure to mold, and doesn't jell right. Try to pick them dry.

Put a few grains of rice in your salt shakers. They will break and gather the moisture and make the salt come out freely.

Glue pieces of felt or old rubber to the bottom of the chair legs and there will be no scratched floors and less noise.

## Plumbing! Plumbing!!

We install plumbing, tin work, steam and hot air heating. All kinds of repairing on short notice.
