If the Newton Fair expects to make success of itself by slandering other fairs and other towns it will shortly meet its Nemesis.

Do not forget the tried, true and substantial firm of Link, McComb & Co. when you come to the city. They pay the highest market price for produce.

The man with the show of 200 living curiosities signed a contract with the Hickory Catawba Industrial Association to exhibit his show at no other point in Catawba county than Hickory.

A number of subscribers have come and paid \$1.50 and got a ticket to the Hickory Fair. The indications are that it will be better attended than ever before. Come gentlemen, or ladies, and get your ticket.

If you will examine the premium list of the Hickory Fair you will find that it is not made up for the benefit of only one pedigreed-beef raiser. It is a list for the public. Premiums are not offered for things that are not in this country.

The Captain Speaks.

In last weeks PRESS AND CAROLINIAN there appeared an anonymous communication from "Possum Holler," which has been replied to partially by Capt. R. P. Reinhardt, of Newton.

From last weeks Enterprise, we clip the following:—

THE POSSUM HOLLOW EDITOR.

To the Editor of the Newton Enterprise.

The Possum Hollow editor of the PRESS AND CAROLINIAN asks: "Is it true that for one dollar I can attend the fair four days and make all my entries free? I am told that all the other Fairs in the county charge you ten per cent. of all the premiums you win and that the Hickory Fair gives the whole premium. Give me a strait tip on this business."

[In the above paragraph the Newton fair is not mentioned but Captain Reinhardt takes it up, and we wish to ask him for G. W. & father, if the premiums won last year were not shaved 10 per cent? A season ticket allows you to make all entries—except in speed classes—free, at the Hickory Fair.—EDITOR.]

The Captain further remarks as follows:—

"The Hickory Fair was run square last year and every premium was paid and it is the only fair in the county that did pay all the premiums won."

There you have been maliciously imposed on again. The Newton Fair paid every premium.....

After making a few other remarks the Capt. closes.

Now then about that last clause we wish to remark that someone has handled the truth very recklessly. Now we did not desire to bring this to light, but it has been forced upon us in defense of the Fair. How about the premium won by J. W. Garrison, of Morganton? Did not the Secretary promise him second money if he won? Did he ever get any of his winnings? Unless it has been paid very recently and unless our informant is off, and we don't think he is, it has never been paid.

It is our opinion that our Possum Holler man was correctly informed.—EDITOR.]

Get Ready.

Only twelve more days till the oldest and most reliable fair in W. N. C. will commence and last four days.

Never has there been such fair promises of a grand success.

This is the FARMERS fair, and the farmers are going to turn out in full force and make a display of their products, such as has never been seen.

As to fine blooded horses—there will be more on exhibition here than ever before or than can be seen at any other fair.

Great pains are being taken in making the floral hall and farmers hall present appearances not to be equalled and every thing is being done to insure success and a good time to every one

Your Last Chance.

All who settle in full by Oct. 15th, and bring us in a new subscriber, may have this paper a year for one dollar. We make this offer to induce delinquents to square up and get on the cash basis.

We admire the forethought the Enterprise used in saving his mud till a time when it thought the Newton fair would be under full sway before we could get out another issue of this paper.

We call attention to the advertisements of Dr. J. H. Daniel, of Jonesboro, N. C. He has shown us numerous recommendations as to his professional standing and makes a fair offer to those desiring his services.

Commissioners Meeting, Sept. 2.

M. L. McCorkle was allowed as agent for M. P. Pegram to list 120 acres of land valued at \$700 and was released from double tax on the same for 1889.

F. L. Cline was allowed to list 162 acres of land as agent for S. Wittkowsky, valued at \$900, and was released from double tax on the same.

Andrew Wilson was allowed to list his property for taxation, and relieved of double tax on the same.

M. J. Rowe filed bonds for State county and school taxes for 1889, in the same \$47,000 with approved securities.

Susan Miller was declared a pauper and allowed \$1.50 per month for her support.

The allowance for Solomon and Polly Hart was ordered to be paid to J. U. Long for their use from date.

A petition was filed by citizens of Jacob's Fork township asking an order for a jury to change the Shelby road at Capt. Beck's, so as to run with the old ridge road to G. M. Yoder's field.

The amended report of the jury ordered to lay out a public road from P. L. Jones' to Hall's, on the road leading to Catawba, was considered, and, owing to some dissatisfaction on the part of some of the land owners, the report was set aside and the jury discharged and a new jury ordered to lay out the road, and report to the Board on first Monday in October next.

Geo. Fry was declared a pauper, and allowed \$2.00 per month for his support from date.

A. C. Boggs was allowed to list his property for taxation and was released from double tax on same.

N. F. Hicks was exempted from poll tax for 1889, on account of physical infirmity.

R. L. Gilbert was exempted from poll tax for 1889, on account of poverty and infirmity.

W. L. Lowe was exempted from the license tax in two entertainments at a concert in the town of Newton for charitable purposes.

