- FOR ALBERMARLE.**  
Leaves Tuesdays & Saturdays 7 a. m.  
Arrives do do 4 p. m.

## WASHINGTON LETTER.

From our Regular Correspondent.

Congressman Timothy J. Campbell, of New York, has an abiding faith in the running qualities of Cleveland and Thurman. In fact he has \$5,000 worth of faith in their being our next President and Vice President respectively. That is the sum he has wagered with ex-Congressman Page, of California, that they will carry the State of New York next November. Unless some very unexpected change shall take place in the sentiments of the people, Mr. Campbell's chances for picking up \$5,000 may be considered as excellent.

Mr. and Mrs. Cleveland expect to attend the graduating exercises of the University of Virginia on the 27th inst.

The honor of holding the first Cleveland and Thurman ratification meeting at the National Capital is due to the Virginia Democratic association, which held an enthusiastic meeting on Friday last, when, amid the waving of red bandannas and vociferous cheering, the campaign was opened. Among the speakers were Senator elect Barbour, of Virginia, Col. Washington, Representative Outwaite, of Ohio, Hon. John Goode, and Judge Barber, of Ky. Mr. Outwaite cheered the boys up considerably by telling them of a remarkable crab-apple-tree in Ohio that has never bloomed except in the years that the Democrats have carried the State. It bloomed this year.

The House Committee on Foreign Affairs have reported favorably the bill providing for a permanent exposition in Washington to celebrate in 1892 the 400th anniversary of the discovery of America, and to be participated in by all the Governments of the three Americas.

Considering the fact that fully one-third of its entire membership is in attendance upon the Chicago convention, Congress is getting along fairly well. The Mills tariff bill has for the time being given way for the regular appropriation bills, prompt action upon which is necessary, owing to the nearness of the new fiscal year. It is hoped to get them all through in time.

With their strongest man nominated, the chances of the republican party would still have been desperate," said Representative Cox to-day, "but with one of their weakest men, as it now seems likely to be, they will simply have

no chance at all."

The President has signed the bill establishing a Department of Labor. It is said that Mr. Carroll Wright, who has been in charge of the labor bureau since its establishment, would like to take charge of the new Department.

A joint resolution has been passed by Congress, allowing all ex-soldiers, of either side, who participated in the battle of Gettysburg, leave to attend the reunion to be held on the anniversary of the battle.

During the tariff debate in the House, Thursday, Mr. Randall made a speech in favor of a protective tariff on tin plate, although not a single sheet of it is at present manufactured in this country. He was applauded by the republicans.

The investigation of the Gov't Printing Office has been concluded. Mr. Benedict came out with flying colors, as has been predicted in this correspondence. There will probably be two reports made to the House, the republicans will endeavor to so twist the evidence that they can get material enough to make a report against the present management of the Office. Not that they expect to accomplish anything by so doing, but they feel that something must be done to counteract the effect of the showing up of previous republican mismanagement of the Office which the evidence before the committee will freely draw upon in making up their report.

Indian Commissioner Atkins has resigned for the purpose of making a personal canvas in favor of his election to the United States Senate from Tennessee.

Further consideration of the fisheries treaty has been postponed until the 25th inst. The Senate judiciary committee will again take up the nomination of Mr. Fuller to be Chief Justice on the same day.

Mr. Cleveland has expressed himself to a friend as being entirely pleased with the present attitude of the democratic party upon the tariff question, as well as with the platform adopted at St. Louis.

Gen. Sheridan is again worse, and the gravest fears are entertained.

## FROM COLUMBIA FACTORY.

The corn crop is looking well. There is some sickness in town. The weather is very dry and hot.

Wheat is an average crop; oats are fine. The people are about through harvesting.

There has recently been three deaths in town; all infants. The River is getting low but the factory is running at full time day and night.

Our people of Randolph will put in a solid Democratic ticket at the election next fall.

Mrs. W. T. Harper has been very sick for a few days, but we are glad to see her recovering and able to sit up.

We are sorry to hear of the death of Mr. William Haywood, Sr., and tender our sympathies to the bereaved wife and family.

The Republicans are endeavoring to rally their forces against the day of the election, but the result will be their candidates' defeat, and the Democrats rejoicing over the glorious victory.

It is the nature of man to love beautiful things, and Columbia Factory is now made beautiful and light every night by means of electricity. The beautiful circular lamps almost compete with the sun for brilliancy and beauty.

Our little town affords about one marriage each week for the past three or four weeks, and more contemplate joining the happy bands of matrimony at an early day. E. V. Chisholm is becoming so well accustomed to the business that he has ceased to blush when he is called upon to face the happy couple and join them together. Hurry-up, Troy, you are getting behind.

