COMMUNICATIONS.

[Correspondence of the LEADER.]

Chafin.

Association has come and gone, and left its many pleasant recollections to cheer us in after days. The young people enjoyed it immensely and we older ones enjoyed it much also, but in a different way.
Mr. J. R. Wilson's daughter, Sarah, is quite sick with fever.
Mr. S. R. Patterson has returned from Lillington, where he has been making his home the past year. Every body is glad to welcome him home again.
Miss Ada L. Wicker, who has been visiting her Aunt, Mrs. Brown, at Chafin, departed for home yesterday. All were delighted at her visit. Hope she will favor us with another visit in the near future.
Miss Mary E. Patterson, who has been visiting friends at Buie Creek, returned yesterday.
Mr. S. M. Page has returned, and will open his school to-day.
Mrs. Floyd's son, H., broke his arm by falling from a fence last Thursday, but is doing well at present.

Bingham School.

MR. EDITOR:—News is very scarce. Wheat and oats are looking well now, and the farmers are in good heart, as they are looking forward to a happy time when they will have their garners filled.
There is a young man up here, who says he cannot be satisfied with less than eight nights in the week to go to see his girl, and he also says that if there are any girls down in Moore who want a "feller" that will come often, for them to address the writer, as I have given him authority to give full particulars.
Hunters are having a "fat time now" as the birds are free and plentiful, and hares, looking up a warm home, very often get into a house with a drop door.
The school boys seem to be in good heart now, as they have several of the timid creatures in their possession, and their desire seems to be to see which can win the race.
Rev. L. L. Johnson preached the funeral sermon of Paul McCracken, last Sunday. A young man of fine talent has passed from the "stage of action." Two of our boys had a skirmish with two darkies last Monday, which resulted in the "nigs" being licked, and one of the boys receiving a bloody jaw.
A school boy was heard remark that "it would be 'orful' funny if the indians were 'bout here and we had to fight 'em."
There are a good many boys here from Texas, and they know how to "ketch" a "feller" by the head and legs with the lasso.

BE-GOOD-TO-ME.

BROADWAY.

The school at this place has opened under flattering prospects with Miss Ella Brooks as teacher.
Sunshine and shadow are now chasing each other so fast that we dare not say what the weather will be an hour hence.
Married at Broadway, on the 6th instant, by M. M. Watson, Esq., Mr. H. C. McNeill, of Harnett county, and Miss Bettie Womack of Broadway.
At the residence of John B. Buchanan, on the 10th instant, by M. M. Watson, Esq., Mr. W. D. Dicken and Miss Rosa Bell Buchanan, all of Moore county.
Mr. Junius K. Bolin, of S. C., is on a visit here. He will return home on Wednesday next.
—Itch, mange and scratches, on human animals cured in 30 minutes by Woodford's Sanitary Lotion. This never fails. Sold by E. P. Snipes & Co., druggists, Jonesboro.

General News.

A railroad is in prospect from Lexington to Lynchburg.
Money is easy in New York. So it is here, none moving.
The President of Peabody Institute is dead.—News-Observer.
It is said that Parnell will not be the next leader of the Irish Parliamentary party in Parliament.
About five thousand hatters are idle in Danbury Connecticut. For what cause, might well be asked.
W. T. Blackwell, we are informed, has finished paying the one hundred cents on the dollar of his indebtedness.
Mecklenburg is the banner county, but Catawba claims the ability and privilege of redeeming it in 1892.
Our exchanges during the past week show that every available means was used for the return of McKinley to Congress.
The News-Observer states that the politicians have settled down to a steady fight in the Illinois Legislature, for supremacy.
John D. Bellamy will represent New Hanover and Pender in the next Senate. Hurrah for the Democracy in those counties!
Mills, Robeson and Smith, of New York, have failed. Cause of failure said to be forgeries of junior partner, Albert H. Smith.
Cleveland will probably be the next Democratic candidate for President. Should he be elected, as he will be, look out, ye rads!
Raleigh wants an electric railway. Where to? Surface or elevated? Long haul, or short haul? Turn on all the light you can, even if it be not electric.
The Eastern Field Trial Association of New York, has changed its meeting place from Amelia County Va. to High Point, N. C. (Telegram from Richmond, Va. to News-Observer.)
There is danger of an Indian revolt on the Sioux reservation in the North West. Citizens are greatly alarmed at the demonstrations and sullen behavior of the tribes.
A large manufacturing concern in Massillon, Ohio, attempted to punish the Democratic workmen employed by them, reducing wages about 33 per cent. Such a course is worthy of such men and such a cause.
The rebellion in Honduras has ended. A serious crisis and panic, says the State Chronicle, have been averted and safely passed in London by the intervention of that colossal monetary institution, the Bank of England.
It is now claimed that a recent discovery made by Dr. Koch of Berlin, makes the cure of consumption possible. Medical men and consumptives throughout the old and new worlds are much excited over the discovery.
J. T. Patrick should be continued as Immigration agent, and should be made President and Secretary, one or both, of the Interstate Immigration Society. He has done noble service to the State, is untiring in his efforts, and knows not such a word as fail.
Hon. T. H. Sutton, Representative elect from Cumberland, is so far as can be learned at this writing in the lead for the Speakership of the House. The tremendous majority by which he carried his county, gives him a prestige which, coupled with his ability, perseverance and zeal, would seem to entitle him to the distinction.
Mr. J. B. Massemore leaves Monday for Pittsboro, to build a house for Mr. Nooe, manager of the Shuttle Block Factory. He regrets to leave the Messrs. Briggs and the men. The Briggses regret to give him up. He said to the Chronicle: "There is no better man anywhere than him—John Briggs." The Chronicle's best wishes go with Mr. Massemore to his new home.—State Chronicle.