M. L. Carpenter was allowed to peddle goods, wares and merchandise in the county at reduced rates of tax, he being physically unable to make a living by labor.

The contract for re-covering the old court house was awarded to Geo. W. Setzer.

Bids for rebuilding the bridge at Cloninger's mill will be secured at the office of the Board, on or before the first Monday in Oct. next. Bids will also be secured on a contract for refitting the old court room and for bar trimmings &c., in the new, at same time.

There seems to be more than one son of George Washington. One of them has widely departed from the precepts of his father and handles the truth very recklessly. If we owed the devil a thousand liars and he would not take this one in payment for the whole debt we should repudiate it.

Asheville Light Infantry.

The Asheville Light Infantry, of Asheville, N. C., at their regular meeting last Friday night by popular vote decided to come to Hickory on Tuesday of fair week and take part in the exercises of the fair on Wednesday and Thursday.

It will afford the people of Hickory great pleasure to welcome the A. L. I., and this company in full uniform on parade and the H. M. O. B. in full uniform will make things lively and entertaining. You can't afford to miss such a sight, so come to the fair.

A Forgery.

To the Editor of the Newton Enterprise.
POSSUM HOLLER, Sept., 5th, '89—The PRESS AND CAROLINIAN in this week's issue forged our names to a letter of his own get up.....
Very Truly, etc.
GEO. WASHINGTON'S SON

We clip the above from what is supposed to be a communication to the Newton Enterprise from Possum Holler, under the above assumed name.

The rest of the communication we omit, as it has no connection with what we wish to say and as it is made up of vile and venomous slander of the Farmers' Fair to be held at Hickory on the 24th, 25th, 26th and 27th inst.

The man who claims to be George Washington's son, it seems is devoid of all principle, in that he would write such an article, stating that his name had been forged, and not have the courage to sign his real name. Whoever he is we demand his name, and brand him as a liar and blackmailer as to the above charge of forging his name to a letter of our own get up. The letter in our last issue was communicated to this paper and now if the gentleman who wishes to malign the Hickory Fair or this paper has any thing further to say let him say it over his own name.

We do not know where Possum Holler is but it must be near to Newton. Our paper left here Thursday morning and got to Possum Holler in time for a communication to be sent to the Enterprise that evening.

If it is in Newton we would like to know it and would also like to know who is the biggest dissembler in America.

The attack was altogether uncalled for and when an editor so far forgets the dignity of the editorial chair and the first principles of gentlemanly conduct, as to publish over an assumed name, an article so full of venom, slander, and falsehood, as did the editor of the Newton Enterprise last week, he should be sneered at by all lovers of justice. Mr. Enterprise we hold you responsible till you give the name of your contributor.

We Are on the Defensive.

Hickory and the PRESS AND CAROLINIAN are at heart friendly to every body but there are some very small people and some very small papers, with much smaller editors, residing in very small towns who seem to delight in airing their petty jealousies on all occasions and placing themselves in antagonistic attitudes, when really there is no cause for it. We don't like to quarrel but at the same time we don't like to be imposed upon and slandered by people of the 22 calibre stripe.

Our patience may give out one of these days.

Dr. J. H. Daniel's Announcement.

To satisfy and assure the public of the good faith, on my part, I will treat any patient in my specialty, upon their depositing with the Bank of Hickory, at Hickory, N. C., the sum of my fee, charges to be paid over to me upon a cure of their case being effected by my treatment.

Respectfully,
J. H. Daniel, M. D.

Look at the head of the editorial page. Some men have read this paper nearly two years and not having paid for it say they did not know it was \$1.50 a year.

The business agents, at their meeting in Newton last week, adopted an Alliance Cotton Platform, at Newton, tendered them by J. R. Gutter and other business men of that place.

Advice to all Alliance men, hold your cotton, and don't get alarmed about the Liverpool exchange not going to make the proper deduction for tare on cotton bagging, let us co-operate together, we have another combine by the throat, "the gamblers in futures," who have our cotton priced and sold before it is made.

H. A. Forney, County lecturer, and Deputy organizer, requests all who wish to organize, or hear a speech on the alliance to let him know.

A 13 YEAR OLD GIRL.

Elsewhere in this issue you will find an advertisement of a sulky barrow cultivator, etc. This is not the sulky plow. You know more about the value of such machines than we do, and if you want one, examine it closely and if you think it worth the money buy it, if you can pay for it—but don't give a mortgage on your crop or your horse or your farm for it. We say you are the one to use it and as yet we know nothing of it, but you should be able to tell its worth when you see it.

Get of Piedmont Wagon Co. an elegant Road Cart Harness—Warranted—in any fancy pattern of Davis Rubber or Nickel—fancy or plain. Price \$20; sold everywhere at \$25. *It.