## A Little Record.

Cor. VIDETTE. Messrs. Editors: If one could be surprised at anything in this day of enlightenment, and unapproachable progress, in science, literature etc., I would be surprised that the shrewd editors of the Troy "Times" would spread before its readers the effusions that emanate from some of his correspondents, occasionally. One of them wants the present system of county government abolished because, as the people can be trusted to vote for a President they ought to be allowed to vote for Commissioners and Justices of the Peace.

Did any of these scribblers ever vote for a President, or did they ever see a man that did? Besides, let them tell us how the debt of more than \$12,000 came to hang over the taxpayers of Montgomery County. Who elected the Commissioners that took "straw" bonds, and thus allowed a "straw" Sheriff to run away with about \$4,000 or \$5,000 of the people's money? Who elected the Commissioners who sat upon a mule's grand mama at the court house window and voted "aye" when the proposition was made to pay the Commissioners \$4 per day? Who elected the Commissioners who, when meat, meal, whiskey, and other indispensable necessities ran short, would forthwith call a meeting, when no public business needed their attention? Finally, do the tax payers of Montgomery desire a repetition of these scenes?

Resolved, That the course of the Democratic party, in furtherance of popular education, is a sufficient guaranty that we favor the education of the people, and we will promote and improve the present educational advantages so far as it can be done without burdening the people by excessive taxation.

Resolved, That, to meet an existing evil, we will accept, for educational purposes, from the Federal government, our pro rata share of the surplus in its treasury; provided, that it be disbursed through State agents and the bill for the distribution be free from objectionable features.

Resolved, That the United States being one government and ours a national party, we denounce the efforts of the Republicans to force sectional issues in Congress and elsewhere, and to promote dissension and ill-will between the people of the different sections of our common country.

Resolved, That it is due to the people of eastern counties, who have so cheerfully borne their share of our common burdens, that the present or some equally effective system of county government shall be maintained.

Resolved, That the Democratic party is opposed to any further extension of the "No-fence" law, unless such extension shall have first been authorized by a majority of the qualified voters within the territory to be affected thereby.

Resolved, That the Democratic party has ever been the party of the workingman, and has never fostered monopolies, nor have "trusts" or "combinations" or "pools" ever grown up under laws enacted by it. The contest in this country being between aggregated capital, seeking to crush out all competition, and the individual laborer, the Democratic party is, as it has ever been, against the monopolist and in favor of a just distribution of capital, and demands the enactment of laws that will bear equally upon all.

Resolved, That as all taxation bears most heavily upon the laborer, it is the duty of every legislator, as a direct benefit to the workingman, to keep the expenses of our public institutions at the lowest limit consistent with wise and efficient management. The Democratic party opposes any competition between free and convict labor, but it insists that convicts shall not remain idle at the expense of honest labor.

Resolved, That as our being an agricultural State, it is our duty as well as our pleasure to promote any and all legislation that is best calculated to advance the interests of agriculture; and that in so doing we will most effectually advance the interests of mechanics, manufacturers and laborers.

Resolved, That the Democracy of North Carolina, cordially approve the administration of Hon. Alfred M. Scales as honest, patriotic and conservative.

Resolved, That the ability, wisdom, honesty, patriotism, independence, faithfulness to duty and manly courage of President Cleveland have won the admiration of all good men and the interests of the country demand his re-nomination and his re-election.

must be trusted to adjust, we think the customs duties should be levied for the production of public revenue, and the discriminations in their adjustment should be such as will place the highest rates on luxuries and the lowest on the necessities of life, distribute as equally as possible the unavoidable burdens of taxation, and confer the greatest good on the greatest number.

Resolved, That we, as heretofore, favor, and will never cease to demand, the unconditional abolition of the whole internal revenue system, as a war tax, not to be justified in times of peace; as a grievous burden to our people and a source of annoyance in its practical operations. We call the attention of the people of the State to the hypocritical pretension of the Republican party in their platforms that they are in favor of the repeal of this onerous system of taxation, enacted by their party, while the Republicans in Congress are taxing their energies to obstruct all legislation inaugurated by the representatives of the Democratic party to relieve the people of all or a part of this odious system.

Resolved, That the course of the Democratic party, in furtherance of popular education, is a sufficient guaranty that we favor the education of the people, and we will promote and improve the present educational advantages so far as it can be done without burdening the people by excessive taxation.

Resolved, That, to meet an existing evil, we will accept, for educational purposes, from the Federal government, our pro rata share of the surplus in its treasury; provided, that it be disbursed through State agents and the bill for the distribution be free from objectionable features.
