James Dalrymple.

STREET COMMISSIONER—J. A. McIver.
CLERK—Col. A. A. F. Seawell.
TOWN MARSHAL—John W. Macemore.

COMMUNICATIONS.

[Correspondence of the LEADER.]

BROADWAY.

The rye crop, though on the thin
order, is exceptionally good. We
counted the grains in a number of
heads Saturday, that contained from
76 to 80 grains each.
Our friend Henry Faucett, of Sum-
merville, was here Saturday.

Did the man who rode the borrowed
mule to see a sick mother get back
safe?
The greater part of the cotton here
has been chopped, the stand is good,
and the plants vigorous and strong.
We would suggest to our friend, Mr.
Watson, to have the field near his store
chopped as many will suppose it to be
his, and besides, if something is not
done for it soon, the Supt. of farms
will know of its condition.

The farmers generally are well up
with their work and in excellent spir-
it. And our turpentine people are
buttering both sides of of their bread,
and chewing 50 cent tobacco.

FAIR HAVEN.

We had such a rain last Monday,
28th, as the old darkey prayed for, a
"gully washer and trash mover."

We are still struggling with "Gen.
Green;" have increased our forces, and
expect to conquer him soon.

Harvest almost here. Guess there
will be two-thirds of a crop, in this
section.

Miss Cora Womble is visiting friends
in Chatham.

Mr. R. G. Glenn, of Greensboro, was
here last week, looking after interest
of his property.

Mr. Fletcher Stewart (who lives near
Jonesboro) was up a few days ago on
a business trip.

Chas. Foushee, colored, has been
appointed census enumerator for this
(Deep River) township.

Rev. D. C. Geddie organized a mis-
sionary society, at Fair Promise, last
Sunday May 25th, with 30 members,
divided into three classes, as follows:
1st class to pay 5 cents per month; 2d,
3 cents per month, and 3d, 1 cent per
month. The following officers were
elected: J. S. Maness, president, C. H.
Womble, treasurer; M. E. Street, sec-
retary.

Born, May 25th, to Thomas and
Mary Yow, a son.

Cape Fear Township.

In our section, 18 farmers report
267 acres of cotton this year, 224 last
—increase of nearly 20 per centum.
I think they have about the same
acreage of corn. Crops are in tolera-

bly good condition, and looking right
well. We had nice seasons, 26th and
27th of May.

Mr. D. N. McLaughlin, our new
pastor at Salem, preached an able and
impressive sermon there, May 25, to a
good sized congregation. The Salem
S. S. is doing well. Juniper Baptist
S. S. has 65 enrolled, and is working
for 100.

Rev. Dr. Mack will preach at Salem
2d Sunday in June, and there will be
communion services then. He also
preaches Friday night and Saturday
preceding. Let everybody come and
hear this able and impressive divine.
R.

Egypt.

The Egypt & Osgood R. R. Co., have
a force of men busily engaged cutting
cross ties for the new road, and are
having a very large, heavy locomotive
built for their use, by the Baldwin car
works, which will surpass any in use
on the C. F. & Y. V. road. They in-
tend to have the road ready to use by
Sept. 1st, if it is possible to have it
completed that soon.

For steady and efficient workers, the
potato bugs are not to be outdone by
any Moore county bugs, unless it is
after they have had a meal on paris
green, and then we think they let up
on operations for a few days.

We have heard of a snake and fish
story, that is pretty good for size, and
so large we haven't time to tell it, for
fear some might not believe it, i. e.,
the snake and fish, (not the story) is so
large. It does not take long to tell
that part.

Joe Thompson, a colored man, met
with a very serious, if not fatal, acci-
dent at the mine, on Friday last,
caused mainly by his own carelessness,
while working a breast of coal.

Miss Waite, secretary of the Coal
Co., has just received a fine looking
black dog, from Philadelphia, which
weighs about 150 pounds.

May 26th, we had the first real soak-
ing rain that has fallen in this place,
for over five months; it is a great help
to farmers about here.

