Clergyman's Son Cured of Tuberculosis

To neglect a cold, bronchitis, lung trouble or Consumption is dangerous. We all know how prone people are to deny they have Consumption. It is a flattering disease, and the sufferer is filled with bright hopes of improvement. Call consumption by its own dread name—and then—take Eckman's Alterative, because it is effective in Tuberculosis. No one need doubt about it—there is plenty of evidence from live witnesses. Investigate the following:—Amelia, N. Y. Gentlemen: "Prior to Feb., 1908, I was located in Rochester, N. Y., suffering with LaGrippe, which developed into Tuberculosis. My physician gave me one month to live. I was having terrible night sweats and mid-day chills and losing flesh rapidly, having gone from 155 to 135 lbs. I coughed and raised continually and became so weak that walking a few feet exhausted me. On my return home, my regular physician gave me little encouragement. My father, who is a clergyman, heard of Eckman's Alterative and induced me to take it. The night sweats and chills disappeared, my cough became easier and gradually diminished and in a few days I developed an appetite, the first in months. I am now in perfect health, back to 155 lbs. I feel certain that I owe my life to Eckman's Alterative." (Signed) E. H. COWLES. Gentlemen: "I cannot find words to express my appreciation of what your remedy has done for my son. It changed despair into hope within two weeks after he began taking it, and without any doubt in my mind, it saved his life. I wish to add my endorsement to every word of his testimonial." (Signed) REV. J. J. COWLES, Pastor Presbyterian Church, Eckman's Alterative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. Ask for booklet of cured cases and write to the Eckman Laboratory Philadelphia, Pa., for additional evidence. For sale by all leading druggists and Mcintosh, Ford & Co. Waynesville, N. C.