Reciprocity with Cuba.

WASHINGTON, Nov. 14.—The department of State has received a dispatch from R. O. Williams, Consul General at Havana, enclosing a translation of the announcement in the official journal of the important fact that the chairman of the chamber of commerce, chairman of the economic society, chairman of the tobacco growers, and manufacturers' association, and the chairman of the board of sugar planters of Havana, have been called to the palace of instructions at Madrid, and report personally the views of these corporations upon the negotiations of a reciprocity treaty with the United States.—State Chronicle.

Terrific Explosion.

PITTSBURG, Pa., Nov. 14.—The 3d section of the Western express on the Pennsylvania railroad, due in this city at 7:30 o'clock, this morning, ran into the rear of the section between New Florence and Johnstown about 7:20 o'clock.
The second section was held up on account of a freight train wrecked ahead of it, when the third section came thundering along and crashed into the rear sleeping car well filled with passengers. The sleeping car and engine and two express cars of the third section were badly smashed. Two persons, Henry D. Minott, of Boston, and Mrs. S. H. Angel, of Washington, D. C., occupants of the sleeper, were killed outright. Two others are believed to be fatally, and perhaps a dozen seriously wounded. The disaster is the most serious that has occurred on the Pennsylvania road for a long time.—United Press Despatches.

DePew in a New Light.

Good stories about Chauncey Depew are common enough, but a recent incident is worth more publicity than has heretofore been given it.
It seems that Mr Depew and several of his brother capitalists, were speeding along in a palace car at sixty miles an hour, when the train struck and killed a poor printer, who was walking on the track. The corpse was taken on board and the millionaires ceased their merriment in the presence of death. All knelt down, and Mr. Depew offered a fervent prayer for the dead man's soul and for his family. Then, rising to his feet, he put \$200 in the dead man's hat, and collected from each of the others a handsome amount for the family of the luckless printer.
There is something practical in such christianity. In too many cases people think they have done enough when they pray for the unfortunate, but Mr. Depew is under the impression that when a prayer is backed by a little active charity the result is more satisfactory. His view of the matter is worthy of being considered by the average capitalist.—Atlanta Constitution.

A Tie in South Dakota.

PIERRE, S. D., Nov. 12, 1890.—A local paper publishes a list of the members elect of the South Dakota Legislature, from which it appears that the republicans are a tie with the Democrats, independents and fusionists on joint ballot. With the settlement of the contest the majority will vary one or two either way. This jeopardizes the return of Gideon C. Moody (republican) to the United States Senate, and will probably be the means of electing a Democrat and independent. Bartlett Tripp and P. F. McClure are spoken of as the likely Democratic candidates and Abozo Wardell as the independent.—Chronicle.

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters, so many feel they owe their restoration to health to the use of the great alternative and tonic. If you are troubled with any disease of the kidneys, liver or stomach, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c. and \$1 per bottle at McIver & Dalrymple's.

Merit Wins.

We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. McIver & Dalrymple.

The Verdict Unanimous.

W. D. Sult, druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of rheumatism of two years' standing." Abraham Harv, druggist, Bellville, O., affirms: "The best selling medicine I have ever handled in my 29 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only a half dollar a bottle at McIver & Dalrymple's.