We recently examined what is a
great novelty, as well as a wonderful
curiosity to most people about here.
On the Coal Co's grounds, is to be
seen some fine Japanese buckwheat;
and in all our travels, through the
grain growing sections of this and
other states, we never saw such solid
heads of grain on buckwheat as we
saw there. It is well worth a visit to
the garden, just to see this new grain;
we believe farmers could grow it to
their advantage here, as well as far-
ther north.

Cotton is looking well at this writ-
ing.

SPOUT SPRINGS.

Notwithstanding this is a very healthy
village, lots of us need the attention
of that genial gentleman, Dr. Fergu-
son, of Cameron. His pleasant face
seems to dispel common complaint.

Mr. Reader has been quite sick, but
is slowly improving.

Messrs. O'Hanlon, Hines, Fairly,
and Cameron, visited Cameron, on
yesterday.

James C. McDiarmid paid us a short
visit, to-day.

Mrs. E. L. Pemberton and the babies,
and Miss Kate Fairly, are visit-
ing Mr. and Mrs. M. McD Williams.

From what our boys say, Jonesboro
almost out did herself, on the occasion
of the commencement. I wonder
which ones of the girls, they were look-
ing at, while there.

After the shower, last week, the
crops and woods were looking their
best.

Your correspondent paid the county
seat, Lillington, a flying visit recently,
via Summerville, and must say that I
am surprised to see the condition of
crops. They are all remarkably fine,
and clear of grass. With good show-
ers, during June and July, the pros-

pect for good crops is splendid. Mrs.
Cresswell left for Maxton, on Saturday.

The planing mill is fast nearing
completion.
The siding will be ready by Satur-
day, then look out for some quick work,
if the machinery arrives promptly.
WYNESLEE.

Summerville.

The prospects for a large attendance
at the picnic to be given at McArtan's
mill, Friday, June 6, by the Summerville
High School, are good. The closing
exercises of the School will be held
the preceding night, and in addition
to the regular school exercises, the
ladies of Summerville have ar-
ranged a splendid musical programme
for the occasion. Miss Mary McKay
and Miss Alma Fleming, who are vis-
iting relatives here, will take promi-
nent parts in the musicale.

Rev. Neill McKay D. D. a member
of the Board of Trustees of the Uni-
versity of North Carolina, has gone to
Chapel Hill to attend the commence-
ment exercises, and also the meetings
of the Board. He will be absent
about a week.

This is "First Monday" at Lillington
and there is a large number of people
there. The magistrates are in session
and are about to ballot for County
Superintendent of Public Instruction.
Commissioners are also to be elected,
and other matters pertaining to the
County will be disposed of. Will send
proceedings in my next letter.

There was a large crowd at the
Presbyterian church here, yesterday.
Rev. Neill McKay D. D. preached an
excellent sermon, taking for his sub-
ject "giving." MORE ANON.

Tax Listing.

Cape Fear township appointments.
Broadway, June 2d; Lawrence & Co's
Mill, June 4; Henry Luther's, June 6;
Joe Gunter's, June 23, 8 a. m. to 1
p. m. Broadway, June 23d, 2 to 6 p. m.
Please be prompt and thereby save
costs and further trouble.

D. R. McIVER, List Taker.

Tobacco.

Plants are reported to be in fine
condition, never better, hereabouts, at
this season.

The prospects are encouraging for a
fine crop; and when it is seen that
Danville has sold about 1,000,000
pounds less than last May, the outlook
for good prices is not bad, it being
presumable that there has been a pro-
portionate falling off in other markets.

The fly is beginning to be quite
troublesome, taking advantage of the
brightly illuminated nights. Cobalt
is coming into requisition. We see it
stated that tobacco at Florence, S. C.
is nearly big enough to top, and will
be ready for market the first week in
July.

Forecast of Weather.

