ant at the Raleigh Asylum resigned because he was compelled to shave a crazy negro. The Democrats made ample provision for both races of this unfortunate class of our population, but provided separate buildings, as was proper. 22-INSANE ASYLUM AT MORGAN-TON-Of course this is a new expense under Democratic rule. Radicalism did not place one brick upon another i North Carolina. Democrats built th Morganton Insaue Asylum, and it stands as a monument to the devotion of the Democratic party to the duty of ameli orating the condition of the unfortunate insane. We rejoice that this is a new and an increased expense. The people never object to such expenditures public money, demagogues to the con trary notwithstanding. Radicalism left the insane to die in poor-houses and county jails while it squandered the peo ple's money; Democracy expends the money raised by taxation for the betterment and help of all the people, especially the unfortunate. 23-COLORED INSANE ASYLUM-This is a new expense. The Radical party got the negro vote. It gave the negro nothing, and promised him everything It allowed the insane of the race to die in jails and poor-houses, because i

couldn't pay its legislators \$2,100 a year, and take care of the insane, too. I chose to pay legislators big money and let the insane continue to suffer The Democratic party has made the negro few promises, but it has given im an insane asylum, a deaf, dumb and blind institute, a normal college, normal schools, and thousands of pub schools. And now Radicalism, with its load of unfulfilled promises to the negro, charges the Democratic party with extravagance because it takes care of the insane negroes in the State. Well, the Democratic party can stand such charges as long as it is doing its duty to the unfortunate of the State, and it will be upheld by the honest tax-payers. The negroes MAY continue to be hewers of wood and drawers of water for the Republican party, in spite of the fact that the Democrats have done so much for their race. They may continue to thus make fools of themselves, but the Democrats will continue their appropriations to educate and help the poor and unfortunate of their race, and it will do it at the risk of being charged with extravagance by Radicals. One of these days negroes will begin to think!

24-INSTITUTION FOR DEAF, DUMB AND BLIND-The amount is larger 35-N than under Republican rule because there is a larger attendance, and because the Democratic Legislature of 1872 ordered the erection of a building for the colored deaf, dumb, and blind. \$15,000 was expended by Democrats to build it. This was for negroes ALONE, and yet Radicals have the cheek to abuse the Democrats for "extravagant expendi- 36-6

25-INDIGENT PUPILS AT D., D., AND B. INSTITUTION—This amount was repaid to the Treasurer by the counties. 6-INTEREST ON 4 PER CENT DEBT-The money to pay this was derived from a tax on drummers, all but \$7,000 of which came from non-residents, and

from certain specific taxes, and not from tax on property. At one time there was a surplus from this particular fund the interest on the four per cent. debt. 37-This surplus was wisely invested by the State Treasurer, under the direction of the General Assembly, because, under a constitutional provision, it could not be applied to any other purpose than the interest on this debt. The saving to the State up to this time, on this investment,

is over \$50,000.

21-INSANE ASYLUM AT RALEIGH-

the Colored Insane Asylum at Goldsboro.

Both of these were built by Democrats.

Under Republican rule the whites and

negroes were all in the Raleigh Asylum.

27-INTEREST ON 6 PER CENT. DEBT-The State owns \$3,000,000 stock in the N. C. R. R., the dividends on which amount to \$180,000 per year. Under the suit, known as the Swasey suit, decided in 1874 by the U.S. Circuit Court, a Receiver was appointed in behalf of the bond-holders. The Receiver received these dividends and disbursed the same in the payment of the interest on the old bonds. The bonds having been redeemed under act of 1879, these dividends, under an amended decree of the court in 1883, are now payable to the State Treasurer, and by him disbursed to the extent of the old bonds taken up and new ones issued to the holders of the new bonds. This is not to be considered a part of the regular revenue of the State. The Receivership still existing, he receives a part and the State Treasurer a part. The Treasurer only pays out what he receives from the railroad company. The Receiver pays interest on such old bonds as are still outstanding and unchanged. 28-INTEREST ON W. N. C. R. R.-This

interest was paid by the Democrats until they sold the road. The sale of the road relieved the State of a heavy yearly expense, and insured the completion of the road.

29 - INTEREST ON SPECIAL TAX BONDS—This expense no longer exists. These Special Tax Bonds, offspring of the Republicans, were conceived in sin, born in iniquity, reared upon rascality, and strangled to death by the hand of the honest Democratic party. If the Republican party had continued in power, this expense would have continued throughout all the years from 1870 to 1887, and been a 38never-ending burden on tax-payers. The Republicans issued the bonds. They were the children of Radicalism, and the father could not disown the child. The Democrats repudiated the whole issue of these Special Tax Bonds, and thus relieved the people. There is now litigation pending to compel the payment of these fraudulent bonds. If the | 39-Radical party should be restored to power, there is no assurance that they would not pay these bonds. The Democrats will ever refuse to pay these iniquitous and unjust claims. By refusing to recognize these bonds as binding, the Democrats saved the State 40-P \$681,960 a year, it being the interest alone on the face value of the issue of special tax bonds, not including accumulated interest for nearly 20 years. For lated interest for nearly 20 years. For the seventeen years, in interest alone, this saving is \$11,593,320. Every voter

ought to stick a pin here! th Re- 30-JUDICIARY-The Democrats have decreased the expenses, and they have increased the efficiency of the bench. All our judges are now men of high character and integrity. We have no ignoramuses, such as the Radicals gave ns, nor any men who sell justice, as in the days of Radical rule. Our Democratic solicitors prosecute faithfully, and in conformity with their oaths. None of them have to resign to escape impeachment, as was the case in Kadical rule. There is no brighter page in our history of to-day than the purity of the bench in North Carolina. It is the crowning glory of the State and the Democratic party is entitled to all the credit. It is not expensive. Perhaps we do not pay 43-0 our judicial officers enough. But Radical justice, so called, was dear at any price. Under Democratic rule it is never said "the Judiciary is exhausted."
