Mrs. A. G. Thurston.

Peep in the window as you pass by Link, McComb & Co. and see our new Jeweller at work, and when your watch gets lazy or crippled take it to him for repairs.

The Premium list of the Catawba Industrial Association is out. A large list of premiums is offered and all our people are asked to compete. They will be paid all they win. Come in and get a copy of the list.

The Hickory Printing Company have this week increased their facilities for doing job work by putting in \$400 worth of new material and will soon put in another job press. Their patronage has merited this enlargement and they hope to be able to continue to enlarge the office and to receive what their work deserves.

To one that writes "Tariff Reform documents come high in Catawba," we say he does not know what he is talking about and we think it becoming in a man to tend to his own affairs and not try to help others tend to theirs when he knows nothing about them. Tariff Reform documents are free at this office.

Printed by me, my lord, of gold & ink. It is a green-eyed monster, which doth suck the blood of fools on.

Mr. N. C. Browder, of Hickory, is extending the flagstone pavement on Broad street from Miller's block, where he left off about three weeks ago, to the alley on the east side of Pinkus' store. This will give us about 200 feet of continuous pavement of a sort that any town or city might be proud of. Mr. Browder has a contract for a lot of much-needed rock-work at the Court house.—Landmark.

The sad news of the failure of J. B. Connelly, Clerk of the Superior Court in Iredell, comes from Statesville. His liabilities are reported at \$30,000, for the settlement of which he has assigned all his property. The Landmark says his ruin has been brought about by security debts and by unfortunate investments. He had invested a large lot of money in property which has yielded no income, and has within the past few years paid \$9,500 for other people.

Yellow Fever In Goldsboro.

About the time yellow fever appeared in Jacksonville, Fla., a man named Wiggs from that place arrived in Goldsboro and was taken sick. He was taken into the country and quarantined, but the news went abroad about the fever in Goldsboro, and Newbern has quarantined against all communication with Goldsboro. In a case like this you must go from home to hear the news, and out of Goldsboro the news is abundant and alarming, but all is calm and confident there. There is no fever there. The Argus, in the purest ridicule, and with that variety of type found only in a well-stocked printing office, gives a "Graphic Description of the Ravages of Yellow Fever, as gathered from a reliable source," and asks the News and Observer and Newbern Journal to copy.

We have looked over the "description and very much enjoyed it, but we have not yet figured out the list of dead and wounded. We shall preserve it in our scrap book for posterity. It is good for dyspepsia.

A Rash Conclusion.

Some one has told the Lenoir Topic man that our mail-carrier between the Depot and Post-Office is a colored man, and because the Lenoir mail don't go up on the mid-day train, he (the Topic man) has jumped to the conclusion that our fellow-citizen, and U. S. official, cannot read. You are mistaken, brother, our man can read. The reason you don't get your mail by the day-train, is because your little train don't wait the arrival of the Western train here. There has been lots of "cussin'" here this summer because the Lenoir train had left just a few minutes before the "cussers" got here.

Low Rates to Morehead City.

The railroads will sell round trip tickets at about 1 1/4 cents per mile from all stations, to delegates and others attending the Convention of Democratic Clubs at Morehead City August 29. Tickets will be sold on the 25, 26 and 27, (not after) and be good going or returning until September 3. The Atlantic Hotel has reduced rates of board for this occasion to \$1.50 per day. The convention is expected to be full.

CATAWBA INDUSTRIAL ASSOCIATION

Will Hold Their Annual Fair at Hickory, North Carolina, September 18, 19, 20, 21, 1888.

THE OLDEST Fair in Western North Carolina and the largest exhibit of stock. Farm products and manufactured articles of every description will be on exhibition at the Fair Monday.

The Secretary's office will be open at 9 o'clock, when all entries made under the rules and regulations will be assigned to their proper positions, Tuesday.

FOWLE and DOCKERY will meet in joint debate on this day, and at 12 M. the Fair will be declared open by the President, J. G. HALL, attended by the Vice Presidents, Marshals, and the Military Opera Band. All exhibits must be entered before 3 o'clock on this day.

Wednesday—A grand re-union of soldiers of North Carolina, who will be addressed by Senator RANSOM.

