

**An Honest Man.**

One day a fire broke out near a large menagerie at Moscow. As it was impossible to save all the lions and elephants, the manager of the establishment was requested to point out such of his treasures as could be removed with safety. When he passed by the monkey cage, a big orang-outang screamed out: "For God's sake, let me out! I never was a monkey until I came here. I am an honest man. Save me!"

**Scavengers of Importance.**

Next to the bowels, or rather in conjunction with them, the kidneys and bladder are the most important scavengers of the system. They purify the blood and carry off its refuse, preventing rheumatism, dropsy, Bright's disease and diabetes by their active cleansing work. Hostetter's Stomach Bitters, when the kidneys evince a tendency to relax the activity of their important function, renews it, and thus averts renal maladies, the most difficult to cope with, and which superinduce a frightful loss of bodily tissue, stamina and flesh. When the renal organs exhibit the slightest symptoms of inaction, they should at once receive the needful stimulus from this safest, surest and pleasantest of diuretics. Chills and fever, dyspepsia, constipation, liver complaint and debility are also remedied by it.

A secret is safe in the bosom of a friend—if he is a dead friend.
