The Farmers' Alliance organized
a District Alliance at Fayetteville, on
Friday, March 13th. It is composed
of the counties embraced in the 3d
Congressional District. Officers were
elected as follows: Dr. McSwain, of
Cumberland, President; J. B. Oliver,
of Duplin, vice-President; C. C. Me-
Clellan, of Cumberland, Secretary.
The time of holding the County Alli-
ance meetings has been changed so
as to allow the district lecturer to at-
tend each meeting: Moore, April 10th;
Harnett, April 13th; Cumberland,
April 15th; Bladen, April 17th; Samp-
son, April 20th; Pender, April 22d;
Duplin, April 24; Onslow, April 27;
Wayne, April 30th.

The Illinois Legislature has at length
elected a United States Senator after
many weeks of abortive effort, and
many days of useless balloting.

The successful man is General Pal-
mer, who from the first commanded one
hundred and one votes, lacking only
two more to elect. It required 154 bal-
lots before a choice could be arrived
at.

The result is a complete triumph for
the Democrats, and serves to show
that time, patience and perseverance
may conquer all things.

Too much honor and credit cannot
be given to those sterling, determined,
undaunted Democrats who determined
to stand by their principles and their
choice until the object of their untir-
ing zeal had been accomplished.

And worthy of praise also, are those
two others, who though not Democrats,
voted in the end for General Palmer.
They were Alliancesmen, and threats,
blandishments, persuasions and bribes
all proved ineffectual to make them
swerve from their allegiance.

"Should wives be paid for their do-
mestic services?"

Yes, but how is it possible? The
United States mint, supplemented by
the entire wealth of all other nations,
could not recompense a good wife,
who is the mother of a family, for the
cost of ten years domestic service.
Money is but a depreciated kind of
currency for the payment of such ob-
ligations.

The first number of The Central
Times, published at Dunn, Harnett
county, N. C., with Messrs. E. F.
Young and C. K. Granthamas editors,
has been received at this office.

It promises to be an attractive and
very readable paper, and one which is
likely to succeed, unless we are woeful-
ly mistaken as to the identity of its
manager.

We heartily welcome it to our ex-
change table, and wish it all possible
success.

two men as taxes recently, 700 pieces
of copper.

There were introduced in the Legis-
lature during the last session 1610
bills, of which 930 were ratified and
are now laws.

to be informed, that Henry Watterson
favors W. R. Morrison for President
of the United States.

The Behring Straits troubles between
England and the United States have
been adjusted at last. Upon what
terms has not yet transpired.

There was a collision of two trains
of cars near Danville, Va., recently,
by which one man was killed, and sev-
eral others wounded, more or less
severely.

Wilmington is much exercised about
the approaching municipal election.
According to the Messenger, no group
of citizens can be complete without a
candidate.

—On Friday the sun ventured to
peep forth for a little while, but its ap-
pearance was made modestly, with a
light veil over its face, as if it were
afraid of its own presumption.

Bingham School will be removed to
Asheville. Negotiations have been
concluded, and a site near Richmond

sion there will open about October.

Reed is reported as saying that he
is amazed at his moderation during
the last session of Congress, consider-
ing the power he had. How long, oh
Reed, even in private, wilt thou abuse
our patience?

The Hospital Gazette thunders forth
its denunciations against tight collars.
Let us suggest a subject for its next
issue, namely, high collars, and while
treating of this subject, absolutism will
be given for intemperate expression of
opinion. Selah!

J. B. Underwood Esq., of Fayette-
ville, has invented another cigarette
machine. This one is expected to turn
out in a month as many as the boys of
the state, under 17 years, can smoke
in a year, on account of the recent re-
strictive law. Capacity 150,000 per
day.

Mr. D. F. St Clair, former editor of
the Central Express, at Sanford, more
latterly associate editor of the Char-
lotte Chronicle, is now editor-in-chief
of the last named journal. The LEAD-
ER extends its heartfelt congratulations
to its former old neighbor, and be-
speaks for him in his new field of work
that success to which he is entitled.

The New York Ledger tells of a novel
plan for coinage, suggested by Gen.
Berdan. The scheme is to make a dol-
lar of gold and silver, mechan-
ically combined, by first making a sil-
ver coin with a hole in the centre,
then pressing a plug of gold worth
seventy-five cents into the hole. Such
a dollar will pass current with the
LEADER.

Senator Ingalls dismissed his regu-
lar clerk of committee at the end of
the session of Congress, and employed
his son, Paul, in that capacity. The
significance of this move lies in the
fact that the clerk's pay continued
during recess, with no work to do.
Senator Wolcott immediately em-
ployed the discharged clerk. Bully
for Wolcott!!

Bladen, Sampson and Harnett coun-
ties compose the 14th Senatorial Dis-
trict, which is entitled to two Senators.
Cumberland county constitutes the 16th
District and is entitled to one Senator.
Chatham constitutes the 19th District,
and is entitled to one Senator. Ran-
dolph and Moore counties make up the
22d District, which will elect one Sen-
ator, as heretofore.

The Green-boro Workman is in a
quandary. He has promised in writ-
ing that a patron's subscription shall
expire Feb. 30th. To help it out, let
us suggest the plea of "aberration of
mind, caused by the shock of receiving
pay in advance." The Press Associa-
tion will no doubt assist in the defence,
and furnish a detail to serve as witness-
es as to the reasonableness of the plea,
generally speaking.

The "Zinzendorf," is the name of
the \$100,000 hotel to be erected in
Winston, N. C., by the West End Ho-
tel and Land Company. The contract
has been awarded to Messrs. Graham
Brothers, a large contracting firm of
Danville, Va. Work on this mam-
moth structure will be commenced at
once, and its completion is looked for
by the first of November next.

The 3d Congressional District now
consists of Bladen, Cumberland, Dap-
lin, Craven, Harnett, Jones, Moore,
Onslow and Sampson counties. The
4th, of Chatham, Franklin, Johnson,
Nash, Randolph, Vance and Wake
counties.

The News-Observer advocates the
erecting of a monument to the late
Julius A. Bonitz, and to this end sug-
gests that the members of the press
throughout the State interest them-
selves in efforts to secure such a sum
as may be necessary for that purpose.
A good suggestion.

From the southwest, and indeed
from everywhere, come news of disas-
ter by floods. Cities and towns are
submerged, villages and hamlets in-
undated, or swept away, levees broken,
railroad tracks washed up, vessels
lost, farms destroyed, and damage
done in every conceivable way.

From Reidsville comes to us the in-
formation that a man named Vickers
built a fine house, and after its com-
pletion, he found that the door-ways
were too small to admit the passage of
his body. But our informant neglects
to state that, in the emergency, he cut
out a hole large enough, and then pro-
ceeded to buy the front floor of a liv-
eried stable to cover the hole. This is
a fact which can be vouched for (by
somebody).

—L. J. Strickland, of Lulaton, Ga.,
says: "This is to certify that I was a
sufferer with a place on my under lip
for fourteen years, and was under the
treatment of different physicians, but
they did me no good. I had lost all
hope of being cured by medical treat-
ment. I then went to a Doctor in Fla.,
who treated them by art. After going
to him it got well, apparently, for a
while, but it returned as bad as ever.
I then concluded to try P. P. P. (Prick-
ly Ash, Poke Root and Potassium),
and after taking five bottles (pint size)
was cured. I also find it to be a good
medicine to give a good appetite and
proper digestion."