Thursday at 3 P. M., one of the most prominent men of Western North Carolina will be married to one of the handsomest young ladies in the State. Also a tug of war—Burke county against Caldwell county,—and address by Senator VANCE.

Friday—Premiums paid in cash at Grand Stand, 11 A. M., address by Judge R. T. BENNETT. Free sale of live stock and other articles of exhibit at 2 P. M. Grand cavalcade of stock and trotting and running races, and many other field sports each day.

Membership tickets \$1.00, which admits four days, and makes all entries free. Single admission 25 cents. These prices are only half of other fairs.

A large crowd will be on hand, and a good time is expected.

S. E. KILLIAN,
SECRETARY.

We have received the "Hand Book of N. C. Politics" issued by the Democratic State Executive Committee for 1888. It is full of solid facts and sound arguments against the Republican and in favor of the Democratic party. Every Democrat should secure and read it.

The Democratic nominations for the Legislature so far are generally strong ones. The Democrats seem to be alive to the necessity of putting out strong men in order to insure a full vote for the State and national tickets.

The Catawba Industrial Association will meet in the Town Hall in Hickory, Sept. 25, at 1 o'clock sharp to transact some important business. Let everybody that is interested be present.

S. E. KILLIAN,
Secretary.

A fifty mile gale unroofed houses, blew down telegraph lines and fences, and destroyed boats in New Orleans last Saturday and Sunday. The rice and sugar crops were badly damaged.

Seagle Bros. carry at all times a complete stock of Ladies, gentlemen, and childrens shoes. They are constantly receiving all the latest styles. See them.

In his speech Saturday night, Mr. Walker contradicted the statement going the rounds that he was Republican or that he was paid \$1000 to canvass the state.

Durham had a \$40,000 fire Sunday night. Twelve houses, including Osborne's and Robt. Jones' tobacco houses were burned.

You Must Pay Us.

Those who have paid for this paper need not read this notice. It is intended for delinquents only. It costs about \$25.00 a week to run this office, and it has to be paid in cash each week. It costs just as much to send the paper to one who don't pay as to one who does, and it don't help us to be informed that a man is good for his debts when he don't pay us. Promises won't buy paper and ink nor pay the printers' weekly wages.

We will take cash, chickens, corn, wheat, potatoes, wood, bacon, beans or rags in payment for what you owe us, and if you don't intend to pay in anything please let us know it. From this time on we shall follow the cash-in-advance system. We have \$5000 invested in this office and a well established intention to continue in the business. You risk nothing in paying us for the paper in advance, while we have more than \$1200 of slow and desperate accounts to admonish us against further following the credit system. We are compelled to apply the cash rule to some, and to be impartial we will apply it to all. All who do not pay up by the first of September will be struck off the list and their accounts put out for collection. We regret very much to be driven to this course, but we must collect what is due us or stop the business. We have run a newspaper now nearly eight years for fun and glory, and are now compelled to get some pay out of it or go at something else for support. Read and heed.

Drowned 105 in The Sea.

The Danish steamer, Thingvalla, ran into the broadside of the steamer Geysir, at sea on the 14th inst., literally cutting her in two, causing her to sink in five minutes, taking 105 human beings to watery graves. The collision came about daylight, while the passengers were quietly sleeping and only a few were saved. There was no fog, the vessels could be seen a distance sufficient, at least to have softened, if not to have avoided the crash, and there seems no other excuse than a proper exercise of care.

In the interest of human life it is about time to hang all managers of steamers and trains who survive collisions, made under such circumstances. The lives of men, women and children seem of no greater value than of so many cattle.

Wanted

Two men, one from Burke and one from Caldwell, to act as captain in the "tug of war," for which there is a premium of \$10 offered at the Hickory Fair. Any one desiring to act will please write to S. E. Killian, Sec., Hickory, N. C.

At the last term of Iredell Superior Court James P. Woods, a practicing attorney, has been convicted of forgery and sentenced to three years in the penitentiary. He has taken an appeal to the Supreme Court. His license has been taken from him. Served him right.

Three negro prisoners overpowered the jailor in Wadesboro last Sunday night, took his pistol and fought their way out of jail. Two men who came to the jailor's aid were seriously injured, one it is thought fatally. One of the negroes was captured but two escaped.
