Florida! Florida!!

Why go to Florida to buy sand beds at 850.00 per acre when you can buy one of the best farms in Johnston county, N. C., for \$6.50 per acre. It is situated immediately on Neuse river and the N. C. Division of the R. & D. R. R.; four miles from Smithfield, the county seat, one mile from Selma: the crossing of the Wilson and Florence Short Cut" Railroad to Florida. Contains 862 acr s-over 250 cleared; has several tennant houses. Can be divided into small farms—each fronting the railroad. No better farm for diversified farming or investment on the

81.35/a/81.60 market than this.

Tintend to sell this winter and those who mean business will call on Dr. J. W. Vick, Selma, N. C., who has plots of the land and will show the property. However, those who prefer the Florida lands can address me at this place as I have some fine bargains here nearly equal to the above