According to the signs which are
infallible, the weather for the next
week will be as follows:

Thursday—More or less clouds in
the east or west until noon, after which
the sky can be seen, and the sun will
shine, unless prevented by clouds ob-
scuring it.

Friday—Cooler in the early morning
than at mid-day, provided the weather
be fair. It is possible that the heat
of the afternoon will be somewhat dis-
sipated as the night advances.

Saturday—If the sun can be seen at
its rising, it will continue to shine for
some time, at least. If, however, it
be obscured at that time, it may fairly
be assumed that it will continue cloudy
until the sky can be seen at all points.

Sunday—There will be no danger in
going to Sunday School and church.
Your own observation will teach you
whether to take an umbrella or not.

A fan might be carried along for
appearance sake, if not needed for
comfort. Whether it be windy or not,
depends in some measure, upon who

preaches.

Monday—This being washing and
scouring day, storms may be expected,
either in the house or out, as it may
be. Wet will be the prevalent feature.

Tuesday—This will be a convenient
day of the the week, as ice may be
found in the morning, if you go to the
right place for it, and in the evening
you may procure water warm enough
to make tea.

Wednesday—Mild and pleasant, if
not stormy, or otherwise disagreeable.

It would hardly be advisable to wear
a very heavy overcoat, but the body
should be protected in such weather
by some kind of clothing.

The calculations are carefully made
for the latitude and longitude of
Jonesboro, and admit of no error.

The predictions are not speculative,
but based upon scientific principles,
almost as reliable as those adopted
by the weather bureaus of the Gov-
ernment.

General News.

Senator Carlisle opposes the Sub-treas-
ury bill, and gives good reasons.

Among the patents issued last week,
was one to J. A. Whiteman, Went-
worth, N. C., for a "tobacco hanger."

Col. Thomas G. Jones has been
nominated by the Democrats of Ala.
for Governor. He seems to be very
popular.

Terrible R. R. accident at Oakland
California. Many lives lost. The en-
gineer and fireman have disappeared,
fearing to face the people.

During the past year, the Odd Fel-
lows in Illinois have received 1797 ac-
cessions, besides 1878 new members of
the Rebekah lodges. They have paid
out for relief \$107,400.

The North Carolina Conference of
M. E. Church, South, has been divid-
ed, and a Western N. C. Conference,
established. It seems that the ques-
tion of division has been agitated for
some time.

Memorial services were held on May
30th, at the tomb of President Garfield
and the monument to his memory was
solemnly dedicated. President Harri-
son, and a number of other notables
were present.

Every exchange contains some refer-
ence to McClammy's tariff speech, and
to his bill, which is intended to take
the place of the Sub-Treasury bill.
All the comments we have seen are
favorable, and reflect much credit upon
the gallant Major.

The State Medical Society met last
week in Oxford, and was well attended.
It is said that 75 physicians were lic-
ensed. Dr. E. P. Snipes, of Jones-
boro, and Dr. J. E. Caveness, of Sanford
were present a portion of the time,
during the deliberations. They are
both members of the Association. The
address of Dr. J. A. Hodges, of Fay-
etteville, has been highly spoken of.
Dr. W. A. Hammond, of Washington,
was present and read a paper. Dr. R.
H. Lewis, of Raleigh, was elected
President. Asheville was selected as
the place of next meeting.

As a lady entered a crowded street
car the other night, an old man hold-
ing a little boy on his lap, arose and
offered her his seat.

"Oh no; keep your seat, I thank you,"
replied the lady, "and hold your boy."
"Oh that's different," replied the
old man, who was slightly deaf. "I
had to stand up five days once, myself,
with a boil. I am sorry for you."
And he resumed his seat amid the roar
of laughter which followed.—The Mac-
Eye Budget.

Benj. Harrison heads the list of con-
tributors to the proposed memorial
from America to France with the large
subscription of one dollar. If the ser-
vice pension bill becomes a law and
he draws his eight dollars a month he
can do better.—Star.
Ah! but will he?
